Applicants for all programs may attempt the Wonderlic a total of three times (only twice on the same day) and, when required, the Health Education Systems, Inc. (HESI) A² entrance assessment a total of two times. If the minimum score is not met, the applicant must wait six (6) months before retesting.

Nursing Program Candidates must meet the minimum overall HESI A² assessment score listed above. In addition, any candidate who does not meet the minimum overall score on their first attempt must repeat the entire exam. Attempt of individual HESI exam sections is not permitted for Nursing Program Candidates. A candidate is permitted a total of three attempts to successfully complete the HESI A² exam at no cost. Each additional attempt at the exam will be charged to the candidate at \$50 per attempt.

All students must complete the Online Readiness Assessment.

All previously completed HESI assessments from Concorde, or another institution will be accepted at Concorde's approved acceptable minimum scores if completed within two years of enrollment. In addition, assessments from other institutions must not have been taken within 30 days of enrollment.

The Wonderlic SLE requirement may be waived upon receipt of documentation of any of the following:

- SAT score of 1000 or above achieved within five years of the date of application to Concorde.
- ACT score of 19 or above achieved within five years of the date of application to Concorde.
- Official proof of successfully passing the Wonderlic SLE within the last two years at the current required score.

The HESI A² requirement may be waived:

- The student is applying to a program for which the HESI A² is not required for waitlist rankings.
- The student provides official proof of earning an Associate's or higher degree that was taught in the English language. Applicants with an approved HESI A² waiver must still take the Wonderlic SLE and meet the minimum score.

Clinical Programs

Prospective clinical students will sit for the Wonderlic SLE. Prospective students applying for clinical programs that lead to board exams and/or licensure who meet the initial Wonderlic SLE acceptable minimum score will be required to take the HESI (excluding those exempted above). Candidates for these programs must achieve the minimum composite score to move forward in the admissions process.

Those meeting the Wonderlic SLE minimum score requirement and HESI minimum score requirement will be placed on a waitlist, if applicable. The list will be sorted high to low based on the current waitlist criteria. Students will be selected from the waitlist and notified at least two weeks before the start of the program.
