Student Affairs 120
Surgical Technology Program 120
Vocational Nursing Program 120

History of the School

Extended Home Health Education (EHHE) was founded in 1991 by two home health nurses. EHHE was approved under the Texas Department of Health in 1991 and began training Home Health Aides in the Dallas/Fort Worth area. In June of 1994, EHHE was approved by the Texas Department of Human Services as a Nurse Aide Training and Competency Evaluation Program.

Extended Home Health Education became incorporated in August 1995, and in January 1996, EHHE, Inc., began operating under the D.B.A. of Extended Health Education (EHE). Also in 1996, EHE was approved by the Texas Workforce Commission. Institutional accreditation from the Accrediting Bureau of Health Education Schools (ABHES) was received in 1998.

Expansion of educational programs continued in 1995 with the Medication Aide program, in 1996 with the Vocational Nursing program, and in 2002, with the addition of the Medical Assistant program.

In July 2001, EHE was approved by the U.S. Department of Education to offer Title IV financial aid assistance to students. On August 22, 2002, EHE was acquired by Concorde Career Colleges, Inc. The name changed to Concorde Career Institute in 2003.

Institutional accreditation from the Accrediting Commission of Career Schools and Colleges (ACCSC) was received in December 2012.

The campus location moved from Arlington to Grand Prairie and changed its name to Concorde Career College in spring 2014.

Location & Contact Information

Concorde Career College is located at 3015 West Interstate 20, Grand Prairie, TX 75052; Phone: 469-348-2500; Fax: 469-348-2580; www.concorde.edu. Class sessions are held at this location, with the exception of clinical/ externship activities.

Our Mission Statement

Concorde prepares committed students for successful employment in a rewarding healthcare profession through high-caliber training, real-world experience, and student-centered support.

This is Our Mission, our North Star, a guiding light that defines and illuminates the course to our future and for potential students, the path to a successful healthcare career. It defines our handshake with students and establishes the primacy of that covenant. We acknowledge their commitment, the financial and personal sacrifices they make to attend Concorde. We dedicate ourselves to making their sacrifices manageable, and we commit to truly preparing them for success in a gainful healthcare profession.

Our students have set very immediate goals for starting careers. The practical hands-on learning needed to attain their goals is foremost in their minds. We satisfy their expectations by modeling our faculty, facilities, equipment, and curriculum after the healthcare field they will enter.

We know that the ultimate judge of their preparation will be their future employers. Employers expect our students to have more than just knowledge and technical skills. They are looking for integrity, discipline, team play, and the drive that defines professionals, and we accept responsibility for modeling and instilling those values. We partner with employers to ensure our programs reflect real work expectations and settings through program advisory boards, externships, and clinical rotations. Once students have completed their training, we again call on our network of employer relationships to support students in securing a job in their chosen profession.

Throughout our students' preparation, we endeavor to meet the highest practicable standards, and our faculty, equipment, and facilities reflect that commitment. We strive for superior outcomes in student satisfaction, program completion and, most importantly, career placement.

Concorde prepares committed students for successful employment in a rewarding healthcare profession through high-caliber training, real-world experience, and student-centered support.

We are Concorde Career College and this is Our Mission.

Values

The five core values at Concorde are:

- Integrity
- Collaboration
- Accountability
- Innovation
- Results Driven

Administration

Concorde Career Colleges, Inc., including its subsidiaries, headquartered at 6701 W. 64th St., Suite 200, Overland Park, KS 66202 ("Concorde"), is a national network of proprietary schools offering training in allied

health occupations. Concorde is a wholly owned subsidiary of UTI Holdings, Inc., itself a wholly owned subsidiary of Universal Technical Institute, Inc. ("UTI").

The Board of Directors of Concorde is composed of the following individuals: Jerome Grant, Chief Executive Officer of UTI; Bruce Schuman, Chief Financial Officer UTI; and Christopher Kevane, Secretary of the Board and Chief Legal Officer of UTI.

Accreditations, Approvals & Memberships

Institutional Accreditations and Approvals

- Institutionally accredited by the Accrediting Commission of Career Schools and Colleges (ACCSC), an accreditor recognized by the U.S. Department of Education.
- Approved and regulated by the Texas Workforce Commission, Career Schools and Colleges, Austin, Texas.
- Legally authorized to grant degrees, grant credits toward degrees, and to use certain protected academic terms in the State of Texas. Specifically, the school has qualified for an exemption as defined in Chapter 7.3 of the Texas Higher Education Coordinating Board's rules.
- Eligible to participate in the student financial assistance programs authorized by Title IV of the Higher Education Act of 1965, as amended.
- Approved for the use of VA Educational Benefits for those who are eligible.
- Member of the Dallas Area Chamber of Commerce.

Programmatic Accreditations

Dental Hygiene Program

The Dental Hygiene program is accredited by the Commission on Dental Accreditation (CODA) and has been granted the accreditation status of approval without reporting requirements. CODA is a specialized accrediting body recognized by the United States Department of Education. Commission on Dental Accreditation: 211 East Chicago Avenue, Chicago, IL 60611; 312-440-4653; https://coda.ada.org/.

Programmatic accreditation is required for this program in order to become licensed/certified and/or gain employment following graduation.

Neurodiagnostic Technology Program

The Neurodiagnostic Technology program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP), 9355 113thStreet N., #7709, Seminole, FL 33775-7709; 727-210-2350;www.caahep.org, as recommended by the Committee on Accreditation for Education in Neurodiagnostic Technology (CoA-NDT), 2206 Highland Ave, Morton, PA 19070; 223-666-5952; www.coa-ndt.org.

Polysomnographic Technology Program

The Polysomnographic Technology program has been awarded continuing accreditation by the Commission on Accreditation of Allied Health Education Programs (CAAHEP), 9355 113thN., #7709, Seminole, FL 33775-7709; Phone: 727-210- 2350; www.caahep.org, as recommended by the Committee on Accreditation for Education in Polysomnographic Technology (CoA-PSG), 1711 Frank Avenue, New Bern, NC 28560; Phone: 252-626-3238.

Surgical Technology Program

The Surgical Technology program is accredited by the Accrediting Bureau of Health Education Schools (ABHES), 6116 Executive Blvd., Suite 730, North Bethesda, MD 20852; www.abhes.org.

Vocational Nursing Program

The Vocational Nursing program has been granted full approval by the Texas Board of Nursing (BON). Texas Board of Nursing: 333 Guadalupe Street, Suite 3-460, Austin, TX 78701; 512-305-7400; www.bon.texas.gov.

Campus Facilities

The campus is a 50,000-square-foot, stand-alone facility located in Grand Prairie, Texas, and is located at the southeast corner of Interstate 20 and Highway 360. The school is in a one-story, "U"-shaped building and allows for up to an extra 5,000 square feet of expansion for future programs. The campus design includes ten classrooms, seven specific, program-related laboratories, and three large computer labs. The facility also includes various administrative offices, indoor/outdoor student and employee lounges, and "Student Central," which is comprised of various student support personnel, services, and a learning center to give students the best learning experience possible. The school is fully ADA-accessible and compliant per the newest federally adopted guidelines and applicable building codes. The exterior materials are comprised of tilt-up concrete panels and generous amounts of glass to bring natural light inside and throughout the facility to create a less "institutionalized feeling" atmosphere. Interior materials compliment this approach with neutral and accent colored walls, carpeting, vinyl tile, and laminated flooring. Ceilings are all acoustical-tile type to help control noise transmission from one area to another. Parking for the facility includes approximately 350 spaces.

General Facilities

Among the various classrooms, laboratories, and other facilities provided for students are (varies by program):

- Computer laboratories equipped with word processing software, office management software, and equipment for self-paced keyboarding and typing instruction;
- A dental laboratory equipped with dental operatories, dental x-ray units, and teaching and x-ray mannequins;
- A dental x-ray darkroom equipped for the processing of dental x-rays;
- Medical laboratories equipped with examining tables, mannequins, and simulated examination rooms;
- A nursing skill laboratory with individual patient care stations and that is equipped with equipment and supplies to assist students to prepare for patient care activities with the scope of practice of the licensed nurse;
- Surgical technology labs with a simulated operating room and scrub area;
- A Learning Resource Center (LRC), providing a quiet area where students may refer to various publications, journals, technical manuals, and reference books. Students are allowed to check out books from the LRC for purposes of research, review, or report preparation. Books may be checked out with the library supervisor. Students are also able to complete homework assignments with the use of online computers.

  Students will be held responsible and accountable for books and other items belonging to Concorde Career Colleges, Inc., and the LRC. Once a book, or other item, is borrowed from the LRC by a student, it becomes the responsibility of the receiver (student) to maintain the integrity/condition of the book and return the item within three business days (excluding Saturdays, Sundays, and holidays). Students who have checked out a book from the LRC will have three business days to use the item in its educational capacity. If the book is needed for longer than the three-day checkout, it may be rechecked at the discretion of the Academic Technology and Media Coordinator. If the book is then not returned within the three-day period, a charge of $.50 per day will be assessed. If the student loses the book, the student will be responsible for paying the original list price for the lost book. If the student damages the book, the student can be charged a minimum of $10, up to full, original list price, depending on the damage and ability to reuse the book. Students are placed on Records Hold until all LRC materials are either returned or the replacement cost of any damaged or lost materials is paid.
- A nonsmoking student lounge, which includes vending machines and microwaves, is available for student use.

Equipment

Equipment and instruments are available to instruct students in the skills they will need in their chosen careers. Concorde students acquire knowledge and technical skills through demonstrations, actual operation of equipment, and the practice of techniques. Among the major items of equipment available to Concorde students are the following (by program):

Dental Assistant Program

There is a dental lab completely equipped to function in the capacity as a dental office. The lab has four dental operatories and two dental x-ray units. In addition, the lab is equipped with a panoramic machine, complete darkroom facilities, and four teaching x-ray Dexter mannequins. Dental Assistant students also have access to computers that are stored in each operatory. The computers provide information for students to learn mounting x-rays, case studies, and charting. In addition, there are autoclaves, curing lights, amalgamators, model trimmers, sterilization equipment, dental vibrators, and other miscellaneous equipment available.

Dental Hygiene Program

Students enrolled in the Dental Hygiene program have access to a completely equipped and functioning dental clinic. Included in the clinical facility are four radiography units, a panoramic x-ray unit, and fully equipped operatories. Students learn various technical skills in the lab before treating a patient. Some special equipment included are lathes, model trimmers, intraoral cameras, both digital and traditional x-rays, autoclaves, and automatic processors. Mannequins are used for instrument skill and instruction. Personal computers with appropriate software are also used for the benefit of the student.

Medical Assistant Program

Equipment includes stethoscopes, sphygmomanometers, examination and treatment tables, simulated examination rooms, autoclaves, otoscopes, ophthalmoscopes, electrocardiograph machines, microscopes, centrifuges, teaching mannequins, and other miscellaneous teaching aides.

Neurodiagnostic Technology Program

This comprehensive laboratory is equipped with digital electroencephalographic machines, nerve conduction and electromyography machines, evoked potential machines, continuous positive airway pressure

machines with humidifiers and masks, pulse oximetry, oxygen devices (cannulas and masks), various types of recording electrodes and application tools, air pump, video and auditory monitoring equipment, plus a library complete with neurodiagnostic- and polysomnographic-related medical journals, texts, and audiovisual equipment.

Phlebotomy Technician

Equipment includes blood drawing chairs, microhematacrit machines, Centrifuge, Vacutainer Tubes, Needles and Holders, capillary tubes and other blood drawing supplies.

Polysomnographic Technology Program

This comprehensive laboratory equipped with digital electroencephalographic machines, continuous positive airway pressure machines with humidifiers and masks, pulse oximetry, oxygen devices (cannulas and masks), various types of recording electrodes and application tools, air pump, video and auditory monitoring equipment, plus a library complete with neurodiagnostic- and polysomnographic-related medical journals, texts, and audiovisual equipment.

Radiologic Technology Program

The Radiologic Technology program equipment includes a Digital (DR) diagnostic x-ray unit, image receptors, image plate holders, full body phantom, quality control test equipment, C-arm and mobile x-ray units, positioning sponges, wall-mounted chest board with grid, and protective lead aprons.

Surgical Technology Program

A lab equipped with two fully operational operatories with surgical instruments, machinery and lighting, completely equipped and fully functional for training purposes.

Vocational Nursing Program

The Vocational Nursing labs are designed with individual patient care stations. They are equipped with equipment and supplies to assist students to prepare for patient care activities within the scope of practice. In addition, there are Foley catheters, nasogastric tubes, needles, syringes, suction machines, IV pumps, wheelchairs, stethoscopes, sphygmomanometers, electronic thermometers, models for low and medium fidelity simulation, life-size mannequins and models, a medication cart, infant care equipment, and other miscellaneous durable and expendable equipment and supplies to practice patient care.

Audiovisual Aids

Concorde's programs are supported with reference books, charts, field trips, demonstrations, and other teaching aids. Speakers from business and industry are used when possible to supplement classroom instruction.

Admissions

Entrance Requirements

Prospective students are encouraged to review this catalog prior to signing an Enrollment Agreement.

The school reserves the right to reject applicants and/or rescind eligibility for an applicant to begin classes if all general and selective admissions requirements are not successfully completed within the required timeframe.

Admission to any one program does not automatically qualify a student for admission into any other program. If a student wishes to apply to another program in the future, the individual must independently meet all the admissions requirements in place for that program at the time of the future enrollment. The student will also be subject to all selection procedures in place for admittance into the other program. Admittance into the other program is not guaranteed.

General Admissions Requirements

The following items must be successfully completed prior to enrollment and prior to being eligible to sit in class:

- Personal interview and campus tour
- Completion of all admissions documentation, including but not limited to the Enrollment Agreement and disclosures
- Completion and passage of applicable entrance assessments
- Completion of Online Readiness Assessment
- In the event of limited seat availability, the program may require an interview as part of the selection process. Interviews, when applicable, will be conducted using criteria to support selection of qualified applicants.
- Acceptable proof of graduation, which includes one of the following [(1)]:
- Copy of high school diploma or unofficial or official transcripts (must be a standard high school diploma not including special diploma, certificate of completion or other diplomas that do not meet the standards or regular high school requirements)
- Home school transcripts
- Copy of a General Education Diploma (GED) or successful completion of other high school equivalency exam (e.g. HiSET)
- Copy of a diploma, unofficial or official transcripts of a conferred Associate, Bachelor's, Master's or Doctoral degree from an accredited postsecondary institution recognized by the U.S. Department of Education.
    - In accordance with Federal regulations, to be a recognized equivalent of a proof of high school diploma, the following are acceptable:
        1. Successful completion of an associate degree program (diploma or transcripts);
        2. Success completion of at least 60 semester or trimester credit hours or 72 quarter credit hours that did not result in the awarding of an associate degree, but that are acceptable for full credit toward a bachelor's degree at any institution (transcripts); or
        3. Enrollment in a bachelor's degree program where at least 60 semester or trimester credit hours or 72 quarter credit hours have been successfully completed, including credit hours transferred into the bachelor's degree program (transcripts).
- Foreign transcripts (high school or college) accompanied by foreign evaluation report and translation (if applicable).

[(1)]Acceptable documentation of high school graduation must be received by the Institution prior to the student's first scheduled class of the program. It is the student's responsibility to provide acceptable documentation of high school graduation or its equivalency, as well as any additional documentation that may be needed to support the validity of the documentation. Any student who does not provide valid documentation of high school graduation or its equivalent within this timeframe will be unregistered from all classes and his or her program of study.

All applicants must be citizens, permanent residents, or eligible noncitizens of the United States. Documentation of eligibility status may be required.

Prospective students may be conditionally accepted contingent upon satisfaction of all admissions requirements and receipt of supporting documentation no later than the first scheduled day of class.

Admission to Concorde is open to all applicants who will be 18 years of age at the time the clinical/externship portion of their program begins (as applicable). A parent, legal guardian, or spouse of legal age must co-sign the Enrollment Agreement for applicants under 18.

A health certificate, immunization records, and the results of certain tests may be required for some programs. Applicants must be able to read, speak, and write in English.

Please refer to the "Financial Information" section of this catalog for information on additional requirements applicable to tuition financing.

Criminal Background Check

A criminal background check is not a requirement for admission; however, students are required to complete

a criminal background disclosure as part of the enrollment process, and a background check may be required during the program based on program, clinical, or regulatory requirements. For additional information, refer to the "Criminal Background Check" section of this catalog.

Social Security Number

Applicants for admission must possess a valid social security number. Documentation must be provided upon request. A valid social security number is required to be registered and/or certified by appropriate boards. Other documents may be required by some licensing agencies.

Foreign Transcripts

Applicants indicating that they graduated from a foreign high school and have the equivalent of a U.S. secondary education must present original credentials (diploma, transcript, etc.). In addition, documentation from foreign countries must be translated and certified to be at least the equivalent of a U.S. high school diploma.

Coursework taken at a foreign institution (excluding secondary school documents that are in English and are recognized by the U.S. Department of Education) must be evaluated for equivalence to coursework taken at a United States institution. Concorde only accepts for consideration the evaluations of foreign coursework conducted by agencies approved by the National Association of Credential Evaluation Services (NACES) or Association of International Credential Evaluators, Inc. (AICE), which charge applicants directly for these services. Listings of approved agencies can be found at:

- www.naces.org
- www.aice-eval.org

Document Integrity

Any forged/altered academic document, foreign or domestic, submitted by a prospective student will be retained as property of the Institution and will not be returned to the prospective student. The student will not be considered for admission.

If a student is currently attending, and the Institution becomes aware of a forged credential, the following applies:

- If the forged document was used to admit the student, and the absence of that credential would make the student inadmissible, the student will be dismissed from the Institution with no earned credits awarded; or
- If the forged document was used to gain transfer credit, the student will be dismissed from the Institution and any transfer credit already awarded from the forged credential will be removed.

Personal Interview

The school requires a personal, on-campus interview with each applicant prior to acceptance into any program. The school encourages parents or spouses to attend the interview. This gives applicants and their families the opportunity to see the campus's equipment and facilities and to ask specific questions relating to the school, the curriculum, and the career training being considered. The personal interview also gives the school the opportunity to meet prospective students and evaluate their qualifications and aptitude. Certain programs may also require an interview with the program director prior to enrollment.

Acceptance by the School

For Dental Assistant and Medical Assistant programs, available seats are filled on a first-come-first-served basis once all entrance requirements have been fulfilled.

For all other programs, once all entrance requirements have been completed, the applicant will be placed on a waitlist.

Student Orientation

Prior to beginning classes, all new students attend an orientation program. Orientation facilitates a successful transition into Concorde; therefore, attendance for new students is imperative regardless of prior college experience. At orientation, students are acquainted with the campus, administrative staff, faculty and their peers. Administrative departments explain ways in which they assist students and clarify students' rights and responsibilities. In the event a student is unable to attend orientation, Student Affairs will meet with the student during the first week of class to ensure all relevant information is reviewed with him/her.

Waitlists

Concorde limits the number of students who are accepted for admission to its programs to maintain optimum faculty to student ratios and ensure appropriate clinical opportunity for all students. Once all applicants are processed, those placed on the waitlist will be ranked using a rubric. The rubric is a points-based assessment, with points awarded based on applicant success in the following components: Online Readiness Assessment, clinical entrance assessment, interview with department personnel, and financial readiness.

Alternates

Depending on circumstances, students may be conditionally accepted into certain programs as an Alternate Student. Alternates are chosen based on the rank order of the waitlist. Waitlist applicants selected as an alternate must attend orientation and all classes

scheduled in the first seven calendar days. Alternates are subject to the requirements of the school catalog, including attendance, behavior, dress code, and classroom assignments.

Should space become available within the seven days, alternates have the opportunity to be accepted as regular students. If not formally accepted as regular students during the seven days, alternates will not be able to attend further classes. If not accepted as regular students, alternates will not incur any tuition charges. Alternates may be charged for books and equipment not returned in accordance with the requirements of the school catalog and the Enrollment Agreement. Alternates not accepted as regular students have the option of transferring their enrollment to a future start date or canceling it.

Retest for Waitlist

Prospective students who are placed on a waitlist for any program may retest for a higher score at their own expense. Contact the Director of Admissions for further information.

Distance Education

Currently, the school offers General Education classes and certain core classes through online delivery. The online courses are offered through a consortium agreement with Concorde Career College, Kansas City, Mo. Certain courses may only be offered in a distance education format; therefore, all students must meet the requirements outlined in the "Distance Education/ Online" section of this catalog.

In addition to the Entrance Assessment Requirements below, all students must take an Online Readiness Assessment (ORA) immediately following the first attempt of the Wonderlic. A passing score on the Wonderlic does not preclude the requirement for the applicant to complete the ORA. The ORA is used for assessing the applicant's readiness for online coursework and to identify any obstacles where he or she may need extra support or guidance.

Entrance Assessment Requirements

Prospective students applying for admission who are high school graduates or hold a GED must meet the minimum assessment scores as follows:

Program	Wonderlic SLE	HESI A^2
Dental Assistant	8	N/A
Dental Hygiene	20	70
Medical Assistant	8	N/A
Neurodiagnostic Technology*	16	65
Phlebotomy Technician	8	N/A
Polysomnographic Technology	15	N/A
Radiologic Technology	19	70
Sterile Processing Technician	8	N/A
Surgical Technology	17	65
Vocational Nursing	17	70

**Graduates of the Polysomnographic Technology program are exempt from the HESI assessment when enrolling in the Neurodiagnostic Technology program.*

Applicants for all programs may attempt the Wonderlic a total of three times (only twice on the same day) and, when required, the Health Education Systems, Inc. (HESI) A^2 entrance assessment a total of two times. If the minimum score is not met, the applicant must wait six (6) months before retesting.

An applicant may retake the HESI A^2 entrance exam only once after passing the required cut scores at the student's expense.

Nursing Program Candidates must meet the minimum overall HESI A^2 assessment score listed above. In addition, any candidate who does not meet the minimum overall score on their first attempt must repeat the entire exam. Attempt of individual HESI exam sections is not permitted for Nursing Program Candidates. A candidate is permitted a total of three attempts to successfully complete the HESI A^2 exam at no cost. Each additional attempt at the exam will be charged to the candidate at $60 per attempt.

All students must complete the Online Readiness Assessment.

All previously completed HESI assessments from Concorde, or another institution will be accepted at Concorde's approved acceptable minimum scores. In addition, assessments from other institutions must not have been taken within 30 days of enrollment.

The Wonderlic SLE requirement may be waived upon receipt of documentation of any of the following:

- SAT score of 1000 or above achieved within five years of the date of application to Concorde.

- ACT score of 19 or above achieved within five years of the date of application to Concorde.
- Official proof of successfully passing the Wonderlic SLE at the current required score.
- All core and clinical applicants and reentry students are exempt from Wonderlic SLE testing if they can provide a copy of unofficial transcripts of earning an Associate's or higher degree that was taught in the English language. Applicants for clinical programs must still take and pass the HESI for their program if they are using a waiver for the Wonderlic SLE.

The HESI A^2 requirement may be waived for applicants to programs that do not require the HESI A^2 for waitlist ranking, provided the applicant meets one of the following criteria:

- The applicant submits a copy of unofficial transcripts of earning an Associate's or higher degree that was taught in the English language.

  Applicants with an approved HESI A^2 waiver must still take the Wonderlic SLE and meet the minimum score.

  OR

- The applicant scores a 23 or higher on the Wonderlic SLE for Radiologic Technology.

Clinical Programs

Prospective clinical students will sit for the Wonderlic SLE (excluding those exempted above). Prospective students applying for clinical programs that lead to board exams and/or licensure who meet the initial Wonderlic SLE acceptable minimum score (and those exempted above) will be required to take the HESI (excluding those exempted above). Candidates for these programs must achieve the minimum composite score to move forward in the admissions process. Please note that a clinical applicant will not be eligible for a waiver for both the Wonderlic and the HESI.

Those meeting the Wonderlic SLE minimum score requirement and HESI minimum score requirement will be placed on a waitlist, if applicable. The list will be sorted high to low based on the current waitlist criteria. Students will be selected from the waitlist and notified at least two weeks before the start of the program.

Program Information

In addition to meeting the General Admissions Requirements, applicants to the following programs must also meet the following selective criteria.

Dental Hygiene

Seat selection for the Dental Hygiene program is typically determined 30 days prior to the program start date. A deposit of $500 is due within seven (7) days of being offered a seat in the program. This deposit is required in order to hold your place in the program and is refundable if you should decide not to continue with your enrollment prior to your start date. The time period for seat selection varies by campus based on the number of applicants.

Neurodiagnostic Technology

Students who have successfully completed the Polysomnographic Technology diploma program from the same campus, or are transferring into the program with the equivalent approved content from another Commission on Accreditation of Allied Health Education Programs (CAAHEP) accredited Polysomnographic Technology diploma program will receive block transfer credit totaling 29.5 semester credits for BIOL1131, BIOL1301, ELEC1710, PSOM1110, PSOM1112, PSOM1216, PSOM1220, PSOM1610 and PSOM2515. The remaining number of credits required to complete the program is 46.5.

A graduate of a Concorde Polysomnographic Technology diploma program is exempt from additional entrance testing requirements. For other applicants, all other entrance requirements as outlined in the Admissions section of this catalog also apply.

Surgical Technology

During the enrollment process, students will sign a disclosure to include the location of the campus where they will attend along with their address. If a student changes their address during their enrollment, they should contact the Campus Registrar at the location where they are enrolled.

Vocational Nursing

In addition, the Texas Board of Nursing requires completion of a jurisprudence exam. This exam will be given to the student in Term 5 of the Vocational Nursing Program.

Readmission

Effective: 06/02/2022

It is Concorde's policy to encourage previously withdrawn students to return to school to complete their education.

Students must meet all entrance requirements in place at the time of readmission. The reentry process requires review and approval of the student's financial status, financial aid eligibility (when applicable), completion of enrollment agreement, collection and review of official transcripts, as well as prior academic performance and any other documentation required by the program the student is reentering. Students may be required to

demonstrate skill competency prior to readmission and may have to repeat a course(s) depending on the results. Readmission is contingent upon space availability and requires final approval of the Campus President. Returning students will be enrolled into the program curriculum in place at time of reentry; exceptions may apply for students who are withdrawn in good standing. Under certain conditions, students may be required to complete and pass a drug screening, at their expense, prior to readmission as outlined in the Drug Screening section of this catalog.

Vocational Nursing Readmissions Conditions

Effective: 10/01/2026

In addition to the readmission policy above, students in term 2 through 5 who are withdrawn from the Vocational Nursing program due to academic failure, are withdrawn for clinical failure, or who voluntarily withdraw from the program while at the same time are failing a nursing course, may not make application for re-enrollment for a minimum of one term. Students are eligible to apply for readmission upon Campus President approval one time only and will be dismissed and unable to re-enter into the program in the event of a second withdrawal for academic failure, clinical failure, or who voluntarily withdraw while failing a course. The readmission process will include mandatory out-of-program work and/or tutoring, as well as achieve a passing score of 800 on a proctored HESI examination. A student who fails to reach a score of 800 must wait a minimum of six weeks for a second attempt. There are two attempts permitted. A student who does not meet the minimum of 800 on a second attempt will have their status changed to dismissed from the program. Readmission is contingent upon space availability and requires final approval of the Campus President.

Criminal Background Check

Effective: 05/20/2026

Concorde does not use criminal background history as a basis for admission decisions. This approach is applied consistently across programs and locations, including in states where laws restrict the use of criminal history in the admissions process. However, students may be required to complete a background check during their program to participate in required program activities.

Students should be aware that criminal charges (past, present, or pending) or convictions may affect their ability to participate in required clinical, externship, patient care, or related program components. In some cases, this may prevent a student from progressing in or completing the program.

Students should consider how criminal background information may impact these requirements prior to enrollment. Students are also required to report new criminal charges or convictions that occur during enrollment and may be required to complete an additional background check at their own expense to evaluate the potential impact on continued program participation.

Some programs include clinical, externship, or patient care components. Participation in these components may require a criminal background check.

Additional criminal background checks may be required during a student's enrollment based on program, clinical, externship, or regulatory requirements. Students are also required to report to the Academic Dean any new criminal charges or convictions that occur during enrollment. Failure to report such information may affect a student's ability to meet program requirements and continue in the program. Students may also be required to complete an additional background check at their own expense to evaluate the potential impact on continued program participation.

Requirements vary depending on:

- program structure
- clinical or externship site requirements
- licensing, regulatory, or legal standards established by external entities

These requirements are determined by external entities and may change over time.

Students who are unable to meet these requirements may:

- be unable to participate in required program components
- be unable to be assigned to a clinical or externship site
- be unable to complete the program
- be unable to obtain licensure, certification, or employment

Concorde does not guarantee:

- clinical or externship placement
- licensure or certification eligibility
- employment outcomes

Students are responsible for tuition and fees incurred according to the terms of their enrollment agreement and the policies outlined in the School's catalog.

Certain outside agencies may have additional requirements that impact a student's ability to complete a program or participate in required program components. These requirements may include, but are not limited to, submission of fingerprints for background

checks, pre-clinical or pre-licensure eligibility determinations, or additional documentation or approval processes required by licensing boards or regulatory agencies.

Students are responsible for complying with all applicable program and external requirements. Failure to meet these requirements may prevent participation in clinical or externship components and may affect a student's ability to complete the program or obtain licensure.

Prospective and enrolled students should independently evaluate how a criminal background may impact their ability to meet program requirements, obtain licensure or certification, and secure employment. Clinical, externship, and employment are not guaranteed, and these external decisions may be based on criteria established by third parties that differ from those applied within this educational program.

Students who have concerns regarding how a criminal background may impact their ability to complete program requirements may elect to obtain a background check at any time at their own expense.

A newly enrolled student who receives background check results which results in concerns regarding how such results may impact their ability to meet program requirements may elect to cancel their enrollment within 7 calendar days of the initial program start (within the standard cancellation period) without incurring tuition charges. Charges for books, equipment, or uniforms are subject to cancellation and refund rules outlined in the catalog.

Timing and Responsibility (Fee):

- Timing is dependent upon when students reach coursework that includes patient care, clinical rotations, or externship.
- Cost varies by type of report required and ranges from $47 to $75. Prices are subject to change and paid to the third-party provider.
- For the Criminal Background Check Program-Based Timing and Responsibility Table refer to Consumer Information at https://www.concorde.edu/admissions/resources/consumer-information-guide.

Students are responsible for making informed decisions about enrollment and program participation based on how their background may affect these requirements and their ability to complete the program and pursue employment in the field.

Vocational Nursing

Applicants seeking licensure in Texas are required to submit a complete and legible set of fingerprints for the purpose of obtaining a criminal history from the Texas Department of Public Safety and the Federal Bureau of Investigations [Section 301.252 (b) and Section 301.252 (e) of the Texas Occupations Code]. Upon acceptance, the student will receive instructions on how to proceed with the fingerprinting process.

Students with any criminal background could be required to complete the Declaratory Order process with the Texas Board of Nursing. The Declaratory Order process permits the Board to provide guidance regarding an applicant's eligibility for licensure prior to entering or completing a Nursing or Vocational Nursing program. Students are required to obtain one of the following to for determining license eligibility:

a. Blue Clearance Card
b. Operations Outcome Letter
c. Enforcement Outcome Letter
d. Eligibility Order

Criminal backgrounds may prevent completion of a nursing program and/or prevent the student from taking the licensure examination. Declaratory Order information may be requested from the Board of Nursing at 512-305-7400. In addition, some clinical agencies require additional background checks or information to meet their specific facility requirements.

Drug Screening

Effective: 11/22/2023

Applicants are advised that the cost of the background check/drug screen is an out-of-pocket expense. Current and future students may contact an admissions representative and/or program director of the program of interest for more information regarding these requirements.

Externship and clinical facilities may require the school to follow drug-screening requirements including unannounced screening prior to working with patients. Concorde reserves the right to conduct random drug screening at any time throughout the program. Drug Screening results are confidential, and are evaluated on a pass/fail basis. Students failing the final screening that is reviewed by the Medical Review Officer will immediately be withdrawn from the school. A student may request a retest at his or her own expense if they believe the screening resulted in a false positive. The rescreening must consist of an observed urine test within 48 hours at a facility directed by Concorde. If the retest is negative the student may remain in school. If the results of the retest are diluted, adulterated, and/or a substituted reading, it will be considered "flagged" and will be considered a failed test.

A student withdrawn for a failed drug screening has one opportunity to be eligible to apply for readmission into the school and program of study under the following conditions: Prior to readmission, a drug screening must be taken at the direction of the school

and paid for by the student. If the drug screening is negative and the student meets all conditions of the Readmission section of this catalog, then the student may be approved to re-enter into the school and program. If the drug screening is positive, the student will be prohibited from reentering the school and program at any time in the future. Any subsequent violation of the drug policy after readmission will result in immediate dismissal.

Students should be advised that Concorde is governed by federal law in matters regarding the possession and use of controlled or illegal substances. As referenced in the Drug & Alcohol Abuse Policy outlined in this catalog, the possession or use of amphetamines, cocaine, marijuana, opiates, and phencyclidine are illegal under federal law.

Additionally, clinical sites may require drug testing as a condition of participation. Concorde does not accommodate student requests to be exempt from placement at clinical/extern sites that require drug testing.

Disclosure Concerning Arbitration and Class Action Waiver

Effective: 07/06/2020

As part of your enrollment at the school, you are being required to sign an arbitration agreement and class action waiver, which are defined as follows:

Arbitration, a form of alternative dispute resolution, is a way to resolve disputes outside the courts. The dispute will be decided by one or more persons (the 'arbitrators', 'arbiters' or 'arbitral tribunal'), which renders the 'arbitration award'. An arbitration award is legally binding on both sides and enforceable in the courts. A pre-dispute arbitration agreement requires a person to obtain relief through arbitration instead of seeking relief through litigation in the courts.

A class action waiver prevents an individual from bringing or participating in a class action. A class action, also known as a class action lawsuit, class suit, or representative action, is a type of lawsuit where one of the parties is a group of people who are represented collectively by a member of that group.

In addition, the school cannot require that the borrower participate in arbitration, nor in any internal dispute resolution process, prior to the borrower's filing of a defense to repayment claim with the U.S. Department of Education under 34 C.F.R. § 685.206(e); the school cannot in any way require that a student limit, waive, or relinquish their ability to pursue filing a borrower defense claim with the U.S. Department of Education under 34 C.F.R. § 685.206(e); and, if any arbitration is ultimately undertaken pursuant to a pre-dispute arbitration agreement, the period of that arbitration tolls the limitations period for filing a borrower defense to repayment application or claim with the U.S. Department of Education under 34 C.F.R. § 685.206(e)(6)(ii).

Articulation Partnerships for Concorde – Texas

Concorde is proud to partner with a growing list of other institutions of higher education. Articulation partners allow students to continue pursuing their education by transferring credits earned at Concorde. Transfer of credit and program availability varies by each articulation partner.

Credits that transfer to an institution are done so on an individual course basis. Please contact the Academics or Student Affairs team for details.

Articulation (Partnership) Agreements

- Grand Canyon University
- Grantham University
- National American University
- Park University
- United States University

Veterans Administration Students

Students applying for veteran's benefits must report all previous education and training. The school will evaluate any previous postsecondary transcripts to determine appropriate credit. The veteran and Veterans Administration will be notified of any reduction in training time or tuition.

Statement of Nondiscrimination

No person shall be excluded from participation, denied any benefits, or subjected to any form of discrimination based on race, sex, religion, color, national origin, age, disability, or any other factor protected by law.

Programs of Study

Dental Assistant

Contact Hours: 800
Semester Credits: 26
Instructional Weeks – Full Time: 32
Average Time to Complete – Full Time: 9 Months

Program Overview

The Dental Assistant's role is multifaceted, providing an opportunity for both variety and specialization. Career opportunities are available throughout various industries and range from general to specialty practices, private dental offices, dental schools, public and private clinics, hospitals, the armed forces, insurance companies, and dental manufacturers and suppliers.

Program Delivery

The Dental Assistant program is delivered in a blended format. Courses will be delivered entirely online, entirely on-ground or with an appropriate blend of both online and on-ground hours in the same course.

Program Objectives

The objective is to provide students with the theoretical knowledge and practical skills necessary for successful employment as entry-level, chairside or front office Dental Assistants. The program helps students acquire appropriate skills quickly and thoroughly. In each successive course, students learn applicable dental terminology and build on the chairside assisting skills, such as charting, instrument identification, making study casts, and taking dental x-rays, which were acquired in previous courses. These clinical studies continue throughout the program, as does the discussion of professional development and expanded duty skills. A diploma will be issued upon successful completion of the program.

CPR Certification

To be eligible for American Heart Association (AHA) certification, students must attend all scheduled hours of CPR lecture and pass practical checkoffs and a written exam. A student who is tardy or misses a lecture must repeat the lecture, even if the student passes the checkoffs and written exam. If CPR is offered during another shift in the same term, the student may attend that lecture. If not offered during that term, the student will receive an incomplete for the course until the lecture is repeated. AHA requires that students pass the CPR written test with a grade of at least 84 percent. If below 84 percent, they may retake the exam once. The original test score will be used to calculate the course grade. If the test is retaken and failed a second time, the student must repeat the entire course of CPR instruction. If a student is absent for the entire course, it is his or her responsibility to contact the instructor to find an appropriate session or class to attend. If the student does not do so, he or she may not graduate.

Effective September 1, 2006, to apply to become a Registered Dental Assistant, a student must complete a mandatory short course approved by the Texas State Board of Dental Examiners (TSBDE). An approved provider list can be found on the TSBDE website:www.tsbde.state.tx.us. By law, a Dental Assistant must be registered with TSBDE in order to take x-rays at a dentist's office.

Registration and certification requirements for taking and passing this examination are not controlled by Concorde, but by outside agencies, and are subject to change by the agency without notice. Therefore, Concorde cannot guarantee that graduates will be eligible to take this exam, at all or at any specific time, regardless of their eligibility status upon enrollment.

Type: Diploma

Course #	Course Title	Theory Hours (Ground/Online)	Lab Hours (Ground/Online)	Externship Hours (Ground/Online)	Semester Credit Hours

Dental Hygiene

Contact Hours: 1,810
Semester Credits: 88.5
Instructional Weeks – Full Time: 70
Average Time to Complete – Full Time: 17 Months

Program Overview

Dental Hygienists are licensed, professional oral clinicians and dental health educators who prevent and treat oral disease, promote and encourage preventive aspects of dental care, and assume responsibility for patient care in the dental office. They provide a variety of services to patients, including comprehensive examination of the oral cavity, radiographs, prophylaxis, fluoride treatments, patient education, and preventive services. They are required to pass written and clinical examinations before they apply for licensure to practice. Dental Hygienists are integral members of the dental team who use their dental, clinical, and social sciences to aid individuals in achieving optimum oral health. Besides working in a private dental practice, Dental Hygienists also work as educators, administrators, and researchers.

Program Mission

The mission is to provide a supportive learning environment in which the student acquires theoretical knowledge, technical skills, and professional attributes necessary to qualify for licensure as a Registered Dental Hygienist and entry-level employment as a Dental Hygienist. The program strives to instill the importance of personal growth, professional commitment, community involvement, and continued research. Graduates will be eligible to sit for the National Board Dental Hygiene Examination. Registration and certification requirements for taking and passing these examinations are not controlled by Concorde, but by outside agencies, and are subject to change by the agency without notice. Therefore, Concorde cannot guarantee that graduates will be eligible to take these exams, at all or at any specific time, regardless of their eligibility status upon enrollment.

Applicants to the Dental Hygiene program at Concorde must follow the admissions process and successfully meet all admissions criteria. CPR is required prior to Term 3.

Program Delivery

The Dental Hygiene program is delivered in a blended format. Courses will be delivered entirely online, entirely on-ground or with an appropriate blend of both online and on-ground hours in the same course. Campuses may have the option to deliver general education courses either online or on-ground, depending on local need and availability.

Medical Assistant

Contact Hours: 800
Semester Credits: 26
Instructional Weeks – Full Time: 32
Average Time to Complete – Full Time: 9 Months

Program Overview

Whether in a physician's office, a clinic, or hospital-owned physician network, the Medical Assistant performs many services on the physician's behalf. These may include admissions work, preparing the patient for examination or treatment, operating diagnostic equipment, and performing diagnostic procedures. The Medical Assistant is also responsible for the patient's medical records and insurance forms as well as for scheduling appointments and maintaining medical records for the physician.

CPR Certification

To be eligible for American Heart Association (AHA) certification, students must attend all scheduled hours of CPR lecture and pass practical checkoffs and a written exam. A student who is tardy or misses a lecture must repeat the lecture, even if the student passes the checkoffs and written exam. If CPR is offered during another shift in the same term, the student may attend that lecture. If not offered during that term, the student will receive an incomplete for the course until the lecture is repeated. AHA requires that students pass the CPR written test with a grade of at least 84 percent. If below 84 percent, they may retake the exam once. The original test score will be used to calculate the course grade. If the test is retaken and failed a second time, the student must repeat the entire course of CPR instruction. If a student is absent for the entire course, it is his or her responsibility to contact the instructor to find an appropriate session or class to attend. If the student does not do so, he or she may not graduate.

Program Delivery

The Medical Assistant program is delivered in a blended format. Courses will be delivered entirely online, entirely on-ground or with an appropriate blend of both online and on-ground hours in the same course.

Program Objectives

Upon completion of the Medical Assistant program, the student will possess the knowledge and skills required in the areas of anatomy, physiology, pathology of the body systems, medical terminology, EKGs, administration of parenteral medications, phlebotomy techniques, CLIA exempt laboratory procedures, and medical front-office procedures to function successfully in an entry-level position as a Medical Assistant. Graduates are prepared to enter the healthcare workforce in a clinic or physician's office. A diploma will be issued upon successful completion of the program.

Neurodiagnostic Technology

Contact Hours: 1,800
Semester Credits: 76
Instructional Weeks – Full Time: 70
Average Time to Complete – Full Time: 17 Months

Program Summary

This program is designed to provide graduates with the knowledge and practical skills needed for entry-level employment as a Neurodiagnostic or Polysomnography Technologist. The program combines classroom and laboratory studies with clinical training in healthcare facilities. Through a series of General Education courses, the student will also develop skills in communication, interpersonal relations, and critical thinking.

Program Overview

Neurodiagnostic Technology (NDT) is the medical diagnostic field devoted to the recording and study of electrical activity in the brain and nervous system. Neurodiagnostic Technologists possess the knowledge, skills, and attributes to obtain interpretable recordings of patients' nervous system function. They work in collaboration with medical researchers, clinicians, physicians, and other health professionals.

The Neurodiagnostic Technologist may be involved in one or more of the following diagnostic procedures: electroencephalography (EEG), evoked potential (EP), long term monitoring (LTM), polysomnography (PSG), nerve conduction studies (NCS), and intraoperative neuromonitoring (IONM).

The Technologist takes the medical history; documents the clinical condition of patients; understands and employs the optimal use of EEG, EP, PSG, and NCS equipment; and applies adequate recording electrodes. Among other duties, the Neurodiagnostic Technologist also understands the interface between EEG, EP, PSG, and NCS equipment and other electrophysiological devices and procedures; recognizes and understands EEG/EP/NCS/sleep activity displayed; manages medical emergencies in the laboratory; and prepares a descriptive report of recorded activity for the interpreting physician. The responsibilities of the Technologist may also include laboratory management and the supervision of Neurodiagnostic Technologists. Considerable individual initiative, reasoning skill, and sound judgment are all expected of the Neurodiagnostic professional. Neurodiagnostic Technology personnel work primarily in neurology-related departments of hospitals, but many also work in clinics and the private offices of neurologists and neurosurgeons.

Program Delivery

The Neurodiagnostic Technology program is delivered in a blended format. Courses will be delivered entirely online, entirely on-ground or with an appropriate blend of both online and on-ground hours in the same course. Campuses may have the option to deliver general education courses either online or on-ground, depending on local need and availability.

Program Objectives

Upon successful completion of the Neurodiagnostic Technology program, graduates will work with patients from neonate to geriatric and will be able to perform:

- Electroencephalograms (EEGs), which record the electrical activity of the brain.
- Polysomnograms (PSGs), which monitor and evaluate brain, respiratory, and heart activity during sleep to help diagnose sleep disorders.

During clinical rotations, students in the Neurodiagnostic Technology program may also be exposed to advanced diagnostic procedures, such as:

- Evoked potentials (EPs), such as Brainstem Auditory Evoked Potentials (BAEP), Visual Evoked Potentials (VEP), and Somatosensory Evoked Potentials (SSEP), which record electrical activity from the brain, brainstem, and spinal cord to evaluate various nerve tracks.

- Nerve Conduction Velocities (NCV), which evaluate electrical activity from peripheral nerves.
- Long-Term Epilepsy Monitoring (LTEM, LTM, or EMU), which records electrical activity and monitors patients to help diagnose significant seizure disorders.
- Intraoperative Neurological Monitoring (IONM), which monitors electrical activity from the brain, spinal column nerves, and muscles during various surgical procedures.

Upon completion of the program, graduates will be eligible to take professional certification examinations offered by:

- American Board of Registered Electroneurodiagnostic Technologists, Inc. (ABRET)
- American Association of Electrodiagnostic Technologists (AAET)
- Board of Registered Polysomnography Technologists (BRPT)

Credentialing in these specialties may require additional individualized training after graduation.

Registration and certification requirements for taking and passing these examinations are not controlled by Concorde, but by outside agencies, and are subject to change by the agency without notice. Therefore, Concorde cannot guarantee that graduates will be eligible to take these exams, at all or at any specific time, regardless of their eligibility status upon enrollment.

Phlebotomy Technician

Contact Hours: 128
Semester Credits: 5.5
Instructional Weeks – Full Time: 8
Average Time to Complete – Full Time: 3 Months

Program Overview

The Phlebotomy Technician program is designed to prepare students for entry level employment in a variety of settings, including hospitals, laboratories, blood centers, or other health care facilities. The primary function of the Phlebotomy Tech is to collect blood samples from patients via venipuncture or capillary puncture. The Phlebotomy Tech facilitates the collection and transportation of laboratory specimens and is often the patient's only contact with the medical lab. A Phlebotomy Technician also draws blood for transfusions, donations and research.

Duties performed by a Phlebotomy Tech differ according to the medical setting, but typical duties may include:

- Draw blood from patients or donors
- Assemble equipment (such as needles, blood collection devices, gauze, tourniquet, cotton, and alcohol)
- Verify or record identity of patient or donor
- Converse with patients to alleviate fear of procedure
- Apply tourniquet to arm, locate vein, swab area with disinfectant, and insert needle into vein to draw blood into collection tube
- Label and store blood container for processing
- Conduct interviews, take vital signs and test blood samples to screen donors at a blood bank
- Analyze information and make appropriate recommendations

Graduates of this program are eligible to sit for the following certification examinations at no cost: the Phlebotomy Technician Certification (PTC) examination offered by the American Medical Certification Association (AMCA). Alternative certification examinations may be considered provided that the program curriculum meets all eligibility and registration requirements established by the certifying body.

This program is not eligible for any Federal Financial Aid or VA programs.

Type: Diploma

Polysomnographic Technology

Contact Hours: 800
Semester Credits: 29.5
Instructional Weeks – Full Time: 30
Average Time to Complete – Full Time: 8 Months

Program Overview

Polysomnographic (PSG) Technologists perform sleep tests and work with physicians to provide information needed for the diagnosis of sleep disorders. The Technologist monitors brain waves, eye movements, muscle activity, multiple breathing variables, and blood oxygen levels during sleep using specialized recording equipment. The Technologist interprets the recording as it happens and responds appropriately to emergencies. Technologists provide support services related to the treatment of sleep-related problems, including helping patients use devices for the treatment of breathing problems during sleep and helping individuals develop good sleep habits.

The Technologist takes the medical history, documents the clinical condition of patients, understands and employs the optimal use of PSG equipment, and applies adequate recording electrodes. Among other duties, the PSG Technologist also understands the interface between EEG and PSG equipment and other electrophysiological devices and procedures; recognizes and understands EEG sleep activity displayed; manages medical emergencies in the laboratory; and prepares a descriptive report of recorded activity for the interpreting physician. Additionally, the role of the PSG Technologist includes treatment of sleep-disordered breathing to include PAP therapy, oxygen therapy, and patient education. The responsibilities of the Technologist may also include laboratory management and the supervision of other Technologists. Considerable individual initiative, reasoning skill, and sound judgment are all expected of the polysomnography professional.

Program Goals and Outcomes

The goal of Concorde's PSG program is to prepare competent, entry-level PSG Technologists with the knowledge, skills, values, and attitudes to become an instrumental part of the PSG professional workforce. Successful learning outcomes and competencies will be achieved through the completion of both course and clinical work. Students will work with patients from neonate to geriatric and will be able to perform Polysomnograms (PSGs), which monitor and evaluate brain, muscle, respiratory, and heart activity during sleep to help diagnose sleep disorders.

Upon completion of Concorde's PSG program, students will receive a diploma in Polysomnographic Technology. Graduates will then be eligible to take the professional certification examination offered by the Board of Registered Polysomnographic Technologists (BRPT).

Program Mission

The mission is to provide a supportive learning environment in which students can acquire theoretical knowledge, technical skills, and professional behaviors to become contributing members of the health community. The program strives to instill personal growth, professional commitment, and community involvement. Graduates will be eligible to sit for the Board of Registered Polysomnographic Technologists (BRPT international credential). Registration and certification requirements for taking and passing this examination are not controlled by Concorde, but by outside agencies, and are subject to change by the agency without notice. Therefore, Concorde cannot guarantee that graduates will be eligible to take this exam, at all or at any specific time, regardless of their eligibility status upon enrollment.

Program Delivery

The Polysomnographic Technology program is delivered in a blended format. Courses will be delivered entirely online, entirely on-ground or with an appropriate blend of both online and on-ground hours in the same course. Campuses may have the option to deliver general education courses either online or on-ground, depending on local need and availability.

Radiologic Technology

Contact Hours: 2,225
Semester Credits: 82
Instructional Weeks – Full Time: 80
Average Time to Complete – Full Time: 20 Months

Program Overview

The program provides and maintains a supportive learning environment and curriculum that prepares students for entry-level, diagnostic radiographer positions. The program prepares students to successfully complete the American Registry of Radiologic Technologists (ARRT) Examination and, upon successful completion of this examination, become Registered Technologists in Radiography, RT(R).

Program Learning Outcomes

Goal 1 Students will demonstrate clinical competency.

- PLO1: Students will utilize proper positioning skills.
- PLO2: Students will obtain radiographs of acceptable diagnostic quality.
- PLO3: Students will exercise proper radiation protection.

Goal 2 Students will develop problem-solving and critical thinking skills.

- PLO4: Students will be able to modify standard procedures to accommodate non-routine patient conditions.
- PLO5: Students will be able to demonstrate the ability to critique images to determine diagnostic quality.

Goal 3 Students will apply effective communication skills.

- PLO6: Students will demonstrate effective oral communication skills.
- PLO7: Students will exercise effective written communication skills.

Program Delivery

The Radiologic Technology program is delivered in a blended format. Courses will be delivered entirely online, entirely on-ground or with an appropriate blend of both online and on-ground hours in the same course. Campuses may have the option to deliver general education courses either online or on-ground, depending on local need and availability.

Sterile Processing Technician

Contact Hours: 216
Semester Credits: 8
Instructional Weeks – Full Time: 16
Average Time to Complete – Full Time: 5 Months

Program Overview

Sterile processing technicians are medical equipment preparers who are responsible for preventing the spread of disease by sterilizing and preparing medical equipment. These technicians may work in a variety of healthcare settings such as hospitals and surgery centers and go by many other job titles, such as central services technician, certified registered central service technician (CRCST), central sterile supply technician (CSST), or sterile preparation technician.

Duties performed by a Sterile Processing or Central Services Technician may include:

- Cleaning and sterilizing equipment
- Packaging and/or preparing equipment for use
- Operating medical equipment as needed
- Inspecting medical equipment for functionality and sterilization
- Maintaining inventory of medical equipment
- Ensuring medical procedure rooms are sterile
- Organizing medical equipment
- Transporting prepared equipment
- Recording test results for sterilization
- Using and maintaining autoclaves for sterilization

Upon successful completion, graduates will receive a certificate of completion and will prepare to take the Healthcare Sterile Processing Association (HSPA) examination to become a Certified Registered Central Service Technician (CRCST).

Certified Registered Central Service Technician (CRCST) Experiential Requirements

CRCST certification requires that an applicant pass the certification exam and complete 400 hours of hands-on experience in a Central Services (CS) department. These hours can be completed before testing or within 6 months of passing the exam. HSPA recommends completing, or at least beginning, experiential hours before testing. Hands-on experience provides an invaluable resource with which to better understand the standards, knowledge, and practices needed to be successful in a CS department and on the CRCST Exam.

This program provides 80 hours towards the 400-hour requirement. Graduates are required to complete the remaining 320 hours on their own. Upon completion of the program, students will sit for the CRCST examination and, if successfully completed, will become provisionally certified. Once the graduate completes the remainder of the required 400 hours, they may submit verification of hours to HSPA to receive full certification.

This program is not eligible for any Federal Financial Aid or VA programs.

Type: Diploma

Course #	Course Title	Pre-Requisites	Co-Requisites	Theory Hours	Lab Hours	Externship Hours	Semester Credit Hours

Surgical Technology

Contact Hours: 1,655
Semester Credits: 68
Instructional Weeks – Full Time: 70
Average Time to Complete – Full Time: 17 Months

Program Mission

The mission of the Surgical Technology program is to prepare graduates with the basic knowledge and fundamental practical and professional skills needed for employment as entry-level generalists in the field. The program combines academic studies in the classroom, hands-on laboratory instruction, and clinical training in various surgical settings to prepare graduates who are eligible for employment in a variety of surgical settings.

Clinical Case Requirements

Students must complete a total of 130 surgical procedures as delineated below. Students must complete a minimum of 30 cases in General Surgery; 20 of which must be in the First Scrub Role. The remaining 10 cases may be performed in either the First or Second Scrub Role. Students must complete a minimum of 90 cases in various surgical specialties, excluding General Surgery. A total of 90 cases (including General Cases) must be performed in the First Scrub Role. A minimum of 10 cases in the First Scrub Role must be completed in each of the required minimum of 4 surgical specialties (40 cases total required). Observations must be documented but are not counted. Diagnostic endoscopy cases and vaginal delivery cases are not mandatory. However, up to 10 diagnostic endoscopic cases and 5 vaginal delivery cases can be counted toward the maximum number of Second Scrub Role cases. Vaginal delivery cases must be documented in the category of Labor and Delivery rather than in the OB/GYN specialty.

All student activities associated with the curriculum, especially while students are completing clinical rotations, will be educational in nature. Students will not be substituted for hired staff personnel within the clinical institution, in the capacity of a surgical technologist.

Program Outcome

To prepare competent, entry-level Surgical Technologists in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains.

Program Goals

Cognitive Domain

The student will:

- Grasp concepts of human anatomy and physiology, pathophysiology, microbiology and infectious process and recognize his or her relationship to safe patient care; and,
- Understand the principles of safe patient care in the preoperative, intraoperative, and postoperative settings; and
- Recognize the interdependent role of the Surgical Technologist with the other team members and ancillary services providers.

Psychomotor Domain

The student will:

- Develop and apply fundamental surgical assisting skills through practice and evaluation in the clinical setting; and,
- Accurately apply the principles of asepsis across the spectrum of common surgical experiences; and
- Employ the Standard Precautions and other recognized safe practice guidelines in every surgical setting.

Affective Domain

The student will:

- Recognize the variety of patients' needs and the impact of his or her personal, physical, emotional and cultural experiences on the rendering of patient care; and,
- Demonstrate professional responsibility in performance, attitude, and personal conduct; and
- Practice within the confines of the recognized scope of practice within the healthcare community to provide optimal patient care.

Description of the Profession

The Surgical Technologist is a highly skilled and knowledgeable allied health professional who, as an essential member of the surgical team, works with surgeons, anesthesia providers, operating room nurses, and other professionals in providing safe care to the surgical patient. Surgical Technologists possess expertise in assisting surgeons in the safe and effective conduct of both major and minor surgical procedures in several specialty services and in a variety of surgical settings.

Professional duties include aseptic technique, operating room environmental safety, equipment setup, instrumentation, preparing medications, and directly assisting in the three phases of surgical patient care: preoperative, intraoperative, and postoperative. The entry-level Surgical Technologist works in acute-care hospitals, outpatient surgery centers, surgical clinics, central sterile processing departments, birthing centers, and other healthcare settings throughout the United States.

Program Delivery

The Surgical Technology program is delivered in a blended format. Courses will be delivered entirely online, entirely on-ground or with an appropriate blend of both online and on-ground hours in the same course. Campuses may have the option to deliver general education courses either online or on-ground, depending on local need and availability.

Vocational Nursing

Contact Hours: 1,319
Semester Credits: 52
Instructional Weeks – Full Time: 50
Instructional Weeks – Part Time: 80
Average Time to Complete – Full Time: 13 Months
Average Time to Complete – Part Time: 20 Months

Program Overview

The Vocational Nursing program teaches students the skills and abilities essential to the provision of nursing care to patients in hospitals and residents in long-term-care facilities. Graduates will be able to communicate and interact effectively with patients and assist patients in attaining and maintaining maximum functional independence while observing patient rights. They will learn various disease processes, nursing goals and priorities, patient teaching, critical thinking skills, and how to follow infection control measures. Students learn medication administration, IV therapy, proper body mechanics and basic patient care, which includes taking vital signs, bed making, and lifting and turning patients.

Graduates of this program may find entry-level employment in long-term-care facilities, acute-care facilities, and hospitals. This intensive, one-year program provides education and practical training in basic nursing care. The content is holistic in relation to the variety of nursing experience and in relation to the multiple needs in patient care. Graduates are prepared to function as a member of the healthcare team in providing basic nursing care. A diploma will be issued upon successful completion of the program. Meeting all state requirements, graduates are prepared for their state licensing examination.

Registration and certification requirements for taking and passing this examination are not controlled by Concorde, but by outside agencies, and are subject to change by the agency without notice. Therefore, Concorde cannot guarantee that graduates will be eligible to take this exam, at all or at any specific time, regardless of their eligibility status upon enrollment.

Program Purpose

The purpose of the Vocational Nursing program at Concorde Career College is to prepare high-caliber, professionally competent Vocational Nurses for today, tomorrow, and the future.

Program Mission

Concorde Career College Practical Nursing Program ensures the healthcare community of competent graduates who are capable and productive entry-level practitioners. These individuals espouse professionalism, and adhere to established standards of care and ethical practice

Program Philosophy

The Vocational Nursing program is founded on beliefs that are consistent with the parent organization and the community at large. The faculty of the Vocational Nursing program hold the following beliefs about the individual, nursing, health, and nursing education.

Practical/Vocational Nursing
Nursing is practiced at various levels of complexity. Vocational Nursing represents one such level and is characterized by specific knowledge, technical skills, and complexity derived from the entire domain of nursing. Vocational Nursing is practiced in a variety of healthcare settings in collaboration with the registered nurse and/or other healthcare providers.

Individual
Each individual has value, worth, dignity, and right. Each individual is unique, and his or her uniqueness is manifested in a highly complex, ever-changing system of biological, sociological, psychological, cultural, and spiritual factors. Because of the interrelationship of these factors, it is imperative that each of these components be taken into consideration in order to address the wholeness of the individual. Each individual, to the extent that he or she is capable of making free choices, should be given the right to make free, informed choices, with the understanding that he or she is at the same time accountable for those decisions. Individuals seek healthcare in a variety of settings.

Nursing
Nursing is the art of caring, which is concerned with assisting individuals, families, and other groups in coping with and responding to actual or potential health problems. Nursing is best carried out in an organized, systematic manner in order to enhance the quality of human life that each individual is capable of attaining.

Health
Health is the status or position of an individual on the wellness-illness continuum. The health status is a dynamic state and is based on the interrelationship of biological, sociological, psychological, cultural, and spiritual factors of the individual.

Nursing Education
Nursing education occurs in both classroom and clinical settings. Nursing education involves the development of problem-solving and decision-making skills based upon the acquisition of knowledge, psychomotor skills, and values. Vocational Nursing education focuses on providing safe, competent nursing service to individuals of all age groups who are experiencing commonly occurring compromises in their health status with predictable outcomes. Vocational Nursing education is based upon scientific principles and provides a foundation of competencies upon which the Vocational Nurse may build in the future.

Education is an active process of both teaching and learning. Learning occurs best when the individual perceives a need or desire to learn. Learning is evidenced by a change in behavior. Learning is facilitated through a positive and supportive environment throughout the entire educational process. Teaching is both an art and a science. The purpose of teaching is to facilitate learning in a logical manner with optimal utility and relevance for the learner.

Program Conceptual Framework

The curriculum of the Vocational Nursing program is based on concepts described below. These concepts are integrated through the didactic and clinical components of the program and are implemented as horizontal and vertical threads.

Individual:

A person, families, a group of persons, or a community.

Biological, Sociological, Psychological, Cultural, and Spiritual Factors:

Components of an individual's uniqueness affecting his or her health status.

Teaching and Learning:

Exchange of information for the purpose of creating a change of behavior in the students. Key strategies for the organization and presentation of information essential to teaching and learning are:

Simple to complex—evidenced by curriculum content and level of thinking skills required in the accomplishment of each objective;

Concrete to abstract—in terms of curriculum content;

Repetition strengthens learning—in content related to didactic, clinical, and post-conference and practice of basic nursing skills.

Needs:

Identified problems or deficits that affect or have the potential to affect an individual's optimal health status. These are prioritized according to Maslow's hierarchy of needs.

Scope of Nursing:

The diagnosis and treatment of an individual's response to actual and/or potential health problems or deficits.

Vocational Nursing:

A component of the entire scope of the nursing practice. When the care of an individual is guided by a written plan, Vocational Nursing is manifested through clinical practice that involves assistance with:

Collection of data contributing to the formulation of nursing diagnoses;

Development of the care plan; Evaluation of the individual's response to interventions.

End of Program Student Learning Outcomes

This intensive, one-year full time program provides education and practical training in basic nursing care. The content is holistic in relation to the variety of nursing experience and in relation to the multiple need in patient care. Concorde Vocational Nursing graduates will:

1. Provide safe, caring and compassionate nursing care to diverse patients across the lifespan in various healthcare settings using evidenced based practice to improve outcomes.
2. Function as a competent, entry-level healthcare provider applying leadership and management skills and embracing ethical and legal principles in the provision of culturally appropriate nursing care.
3. Collaborate with members of the inter-professional healthcare team to provide optimal care for diverse patients and their families.
4. Communicate effectively through verbal, nonverbal and technological methods with patients, families and members of the inter-professional healthcare team.

A diploma will be issued upon successful completion of the program. Upon meeting all state requirements graduates will be prepared to sit for their state licensing examination.

Type: Diploma

Financial Information

Financing Requirements

All students must have a financing package on file no later than the seventh calendar day of their first term. This may include but is not limited to application and confirmation of eligibility for Title IV funding, if desired; executed individual payment plan; completion of all documentation needed to secure non-Title IV funding (e.g., WIOA, VA, state grant).

Concorde reserves the right to withdraw at any time any student who fails to complete their individual financing requirements or make timely payments.

Cancellation & Refund

Student's Right to Cancel

Applicants or students may cancel or terminate their enrollment at any time, before or during their training. Applicants should notify an Academic Dean or Campus President of their intent to cancel or withdraw either in person, via, telephone, email, or in writing.

All monies will be refunded if the school does not accept the applicant or if the Student cancels within three (3) business days (excluding Saturdays, Sundays and holidays) after signing the Enrollment Agreement and making initial payment. Cancellation after the third (3rd) business day, but before the first class, will result in a refund of all monies paid, with the exception of the application fee. If notice of cancellation is received, refunds will be paid by the school within 30 days after receipt of the notice of cancellation. After the expiration of the cancellation period, the school is entitled to retain the application fee.

Students who have not visited the school prior to enrollment will have the opportunity to withdraw without penalty within three (3) days following either attendance at a regularly scheduled orientation or following a tour of the school and inspection of the equipment.

In all cases, refunds will meet or exceed the requirements of TEC, §§ 132.061 and 132.0611 and TAC Chapter 807, Subchapter N.

Student's Right to Withdraw

The Institution's policy for determining the Student's withdrawal date is the earlier of (A) the date the Student notifies the Institution of his or her withdrawal or the date specified by the Student or (B) the last recorded date of class attendance by the Student, as documented by the Institution, if the Student stops attending classes without notifying the Institution or (C) the date the Student violates published Institution policy that provides for the Student being withdrawn or (D) 10 business days following the last recorded date of attendance.

The Student's start date through the last date of attendance will determine the percentage of program completion, and the applicable percentage will be applied to the formula used in the refund calculation as stated below.

For students withdrawing from degree-granting programs or the Vocational Nursing program, the percentage of program completion is calculated by dividing the number of weeks the Student was scheduled to attend in the period of enrollment or payment period as of the last recorded day of attendance into the number of weeks comprising the period of enrollment or payment period for which the Student has been charged.

For students withdrawing from diploma programs, the percentage of program completion is calculated by dividing the number of hours the Student was scheduled to attend in the period of enrollment or payment period as of the last recorded day of attendance into the number of hours comprising the period of enrollment or payment period for which the Student has been charged.

Refund Policy

Refunds are made for a student who withdraws or is withdrawn from the Institution prior to the completion of his/her program and are based on the tuition billed for the payment period or period of enrollment in which the Student withdraws, according to the Refund Calculation set forth below. Refunds will be based on the total charge incurred by the Student at the time of withdrawal, not the amount the Student has actually paid. The date from which refunds will be determined is the last date of recorded attendance. Refunds will be made within 45 calendar days of the notification of an official withdrawal or date of determination of withdrawal by the Institution. Students who withdraw, or are withdrawn prior to the end of the payment period or period of enrollment are subject to the Return of Title IV Funds Policy noted below which may increase their balance due to the Institution. If there is a balance due to the Institution after all Title IV funds have been returned, this balance will be due immediately, unless a cash payment agreement for this balance has been approved by the Institution. Concorde does not refund charges for books issued to the Student unless the books are returned in new and unused condition within 14 calendar days following the date of receipt or Student withdrawal. Credit balances due to the Student of less than $5 (after all Title IV refunds have been made) will not be refunded unless requested by the Student.

Refund Policy for Students Called to Active Military Service

A student of the Institution who withdraws from the Institution as a result of the Student being called to active duty in a military service of the United States or the Texas National Guard may elect one of the following options for the program in which the Student is enrolled:

1. If tuition and fees are collected in advance of the withdrawal, a pro rata refund of any tuition, fees, or other charges paid by the Student for the program and a cancellation of any unpaid tuition, fees, or other charges owed by the Student for the portion of the program the Student does not complete following withdrawal;
2. A grade of incomplete with the designation "withdrawn-military" for the courses in the program, other than courses for which the Student has previously received a grade on the Student's transcript, and the right to re-enroll in the program, or a substantially equivalent program if that program is no longer available, not later than the first anniversary of the date the Student is discharged from active military duty without payment of additional tuition, fees, or other charges for the program other than any previously unpaid balance of the original tuition, fees, and charges for books for the program; or
3. The assignment of an appropriate final grade or credit for the courses in the program, but only if the instructor or instructors of the program determine that the Student has:
    a. Satisfactorily completed at least 90 percent of the required coursework for the program; and
    b. Demonstrated sufficient mastery of the program materials to receive credit for completing the program.

The payment of refunds will be completed such that the refund instrument has been negotiated or credited into the proper account(s), within 60 days after the effective date of termination.

Refund Calculation

Effective: 12/05/2024

The schedule of refunds for students who withdraw after starting school, or are dismissed by the Institution, will be computed as follows:

- If a first-time student withdraws within the first twenty-one (21) calendar days of his or her program of study, no tuition charges or technology fee will be incurred.
    - A first-time student is defined as one who has not previously attended the Institution.
- If a student withdraws after the first twenty-one (21) calendar days, but prior to the 75 percent point of the period of enrollment or payment period for which he or she has been charged, the Student shall be entitled to a pro rata refund of the tuition charged for the period of enrollment or payment period.
- If a student withdraws after the 75 percent point of the period of enrollment or payment period for which he or she has been charged, the Student shall be obligated for the tuition charged for the entire period of enrollment or payment period and not entitled to any refund.

Student Notifications Regarding Withdrawal and Refunds

Effective: 07/20/2020

A $100.00 administrative fee will be assessed to anywithdrawn student eight days after their last date of attendance.

In case of prolonged illness or accident, death in the family, or other circumstances that make it impractical to complete the program, the Institution shall make a settlement that is reasonable and fair to both parties.

Students may repeat a course. If the Student should withdraw from the program for any reason, based on the refund policy, the hours or weeks in attendance for repeating a course, depending on the program, will be used in the program completion percentage calculation in determining the Student's financial obligation to the Institution.

If any portion of your tuition was paid from the proceeds of a loan, the refund will be sent to the lender or to the agency that guaranteed the loan. Any amount in excess of the unpaid balance of the loan will be first used to repay any federal/state/private student financial aid program from which you received benefits, in proportion to the amount of the benefits received. Any remaining amount greater than $5.00 will be paid to you. If there is a balance due, you will be responsible for paying that amount.

A student who withdraws for a reason unrelated to the Student's academic status after the 75 percent completion mark and requests a grade at the time of withdrawal shall be given a grade of "WI" (withdrawn but incomplete) and permitted to re-enroll in the course or program during the 12-month period following the date the Student withdrew without payment of additional tuition for that portion of the course or program.

Financial Aid Office

The Financial Aid Office is open to students during the hours posted on campus. Students are encouraged to call or visit the office if they have any questions or need assistance regarding their financial aid.

The resources of the Financial Aid Office are available to all students. Financial Aid staff members assist students in determining individual eligibility for the various aid programs and in completing the necessary applications and paperwork. To receive federal financial assistance, students must maintain satisfactory academic progress toward completion of their program as outlined in the school catalog. The Financial Aid Office is responsible for monitoring each student's academic progress to ensure continued eligibility.

Student Responsibilities

- Students must promptly return all required applications and paperwork to the Financial Aid Office.
- If the Financial Aid Office needs to see a student, the office will contact the student personally. It is the student's responsibility to see Financial Aid when notified.
- Each student who receives a student loan is required to complete entrance and exit counseling. The Financial Aid Office will notify each student when these sessions are scheduled. If a student misses a session, it is the student's responsibility to contact the Financial Aid Office to reschedule a date.
- If a student obtains a loan to pay for an educational program, the student will be responsible for repaying the full amount of the loan plus interest, less the amount of any refund.

Financial Aid

Concorde Career College participates in the United States Department of Education's Federal Student Assistance programs. These programs are available for those who qualify.

Federal Pell Grant

The Federal Pell Grant is a grant to students who qualify under the federal financial need guidelines. Application is made through the Free Application for Federal Student Aid (FAFSA).

Federal Supplemental Educational Opportunity Grant (FSEOG)

The FSEOG is a grant that the school awards to students based on financial need and the availability of funds. Application is made through the Free Application for Federal Student Aid (FAFSA).

Federal Subsidized and Unsubsidized Loans

Subsidized and Unsubsidized Loans are low-interest loans made by the U.S. Department of Education. See Financial Aid for details.

Federal Parent Loans for Undergraduate Students (PLUS)

The Federal PLUS Loan is a low-interest-rate loan available for parents of dependent, undergraduate students enrolled at least half time. Applications are available online athttps://studentaid.gov/.

Default

If you received a loan guaranteed by the federal or state government and you default on the loan, both of the following may occur:

1. The federal or state government or a loan guarantee agency may take action against you, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
2. You may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.

Alternative Financing

For those students who qualify, alternative financing is available through several lenders. Cosigners may be necessary, depending on credit history.

Other Aid

Effective: 10/29/2021

Your education is a major financial investment. Flexible payment options are available to help make your costs more manageable. Concorde Career College offers many different payment plans depending on your financial situation. Retail Installment Contracts are available to be paid in school prior to your graduation date at a 0% interest. If you are unable to pay by your graduation, we offer extended retail installment contracts. See your Campus Financial Representative for more information.

Veterans Administration Students

Prior Credit Evaluation

All official college transcripts need to be submitted for evaluation for prior credit by the 24thweek of school or by the end of the second term.

Veterans Benefits and Transition Act of 2018

In accordance with Title 38 US Code 3679 subsection (e), this school adopts the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill®(Ch. 33) or Veteran Readiness and Employment (Ch. 31) benefits, while payment to the institution is pending from the VA. This school will not:

- Prevent the student's enrollment;
- Assess a late penalty fee to the student;
- Require the student to secure alternative or additional funding;
- Deny the student access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

However, to qualify for this provision, such students may be required to:

- Produce the VA Certificate of Eligibility (COE) by the first day of class;
- Provide a written request to be certified;
- Provide additional information needed to properly certify the enrollment as described in other institutional policies

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site athttps://benefits.va.gov/gibill/index.asp.

Partnership Agreements

Concorde participates in business and agency agreements with outside organizations. Enrollment pursuant to these agreements is contingent on the student meeting and maintaining eligibility as defined in individual agreements.

Any student who originally enrolled with a partnership agreement will need to reverify eligibility to return if he or she is withdrawn from the program.

Concorde Institutional Grants Program

Effective: 07/13/2026

Concorde makes available institutionally-sponsored grant programs to students who qualify. Specific conditions, criteria and awards may vary. Any grant awarded will be applied only to the costs of tuition, fees and books. Grants awarded have no cash value and will not result in a cash or credit balance. A grant cannot be combined with any other Concorde grant, employee education benefit, B2B/partnership discount or any Concorde scholarships except for the Kozet Boyd and Working Student Scholarships.

Grant programs are subject to available funding and may be discontinued at any time.

Healthcare Demand Grant

Applicable only to the following programs:

- Dental Assistant
- Polysomnographic Technology
- Radiologic Technology
- Vocational Nursing — (Day Program Only)

The Healthcare Demand Grant is designed to assist new, enrolling students who are pursuing education in a healthcare program. There is no application process and all newly enrolled students are reviewed for eligibility.

Grant Amount:

Grant amounts vary by program. See the term sheet for each program for more information.

Grant Deadline: December 7, 2026

Eligibility Criteria:

- Newly enrolled student in a healthcare program **who enroll and start prior to December 14, 2026**
- Achieve the required score on the Wonderlic entrance assessment

Previous Education Grant

Applicable only to the following programs:

- Surgical Technology
- Vocational Nursing

The Previous Education Grant is designed to assist new, enrolling students who are pursuing education in a healthcare program and who have previously graduated from an accredited postsecondary institution with an associates, bachelors or masters degree. There is no application process and all newly enrolled students are reviewed for eligibility.

Grant Amount:

Grant amounts vary by program. See the term sheet for each program for more information.

Grant Deadline: December 7, 2026

Eligibility Criteria:

- Newly enrolled students in a healthcare program **who enroll and start prior to December 14, 2026**
- Previously have graduated from an accredited postsecondary institution with an associates, bachelors or masters degree and provide a copy of the diploma or an official or unofficial transcript

Concorde Alumni Grant

Grant available to Concorde Alumni Enrolling in a Subsequent Degree/Diploma Program

Concorde seeks to encourage all graduates to continue their professional education as their career progress. In order to facilitate this Concorde offers a grant* in the form of a tuition reduction to Concorde graduates who enroll in a new program, with certain restrictions.

Grant Amount: Grant amounts vary by program. See the term sheet for each program for more information. **

Application Deadline: Year-Round

Eligibility Criteria:

- Be a graduate of a program of study at any Concorde location
- Meet all admissions criteria for the new program of study as defined in the college catalog***
- Must be current on any financial obligations to Concorde
- Is not in default or delinquent on any federal student loan

For Additional Details, Consult with the Campus Financial Aid Specialist.

*This is a tuition reduction applied to a student's current program of study tuition balance and not to any non -tuition expenses such as past balances, textbooks, uniforms, application fees, health screens, etc.

**The tuition reduction rate is applied to the net calculated tuition after all transfer credits have been factored. See campus catalog for more information.

***The following programs of study are not eligible for this tuition reduction: Cardiovascular Sonography (Denver), Neurodiagnostic Technology (Grand Prairie) and Dental Hygiene (all campuses except Memphis and Miramar).

High School Senior Grant

Available to graduating high school seniors who have been issued a high school diploma or its equivalent and intend to continue their education at Concorde Career College or Concorde Career Institute.

Eligibility:

- To be eligible to apply, a student must be a graduating high school senior
- Must be enrolled and start the program within 6 months after the student's high school graduation date
- Must have a minimum of a 2.2 GPA (4.0 scale)

Submission Requirements:

- A copy of a current high school transcript

Application Deadline: Year-Round

Grant Amounts:

- Core programs: $1500
- Clinical programs: $3500

*Cannot be combined with any other grants

**The following programs are not eligible for the grant

- Dental Hygiene
- Phlebotomy Technician
- Polysomnographic Technology
- Sterile Processing Technician
- Surgical Technology
- Vocational Nursing — Evening

First Responder Grant

Available to any first responder personnel intending to continue their education at Concorde Career College

Eligibility:

- To be eligible to apply, a student must be currently working or have previously worked as a first responder
    - Eligible first responder positions – EMT's, paramedics, police, firefighters, corrections officers and dispatchers

Submission Requirements:

- Documentation verifying working or having worked as a first responder in one of the listed positions

Application Deadline: Year-Round

Grant Amounts:

- Core programs: $2000
- Clinical programs: $4500

*Cannot be combined with another grant

**The following programs are not eligible for the grant

- Dental Hygiene
- Phlebotomy Technician
- Polysomnographic Technology
- Sterile Processing Technician
- Surgical Technology
- Vocational Nursing — Evening

Scholarships

Kozet Boyd Memorial Scholarship

The Scholarship Foundation for Concorde Career College established the Kozet Boyd Memorial Scholarship to assist students who display the same values and determination that Kozet epitomized as an educator with Concorde's North Hollywood campus. These scholarships are awarded to students who have demonstrated academic discipline and strong personal values that align with Concorde's Mission Statement and Core Values.

Kozet Boyd Scholarships will be based on personal circumstances and references, and the actual amount will be based on a recommendation from the Campus President.

Working Student Scholarship

The Working Student Scholarship (WSS) is a scholarship program to assist students, who worked prior to continuing their education, with meeting the financial obligations while career training at a Concorde school. If a student qualifies, the scholarship will be applied to the student's tuition expenses.

PROCESS:

1. The WSS will be published in the school catalog, and discussed with potential applicants during the Financial Aid process.
2. Any student who meets the Eligibility Considerations may apply by completing the application that is available in the Financial Aid Office, Front Desk, or Online.
3. The WSS Committee (Comprised of the CP and the FAD at each campus) will review the applications and select candidates to move forward in the approval process based on established Eligibility Considerations.
    a. Completed applications will be reviewed by the WSS Committee, no less than one week prior to class start.
4. This scholarship is awarded in the following increments:
    a. $1,000 for diploma programs and
    b. $2,000 for degree programs.
    c. A maximum of 500 students per fiscal year may receive this scholarship.
    d. The amounts awarded could be less than the above to avoid a credit balance.
5. The WSS Committee will ensure award notifications are communicated to students and the Financial Aid & Admissions departments prior to orientation.

DISBURSEMENT:

1. Scholarship awards will be incorporated into student aid packages.
    a. Scholarship funds are only used to cover direct costs and may not create a credit balance on the student's account.
2. For Clinical programs, funding will be awarded in two equal disbursements at the beginning of the first term and fourth term (after verification of other requirements).
3. For all other programs, funding will be awarded in two equal disbursements:
    a. Beginning of first term
    b. Midpoint (after verification of other requirements)
4. Prior to second disbursement of scholarship funds, Business Office Managers will confirm the student's continued eligibility.

ELIGIBILITY CONSIDERATIONS:

The WSS Committee will evaluate applications on the following criteria. Eligible candidates will:

1. Have a minimum of one year of employment (prior to application) with recommendation letter from Employer.
    a. Exceptions to the one year of employment may be made for single working parents at the sole discretion of the Campus President. Single parents who do not meet the minimum application requirement for proof of one year of employment may request an interview with the Campus President. If an interview is granted, the Campus President may determine from the interview to allow the single parent with less than one year of employment to apply for this scholarship. The interview is not a guarantee of award but is only to determine if the applicant "may" apply, at which time the WSS Committee will review with other applications.
2. Have a minimum of one letter of recommendation from an employer
3. Express strong motivation, integrity, and desire to pursue their chosen healthcare career through a 80 word minimum "Statement of Commitment".
4. Meet all institutional and program-specific admissions criteria
5. Be enrolled to start at the first available class start date following the scholarship award notification
6. Completed scholarship application form

CONTINUED ELIGIBILITY REQUIREMENTS

1. This is a first come, first serve scholarship so once the Campus limit is attained for the applicable year, this scholarship is not available.
2. Students must graduate to remain eligible for the final disbursement
    a. If a scholarship recipient does not graduate, or withdraws from school, s/he loses continued eligibility and any award amounts not yet disbursed will be canceled.

3. Continued eligibility is based on the school's stated attendance requirements and the student maintains a 3.0 GPA for the duration of the scholarship award. If attendance requirements and GPA requirements are not met, the remaining balance created due to the loss of scholarship.
    a. Students who do not meet the Continued Eligibility Requirements outlined above may not re-apply for the scholarship.
4. If approved by WSS Committee and all eligibility requirements remain intact, students who have withdrawn in good standing and subsequently re-enter within 180 days, will have their Working Student scholarship funding reinstated, less any prior disbursements.

Education Costs

Concorde will assist students in developing financial plans to pay for their education through a combination of student or family contributions, financial aid (if eligible), and finance plans. All students must sign a Retail Installment Contract for direct educational costs not covered by Title IV or agency funding. All payments are the full responsibility of the student and are payable as stated in the student's Enrollment Agreement and retail installment contract if applicable.

Students may be required to make monthly payments while attending school. Payment amounts are based upon the program in which the student is enrolled and the amount of financial aid the student may be receiving.

Any change in financial situation that may affect a student's financial aid or ability to make scheduled payments must be discussed with the Financial Aid Office and the Business Office.

Failure to keep all payments current may result in withdrawal from the school.

Return of Title IV Funds Policy

The Institution follows the federal Return of Title IV Funds Policy to determine the amount of Title IV funds the Student has received and the amount, if any, which needs to be returned at the time of withdrawal. Under current federal regulations, the amount of funds earned is calculated on a pro rata basis through 60% of the payment period or period of enrollment. After the 60% point in the payment period or period of enrollment, a Student has earned 100% of the Title IV funds. The Institution may adjust the Student's account based on any repayments of Title IV funds that the Institution was required to make.

Students who withdraw from school or are withdrawn by the school prior to completing more than 60% of their period of enrollment or payment period for degree programs (a period of time for which students receive Title IV aid) will have their Title IV eligibility recalculated based on the percentage of the period of enrollment or payment period for degree programs attended. For example, a student who withdraws completing only 30% of the period of enrollment or payment period for degree programs will have "earned" only 30% of Title IV aid. The school and/or the student must return the remaining 70%.

This policy applies to any student who withdraws or is withdrawn by Concorde Career College and receives financial aid from Title IV funds. The term "Title IV funds" refers to Federal Pell Grants, Federal Supplemental Educational Opportunity Grants (FSEOG), Subsidized Federal Stafford Loans, Unsubsidized Federal Stafford Loans, and Federal Parent Loans for Undergraduate Students (PLUS).

For purposes of the Return of Title IV Funds Policy, a student's withdrawal date is the student's last day of attendance.

Title IV aid is earned in a prorated manner on a per diem basis up to and including the 60% point in the period of enrollment or payment period for degree programs. Title IV aid is considered 100% earned after that point in time. The percentage of Title IV aid earned is calculated in the following manner for all programs:

$$\frac{\text{Number of days completed by the student*}}{\text{Number of days in the period of enrollment or payment period for degree programs*}} = \text{Percentage of period of enrollment or payment period for degree programs completed}$$

**The total number of calendar days in a period of enrollment or payment period for degree programs and the number of days completed by the student will exclude any scheduled breaks of five days or more.*

The percentage of period of enrollment or payment period for degree programs completed will be the percentage of Title IV aid earned by the student. The percentage of Title IV aid unearned (i.e., amount to be returned to the appropriate Title IV program) will be 100% less the percentage earned. Concorde Career College will return unearned aid from the student's account as follows:

1. Unsubsidized Direct Stafford Loans (other than PLUS loans).
2. Subsidized Direct Stafford Loans.
3. Direct PLUS Loans.
4. Federal Pell Grants for which a return of funds is required.
5. Federal Supplemental Educational Opportunity Grants (FSEOG) for which a return of funds is required.

Concorde will return the unearned aid within forty-five (45) days from the date the school determined the student withdrew.

When the total amount of unearned aid is greater than the amount returned by Concorde Career College from the student's account, the student is responsible for returning unearned aid to the appropriate Title IV program as follows:

1. Unsubsidized Direct Stafford Loans (other than PLUS loans).*
2. Subsidized Direct Stafford Loans.*
3. Direct PLUS Loans.*
4. Federal Pell Grants for which a return of funds is required.**
5. Federal Supplemental Educational Opportunity Grants (FSEOG) for which a return of funds is required.**

** Loan amounts are returned in accordance with the terms of the promissory note.*

*** Unearned federal grant amounts to be returned by the student will be reduced by 50%.*

Within forty-five (45) days of the date the school determined the student withdrew, the student will be notified in writing if he or she is required to return any federal grant aid (Federal Pell or FSEOG). The student is considered to be in an overpayment status. A student who owes a federal grant overpayment remains eligible for Title IV funds for a period of forty-five (45) days from the earlier of the date the school sends a notification to the student of the overpayment or the date the school was required to notify the student of the overpayment.

If during the forty-five (45)-day period the student repays the overpayment to the school or signs a repayment agreement with the U.S. Department of Education, the student will remain eligible for further Title IV funds. If during the forty-five (45)-day period the student fails to repay the overpayment or sign a repayment agreement with the U.S. Department of Education, the student is considered to be in an overpayment status and, thus, ineligible for any additional Title IV aid until that amount is repaid.

Refund Procedures for Non-Title IV Financial Assistance

Refunds for state aid programs and applicable third-party funding agencies (e.g., Veterans Administration, WIOA, etc.) will be calculated as stated in the Cancellation & Refund provisions published in this catalog and in the student's Enrollment Agreement. Any state or third-party funding agency refund due will be calculated based on the agency contract or guidelines.

Student Information & Affairs

Annual Security Report

The school publishes the policies and procedures for reporting crimes, as well as the types of crimes that have been committed on or near the campus, in the Annual Security Report. This publication is distributed annually to all students and is available at any time from a school administrator or on the school's website.

Canceled Class Policy

When a scheduled class is canceled for unforeseen reasons (e.g., inclement weather, power outage, etc.), the class will be made up before the end of the term in which the cancellation occurred. If students are unable to attend the rescheduled class, they will be marked absent, and the Student Attendance Policy will apply.

In the event of unfavorable weather conditions, classes may be canceled at the discretion of the Campus President. Students will be notified through local television and radio stations and on social media.

Graduate Employment

Placement services are available at any Concorde Career Institute/College, owned by Concorde Career Colleges, Inc. The Graduate Employment staff will assist students in their career search throughout and upon successful completion of studies by offering information on career opportunities, temporary assignments, résumé preparation, and guidance in interviewing techniques. Professional development seminars are conducted throughout each program to assist students in developing their interpersonal skills. The following services are included: career overview at orientation, pre- and post-interview techniques, personalized skills matching, one-on-one résumé review, career progression tips and completion certificates for professional portfolios.

Concorde does not guarantee employment for its graduates. Graduates are considered to be partners with Concorde in their career search. Graduates are expected to maintain consistent communication with their graduate employment team during their job search. This procedure keeps the school informed of a graduate's employment status and allows the school to keep the graduate current with career opportunities.

Drug & Alcohol Abuse Policy

Concorde Career College ("Concorde") supports and endorses the Federal Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act amendments of 1989.

The unlawful manufacturing, distribution, dispensation, possession, or use of alcohol, marijuana, or any controlled substance by an employee or student on Concorde's property or as part of any Concorde activity is prohibited. Any student or employee of Concorde found to be using, possessing, manufacturing, or distributing alcohol, marijuana, or any controlled substances in violation of the law on Concorde property or at Concorde events shall be subject to disciplinary action. For employees, the school will take appropriate personnel action for such infractions, up to and including dismissal. Students who violate this policy will be dismissed and are not eligible for readmission.

For purposes of this policy, "conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence or both by any judicial body charged with the responsibility of the federal or state criminal drug statutes.

Health Risks

Abuse of alcohol and use of drugs is harmful to one's physical, mental, and social well-being. With excessive drug use, life becomes centered on drugs to the exclusion of health, work, school, family, and general well-being. Accidents and injuries are more likely to occur if alcohol and drugs are used. Alcohol and drug users can lose resistance to disease and destroy one's health. Increasing tolerance developed by the user complicates the effects of drug use. This tolerance may be psychological, physiological, or both and may lead to greater danger of overdose.

Alcoholism takes a toll on personal finances, health, social relationships, and families. Abuse of alcohol or use of drugs may cause an individual driving a motor vehicle to injure himself or herself or others and may subject the person to criminal prosecution.

The following summarizes the effects and dangers of the major categories of drugs:

Amphetamines: Physical dependency, heart problems, infections, malnutrition, and death may result from continued high doses of amphetamines.

Narcotics: Chronic use of narcotics can cause lung damage, convulsions, respiratory paralysis, and death.

Depressants: These drugs, such as tranquilizers and alcohol, can produce slowed reactions, slowed heart rate, damage to liver and heart, respiratory arrest, convulsions, and accidental overdoses.

Hallucinogens: These drugs may cause psychosis, convulsions, coma, and psychological dependency.

Counseling, Treatment, or Rehabilitation Programs

The administration of Concorde maintains a list of hospital and community agencies available to assist employees and students seeking alcohol and drug counseling and treatment.

Employees and students who have a substance-dependency problem are strongly encouraged to obtain counseling and treatment. Anyone seeking additional information about health problems and treatment related to alcohol and drug problems can contact the Campus President or Human Resources. Requests for assistance will be held in complete confidentiality and will be provided on a need-to-know basis only.

Penalties

A student suspected of the possession, sale, manufacture, use, or distribution of a controlled substance, may be suspended from the student's program of study during the investigation and may become ineligible for continued participation in the Higher Education Act (HEA), Title IV Student Assistance Programs. If convicted, the student's relationship with Concorde will be terminated, and the student may lose the ability to participate in the HEA, Title IV Student Assistance Programs.

A student who violates any provision of this policy shall be subject to appropriate disciplinary action to include dismissal from Concorde. A student who is dismissed is not eligible for readmission.

In addition, any student or employee who violates the standards of conduct as set forth in this policy may be subject to referral for prosecution.

Health Requirements

Health Services

Effective: 11/22/2023

The school does not provide health services on campus.

- Immunizations: Clinical/externship sites may require various vaccinations prior to participation in a clinical/externship rotation. Program Directors maintain a list of vaccination requirements, which can be provided upon request. The immunization requirements are based on general requirements for working in a healthcare setting and may change without notice. It is the students' responsibility to ensure compliance with immunization requirements at their own cost. Students who qualify for exclusion must request an exemption; there is no assurance a clinical site will accept the exemption. Furthermore, if a student does not obtain required immunizations or is unable to provide documentation of past immunizations to meet clinical requirements, Concorde cannot guarantee placement at a clinical/externship site. In these cases, the student may be required to complete additional health facility-specific documentation, including waivers. Under no conditions can Concorde guarantee employment.
- Health Insurance Coverage: The externship/clinical sites do not provide health insurance coverage for students. All students are covered by accident and liability insurance policies while in school, on externship or on a clinical rotation. This policy does not automatically pay for all medical expenses due to school-related accidents. It is designed to work together with the insurance the student may already have. A student is required to meet with the Program Director regarding the processing of a claim. None of the programs provide health insurance as part of the tuition fee. Health insurance is the sole responsibility of the student.
- Health Conditions: It is the responsibility of the student to inform the appropriate instructor(s) of any physical or mental condition that could interfere with the safety of the student and/or patient while at the externship/clinical site.

While ill, it is the responsibility of the student to notify the Program Director, the Director of Clinical Education (DCE)/Clinical Instructor/Extern Coordinator and the externship/clinical site. Students are not permitted to attend class, externship or clinical with a communicable disease.

General Information

Accessibility for Disabilities

The buildings are designed to be accessible to the disabled. Spaces are clearly marked and are reserved for disabled students, staff, and faculty. Cars parked in these designated areas without the proper identification will be towed.

Cellular Phones

Effective: 04/26/2024

Students may not use cell phones for personal reasons in the classroom unless approved by the instructor.

Personal cell phone use in Clinical - All policies set by our clinical site partners are priority for students and must be followed during clinical rotations. If the clinical site has a cell phone use specific policy, that policy will guide student cell phone use at the clinical site. Students must refrain from using their cell phone during patient care. Cell phones may be used on instructor approved breaks outside of patient accessible areas. If cell phone use becomes necessary

outside of approved times or during patient care, the student should immediately alert the instructor for further guidance. If this policy is violated, the student will receive a written advising for their first infraction. Any infraction thereafter may result in failure of the clinical course and may include dismissal from the program.

Commencement Ceremonies

To be considered a Concorde graduate, students are required to successfully complete all program requirements. This includes all phases of their didactic training as well as their externship and/or clinical education.

Participation in commencement ceremonies does not constitute official graduation. All requirements as stated in the school catalog must be fulfilled prior to conferment of graduate status. To be eligible to participate in the official commencement ceremonies, graduates must be current on all financial obligations at the time of commencement. (For details regarding graduation requirements, see "Graduation Requirements" in the "Academic Standards" section.)

Community Activities

Concorde participates in community activities and encourages students to become active community members. Students are encouraged to notify the Campus President, Academic Dean or Director of Student Affairs of any upcoming activities in which they would like the school to participate.

Customized Training

Concorde Career College offers customized training and technical assistance to employers on a contractual basis. Specialized curriculum and consultant services can be provided for business-specific needs.

Day Care Services

Children are not permitted in any class, nor are they allowed on school premises while a parent or guardian is attending class. For information regarding day care services available to students at a reasonable cost, students may contact the Student Affairs department. Many area day care centers understand the need for quality care at a reasonable cost while pursuing educational goals, and the school maintains a list of those centers.

Eating & Smoking

Students are welcome to pause, relax, eat and drink in the student lounge. Smoking, in all forms (e.g., cigarettes, e-cigarettes), and chewing tobacco are not allowed in the building. If students wish to smoke or chew tobacco, they may do so outside of the building in designated areas. Absolutely no food or beverage are allowed in the labs. Absolutely no food or beverage are allowed in the classrooms unless approved by the campus administration.

Emergency Telephone Numbers

Each student must provide the school with one or more telephone numbers where a family member may be reached in an emergency. Only in the case of an emergency will a student be called out of class to take a telephone call.

Institutional Information Dissemination

Federal regulation 34 CFR 668.44 requires Concorde to designate an employee or group of employees who shall be available on a full-time basis to assist enrolled or prospective students in obtaining information on the following topics:

- Financial assistance information.
- Tuition and costs, withdrawal and refund policy, academic progress, facilities, faculty, and school approvals.
- Completion and retention rate calculations.
- Institutional Security Policies.

If a student has any questions, he or she should see one of the following personnel: Campus President, Director of Admissions, Financial Aid Director or Academic Dean.

Insurance

Effective: 03/16/2026

Concorde provides a student accident insurance plan that may cover injuries due to an accident that occurs while attending or participating in a Concorde-supervised and sponsored activity. The policy is intended to reimburse students on claims to their own insurance carrier, first (if they have insurance). The plan has up to a $10,000 limit on covered benefits. For clarification, students can check with their Campus President.

International Student Services

Concorde does not admit students based on student visas because Concorde does not participate in the SEVIS program.

Language of Instruction

All classes at Concorde are conducted in English. No English language services are provided. All students must be able to demonstrate the English language proficiency of a U.S. high school graduate.

Lost Books & Supplies

Textbooks and curriculum materials are provided for all students; however, lost books are the student's

responsibility to purchase at cost. Students will be expected to furnish such incidentals as paper, notebook, pencils and pens.

Maximum Class Size

Classes are generally limited in size not to exceed 30 students per laboratory or lecture session. Specific programmatic requirements are addressed in the program section of this catalog.

Parking

Parking is provided for students. Students park in the parking lot at their own risk. Concorde is not responsible for any damage or loss.

Personal Belongings

Purses, clothes, books, etc., should not be left unattended, as the school does not assume responsibility for loss or theft.

Personal Data Changes

Any change of name, address, email or telephone number must be reported to the Registrar's office as soon as the change occurs. Emergency information should be kept current at all times.

Refresher Training

Concorde offers limited refresher training to its graduates. A graduate may apply for refresher training at any Concorde Career College/Institute offering similar classes.

Graduates may be accepted for refresher training (excluding externship) on a space-available basis. The graduate must be in good standing with the Business Office. No tuition will be charged. The graduate must have or purchase current text(s), workbook(s), digital materials, and/or uniform(s) as required. The graduate is required to adhere to current school policies governing attendance and dress.

Student Affairs

Concorde associates make every effort to maintain close communication with their students. Students have access to faculty and administrative staff for both vocational and academic advising. Students experiencing personal challenges that require professional advising will be referred to the appropriate agencies.

Student Housing

While the school does not offer on-campus housing for its students, living accommodations are available within a convenient distance of the school. Students must arrange for their own housing.

Student Injuries

Students injured while attending school, participating in a school-supervised function, or in transit to or from supervised school activities are to report immediately to the instructor who will accompany the student to the Campus President. If necessary, immediate emergency procedures will be implemented, and a member of the staff or faculty will accompany the student, in the absence of a parent, guardian, or spouse, to the appropriate medical facility. Refer to the "Insurance" section in this catalog for more information.

Student Complaint & Grievance Policy

Students are encouraged, at all times, to communicate their concerns to members of the faculty and administration. If a situation arises in which a student has a complaint or grievance the student is to adhere to the following procedure:

1. Within 72 hours: Discuss the matter with his or her instructor, if applicable. If not resolved,
2. Within the following 72 hours: Discuss the matter with the Program Director. If not resolved,
3. Within the following 72 hours: Discuss the matter with the Academic Dean. If not resolved,
4. Within the following 72 hours: Discuss the matter with the Campus President/Director.

If a student is still unable to resolve the issue, a written grievance statement along with supporting documentation may be submitted to the Campus President. The written statement should include the details of the student's issue, a summary of the conversations the student had with individuals while following the above procedure, and an explanation as to why the student believes the issue remains unresolved.

The Campus President will schedule a grievance committee meeting within three business days of receipt of the written grievance. Students are required to appear before the grievance committee. The Campus President will inform the student of the time and place to appear before the committee. The grievance committee has the responsibility of reaching a decision that is in balance with the best interest of both the student and the college. Students will be notified in writing within three business days of the committee's decision. Legal representation is not permitted since a grievance committee meeting is not considered a legal proceeding.

Further, students have the right to report any apparent inconsistencies with the application of the Student Complaint & Grievance Policy outlined in the school catalog. The request must be completed in writing and submitted to Concorde's Campus Support Center Student Affairs Department

at:studentaffairs@concorde.edu. The request must include a summary of the student's grievance and any details and supporting documentation of the student's conversation with campus staff regarding the grievance, and it must describe how the campus' management of the grievance procedure was inconsistent with the school catalog. The Student Affairs Department will research the student's report as deemed appropriate, including requesting additional information from the student as needed, and render a final decision that is binding. The student will be notified in writing of the decision.

Additional Student Grievance Options

Effective: 01/04/2022

Accrediting Commission of Career Schools and Colleges (ACCSC) Student Complaint Procedure

Schools accredited by the Accrediting Commission of Career Schools and Colleges must have a procedure and operational plan for handling student complaints. If a student does not feel that the school has adequately addressed a complaint or concern, the student may consider contacting the Accrediting Commission. All complaints reviewed by the Commission must be in written form and should grant permission for the Commission to forward a copy of the complaint to the school for a response. This can be accomplished by filing the ACCSC Complaint Form. The complainant(s) will be kept informed as to the status of the complaint as well as the final resolution by the Commission. Please direct all inquiries to:

Accrediting Commission of Career Schools & Colleges

2101 Wilson Boulevard, Suite 302

Arlington, VA 22201

(703) 247-4212

www.accsc.org | complaints@accsc.org

A copy of the ACCSC Complaint Form is available at the school and may be obtained by contacting complaints@accsc.org or at https://www.accsc.org/Student-Corner/Complaints.aspx.

Texas Workforce Commission Procedure

If a student does not feel that the school has adequately addressed a complaint or concern, the student may consider contacting the Texas Workforce Commission (TWC). All complaints considered by the TWC must be in written form, with permission from the complainant(s) for the TWC to forward a copy of the complaint to the school for a response. The TWC will keep the complainant(s) informed as to the status of the complaint as well as the final resolution. Please direct all inquiries to:

Texas Workforce Commission Career Schools and Colleges 101 East 15th Street, Room 226-T Austin, TX 78778-0001 512-936-3100http://csc.twc.state.tx.us

Texas Higher Education Coordinating Board Procedure

Students enrolled in any degree granting program may, after exhausting the institution's grievance/complaint process, initiate a complaint with the Texas Higher Education Coordinating Board (THECB) by sending the required forms either by electronic mail to StudentComplaints@thecb.state.tx.us or by mail to the Texas Higher Education Coordinating Board, Office of General Counsel, P.O. Box 12788, Austin, TX 78711-2788. All complaints must include a student complaint form and a signed Family Educational Rights and Privacy Act (FERPA) Consent and Release form, which is at the bottom of the student complaint form. These forms may be accessed at:

http://www.thecb.state.tx.us/index.cfm?objectid=989FE9A0-2213-11E8-BC500050560100A9.

The web address for the rules governing student complaints is:

http://texreg.sos.state.tx.us/public/readtac$ext.TacPage?sl=R&app=9&p_dir=&p_rloc=&p_tloc=&p_ploc=&pg=1&p_tac=&ti=19&pt=1&ch=1&rl=116.

A student in the Dental Hygiene program may direct an unresolved complaint to:

Commission on Dental Accreditation
211 East Chicago Avenue
Chicago, IL 60611
312-440-4653
www.ada.org/coda

A student in the Neurodiagnostic Technology program may direct an unresolved complaint to:

Committee on Accreditation for Education in Neurodiagnostic Technology (CoA-NDT)
2206 Highland Ave
Morton, PA 19070
223-666-5952
www.coa-ndt.org

A student in the Nursing or Vocational Nursing programs may direct an unresolved complaint to:

Texas Board of Nursing
333 Guadalupe Street, Suite 3-460
Austin, TX 78701
512-305-7400
www.bon.texas.gov.

A student in the Polysomnographic Technology program may direct an unresolved complaint to:

Committee on Accreditation for Polysomnographic Technologist Education (CoA PSG)
1711 Frank Avenue
New Bern, NC 28560
252-626-3238

A student in the Surgical Technology program may direct an unresolved complaint to:

Accrediting Bureau of Health Education Schools (ABHES)
6116 Executive Blvd., Suite 730
North Bethesda, MD 20852
(301) 291-7550
https://www.abhes.org/

Student Tutoring & Advising

Assistance is available for students who require individual tutoring in order to raise their grades to a passing level. Students who simply wish to further enhance their own clinical or theoretical knowledge may also take advantage of this service. Students should contact their instructor, Program Director, or Academic Dean for further details.

Changes

In keeping with the school philosophy of remaining responsive to the needs of students and employers, the school reserves the right to make modifications and schedule changes without additional charges to the student and within regulatory guidelines.

If the school elects to make changes in course content, location, materials or class schedule, a student may elect to either: 1) agree with the changes in writing, or 2) choose not to continue in the program and receive a full refund. Any such changes shall be without additional charge to the student. In the event a program is cancelled or postponed prior to the start date, the student shall be entitled to a refund of all monies paid.

Academic Information

Clinical Experience/ Externship

Effective: 07/29/2026

Certain programs require students to serve a clinical experience/externship in the office of a physician, dentist, hospital, clinic, or long-term-care facility during, near the end or upon completion of academic training. The Director of Clinical Education (DCE)/Clinical Instructor/Extern Coordinator will arrange all clinicals/ externships. The clinical/extern site is under no obligation to employ the student following completion of the clinical/externship. During the clinical experience/externship, students are given the opportunity to put their classroom and laboratory training into practical application under actual employment conditions. While on clinical/externship, the student is under the supervision of a Clinical Instructor/Externship Site Supervisor and Externship Coordinator or school faculty. Any absence incurred during the clinical experience/externship must be reported to the Program Director, the Clinical Instructor/Extern Coordinator, DCE and the Clinical/ Extern Site Supervisor/Preceptor. Clinical experience/ externship must begin immediately upon assignment following classroom completion. All program and catalog requirements apply, including dress code, name tags, drug use, etc. Additionally, students must abide by the rules and regulations of the site to which they are assigned. This includes rules governing confidentiality of medical records and reports to conform to the Health Insurance Portability and Accountability Act (HIPAA). While on clinical experience/externship, students must comply with the following clinical/extern regulations:

1. The school will assign students to a clinical/ externship site. Students may not turn down a clinical/externship. The school cannot guarantee a particular facility or geographical location; however, Concorde will consider the student's request when making assignments. Students are not permitted to complete their clinical/externship experiences at current employers or sites where family members may have direct influence over students' clinical or externship experiences.
2. Students must work the same hours as employees at their assigned site. Some programs require 12-hour shifts and may be completed days, nights, and weekends to obtain the desired clinical skills. Depending upon state laws, a certain amount of time is required for lunch. Lunch time is not included in the total clinical/externship hours.
3. Clinical/externship is a part of the student's education. Students will not be paid and may be withdrawn from the program if the facility reports that they were asking for or receiving pay.
4. Clinical/extern sites may require that students be vaccinated/immunized for various diseases, be tested for drug usage and/or be checked for any criminal background prior to accepting them.
5. Students must meet the objectives on the clinical/ externship checkoff and their midpoint evaluations. An unsatisfactory evaluation from the healthcare facility may require the student to serve an extra clinical/externship period, return to school for further training, or result in his or her withdrawal from the school. Poor performance or removal from a clinical site may result in withdrawal from the program.
6. As part of the clinical/externship requirements, students are responsible for completing and submitting forms and documents as required. Students are responsible for accurate and prompt recording of work hours. Midterm evaluations (for programs requiring them) must be completed and submitted to the school at the halfway point of the externship. It is the student's responsibility to ensure that the healthcare facility has completed and signed all evaluations and time verification sheets.

   Students are required to submit all time verification sheets in a timely manner to ensure accurate recording of attendance and academic progress. Completed time verification sheets must be submitted within seven (7) calendar days of the scheduled activity or work period. Failure to submit time verification sheets within this timeframe may result in delays in attendance posting, potential impact to academic standing, and/or loss of credit for the associated hours.
7. It is the student's responsibility to attend scheduled meetings, including site interviews, before and during his or her clinical/externship. Students may be required to return to the campus during their clinical/externship at the direction of their Clinical Instructor/Extern Coordinator or Program Director.
8. Students are expected to behave in a professional manner at all times. Any conduct that reflects discredit upon the student, the school, or the site will subject the student to withdrawal from the school.
9. If a student is going to be late or absent, he or she must notify the healthcare facility and the Clinical Instructor/Externship Coordinator. Violation of attendance policy will result in probation or withdrawal from school.
10. Students should immediately notify their Clinical Instructor/Extern Coordinator/DCE if any problems are encountered during clinical/ externship: personality conflicts, illness, etc.

(Students must never walk off the site, for any reason, without first notifying their Clinical Instructor/Extern Coordinator or Program Director.)

11. Tuition payments must be kept current.
12. If a student is dismissed from a clinical/externship site, the Program Director will evaluate the circumstances of his or her dismissal, and a decision will be made regarding his or her status as a student. The student may be withdrawn or dismissed from school at that time. If the student is allowed to continue his or her clinical/externship and is dismissed from another site, he or she will be withdrawn from school. Students who are dismissed from clinical/externships will be required to repeat the entire clinical/externship.

Students may be required to travel up to 200 miles away from campus to attend clinical assignments, depending on programmatic requirements. Specific information regarding travel distance to clinical assignments will be provided to students during the enrollment process. Students are responsible for their own travel to and from clinical assignments and must plan accordingly.

Criteria for Assessing Student Performance While on Externship

Students must demonstrate passing scores in all courses, including practical written exams and hands-on lab exams, prior to being assigned an externship.

During the externship course, each student will be evaluated in the areas of professional performance and appearance, attendance, and practical skills. To complete the externship successfully, a student must satisfactorily perform each procedure outlined in the training plan and demonstrate satisfactory work habits.

If, when evaluated, the extern is unable to perform certain procedures properly, the student will be required to return to campus for additional training in the unsatisfactory areas. During the externship course, the student may be required to return to campus for weekly scheduled meetings to provide continued interaction with the Extern Coordinator. If the student's work habits are unsatisfactory on the first evaluation, the coordinator will confer with the student at that time. If work habits are still unsatisfactory at the end of the externship period, the student may be required to serve an additional externship. A student may repeat the externship only once. If failure of the externship occurs twice, the student will be withdrawn from the program.

The externship evaluation scale is as follows:

Score	Explanation
3	Student knows the underlying principles and carries out procedures skillfully and accurately.
2	Student performs procedures with a fair degree of accuracy.
1	Student performs most procedures but requires guidance and supervision.
0	Student is unable to perform procedures even with guidance and supervision.
X	Procedure was not observed or performed.

Student Records

Effective: 03/27/2023

The Registrar's office maintains academic records of all coursework completed at the school, and they are maintained on campus for five years. Academic transcripts are maintained indefinitely. Transcripts are released only after receipt of a signed, written request from the student. Transcripts issued to the student are marked "Issued to Student." Students are allowed one official transcript at no charge. A fee will be charged for each additional transcript. Students may request an unofficial transcript in this case. The word "Unofficial" will be stamped on the transcript. Third-party transcripts from other institutions cannot be released to any individual or institution./

Academic Units of Credit

One semester credit hour equals 45 units (and one quarter credit hour equals 30 units), comprised of the following academic activities:

- One clock hour in a didactic learning environment = 2 units
- One clock hour in a supervised laboratory setting of instruction = 1.5 units
- One hour of externship = 1 unit
- One hour of out-of-class work and/or preparation for the didactic learning environment or supervised laboratory setting of instruction that are designed to measure the student's achieved competency relative to the required subject matter objectives = 0.5 unit

Financial Aid Units of Credit

Concorde measures programs in either semester credit hours or financial aid units of credit. For financial aid eligibility and disbursements, the school uses the

system of clock hour to credit hour conversion established by the U.S. Department of Education. One credit is equal to 37.5 clock hours.

Measure of Program Duration

The ending date or graduation date from a program is a "scheduled" graduation date. In-service days, holidays, and other unscheduled events that could cause interruptions in scheduled training may influence the actual calendar length of a program.

Withdrawal Policy

Student-Initiated Withdrawal

Effective: 04/21/2023

Students who wish to withdraw may do so by contacting the Academic Dean or Program Director via telephone, mail, or preferably in person. The withdrawal date will be the student's last date of attendance. A student who withdraws during the first seven calendar days of a grading period will not have that course(s) recorded on his or her transcript. A student who withdraws after the first seven calendar days of a grading period will receive a grade of "W". This is not calculated in his or her cumulative grade point average (CGPA). The credits will count toward attempted credits.

The student will be provided with exit interview forms. There are financial and/or financial aid implications for withdrawing. Please consult with the Financial Aid and/or Business Office to determine how withdrawal will impact your student account.

Withdrawal for Violation of School Policy

The school may withdraw a student from his or her program of study for violation of published school policy. If a student withdraws from school without notifying the school, the withdrawal will be effective from the last date of attendance. If the student is withdrawn for violation of published school policy, the withdrawal date will be the last date of attendance.

A student who has been withdrawn during the first seven calendar days of a grading period will not have that course(s) recorded on his or her transcript. A student who has been withdrawn after the first seven calendar days of a grading period will receive a grade of "W," which is not calculated in his or her cumulative grade point average (CGPA). The credits will count toward attempted credits.

Course Drop/Add Policy

The Drop/Add period for each term is 7 calendar days. A student who does not attend a course or whose last date of attendance (LDA) in a course is within the Drop/Add period may be voluntarily or involuntarily withdrawn from the course without academic or financial penalty. A student who does not post any attendance in a course in the first 14 calendar days after the start of the term will be unregistered from the course and not receive a grade for the course.

Course Withdrawal Policy

Effective: 04/15/2024

A student withdrawing or being withdrawn from a course who has posted attendance after the Drop/Add period will receive a grade of "W". A student with attendance within the last seven calendar days of the course will receive the grade earned in the course. Withdrawing from a course may impact a student's eligibility for Financial Aid. Please speak with a Financial Aid Representative to discuss your individual account.

Program Changes

A student who wishes to change programs may do so at any time prior to starting classes. A student changing programs after starting classes will be evaluated according to the school's refund policy.

Program Monitoring

Concorde makes critical comparisons between the content of its programs and the needs and demands of business and industry by monitoring feedback from local agencies, the program advisory committee, test results, graduates, and employers. The instructors communicate closely with industry personnel to keep program objectives and content current.

Dress Code

Effective: 07/29/2022

Students are preparing for careers and should develop the habit of wearing appropriate attire. Students are required to wear the designated school uniform in class and on externship or clinical experience unless directed otherwise. Clinical/externship sites may require students to wear white shoes. Students are responsible for meeting dress code requirements for the site.

A student's personal appearance must be appropriate at all times when the student is in school uniform. The general requirements are as follows:

- Uniforms will vary by program.
- Uniforms or scrubs must be clean, wrinkle-free and well-fitted. Pants and dresses must be proper length.
- No outerwear is permitted in the classroom except for a lab coat or sweater as established by school/program standards.

- Shoes must be leather or vinyl, closed-toed, and closed heel. Students must keep their shoes clean and polished.
- Underclothing is to be worn while in uniform. Undergarments must not be visible.
- The ID badge is part of the uniform and must be visible at all times.
- College-approved lab coats may be worn over the regulation uniform. T-shirts or turtlenecks may be worn under scrubs, but they must be tucked in. T-shirts or turtlenecks must be removed in the lab if they become a safety hazard.
- Jewelry may not be worn with the uniform, except for one pair of small stud earrings, one ring (e.g., wedding and/or engagement ring, class ring) and a watch. Dangling earrings, hoop earrings, or multiple earrings will not be permitted. A single necklace that does not dangle may also be worn. For safety reasons, no jewelry may be worn under protective gloves. Jewelry used in body/tongue piercing other than the earlobe is not acceptable. Medical identification worn as a bracelet or necklace is acceptable.
- Hair must be of a natural hue, neatly combed, clean, and pulled away from the face, so that it does not hang in the face when bending over during lab/clinical activities. No head covers, including beads or jewels interwoven into the hair are to be worn. All religious head coverings must be approved by the Academic Dean.
- Fingernails must be kept short, clean, and neatly manicured. No polish, acrylic nails, overlays, or any synthetic enhancements to the natural nails.
- Proper daily hygiene, including the use of antiperspirant and mouthwash, is essential because students work very closely with others. Cologne and perfume should not be worn.
- Many healthcare facilities mandate coverage of tattoos, and students may be asked to leave a clinical or externship site if tattoos are visible. In order to ensure we are preparing you for the work environment of your chosen field, Concorde requires that students make a reasonable attempt to cover all tattoos.
- Eyelash extensions are prohibited.

Failure to comply with the above expectations may result in dismissal from the classroom, externship, and/or clinical site.

Licensure Payment Policy

Concorde is committed to preparing students with the skills and knowledge necessary to become entry-level practitioners in their field of study. Some of the programs offered by Concorde have employment outcomes where passage of a professional certification, licensure or registry examination may be required for employment or that will enhance potential employment opportunities. Concorde will pay exam fees for graduates of these programs based on the eligibility requirements below. Please discuss with your Program Director which exams are relevant to employment in your field of study and the requirements for successfully demonstrating examination preparedness.

Eligibility is determined by the graduate's completion of the following:

- Receive approval from the Program Director, Academic Dean or Campus President before testing.
- Take the exam within two months of graduation, or take the first available exam opportunity for those exams offered only on a periodic schedule.
- Meet all Concorde graduation requirements.
- Demonstrate that the student is prepared to sit for licensure by completing a "green light" process at the campus.

If a second attempt is necessary due to first-time failure, all of the following must be met:

- Evidence of a valid benefit to the student and college, such as meeting or exceeding programmatic licensure pass rate standards and/or graduate employment rate standards;
- Campus President approval;
- Proof that the graduate sat for, and completed, the first-time exam(s);
- Submission of exam scores from the student's first exam attempt;
- Successful completion by the graduate of a remediation program approved by both the campus-level Program Director and Concorde's Vice President of Academic Affairs or designee.

Registration and certification requirements for taking and passing these examinations are not controlled by Concorde, but by outside agencies, and are subject to change by the agency without notice. Therefore, Concorde cannot guarantee that graduates will be eligible to take these exams, at all or at any specific time, regardless of their eligibility status upon enrollment.

Distance Education/ Online

Effective: 04/02/2026

Concorde supports the educational needs of the busy adult learner, delivering some courses in an online format. Online classes are not intended as easy substitutes for learning on campus. Students will find that learning online can be as challenging and rewarding as attending on-campus but allows the flexibility of determining when learning is convenient. Although time is flexible, attendance and participation is expected and monitored.

The convenience of online courses allows students to work on assignments and participate in class discussions as their schedules permit within specified timeframes. Learning is achieved through both individual inquiry and collaboration. Each course encompasses a variety of different graded learning activities.

Students enrolled in online classes and programs are expected to be capable of using a computer to complete some or all of their coursework and be familiar with accessing Internet resources. In addition, they must have access to a reliable computer and high-speed Internet connection sufficient to complete their coursework. Students are also welcome to utilize the Concorde computer labs and/or the Learning Resource Center (LRC) to complete coursework. Online courses utilize the Canvas Learning Management System (LMS), a secure, web-based platform that employs multimedia technologies and is accessible 24 hours per day via Internet access. Prior to enrollment, prospective students will be required to complete an online assessment of their readiness to successfully complete their education in an online environment. The campus may require the student to participate in an orientation as well as online sessions at the campus.

Some courses may only be offered in a distance education format. Please refer to the Admissions Representative or Academic Dean for course schedules.

Attendance Requirements

Online education affords students great flexibility in managing their time. However, academic success requires that students engage in learning activities regularly and participate in meaningful interactions with faculty and fellow students. Specific daily attendance is not required for online courses, as it would be on a campus. Students are required, however, to log into their class regularly and submit assignments in a timely manner, or they may risk being withdrawn for lack of attendance.

For each course, initial attendance is recorded when a student logs into his or her class and completes a learning activity. Students who only view the syllabus but make no other substantive participation for the rest of the course are not considered enrolled. Attendance in subsequent weeks is recorded by a student completing a learning activity. The act of logging in each week does not constitute attendance; the student must participate by either engaging in the discussion board or submitting a graded assignment to be considered present for that week.

Once a student has logged into his or her class and completed a learning activity or assignment, he or she is considered officially enrolled in the course and expected to complete the entire course. Failure to post attendance for two consecutive weeks may subject the student to immediate withdrawal.

Coursework is assigned weekly. Students are expected to complete assignments according to the course outline. (Refer to the "Make-Up Work" policy for submitting missed coursework.) Students must show attendance within the first three days of the course, or they are subject to withdrawal from the course.

Learning Activities

Online students use the Canvas Learning Management System (LMS) to view video content, receive and submit project work and assignments, take assessments, quizzes and tests, communicate with instructors and classmates, and review course progress and grades. In keeping with the modality of online learning much of the content will be delivered either with e-books or digital content. Successful online learning requires the student to be an active participant in all learning activities. Learning activities will vary by course but may include:

- discussion thread posts
- exams, quizzes and assessments
- case studies
- group interactive assignments
- other graded assignments

All learning activities associated with a course will be clearly outlined on the syllabus page within each Canvas course. Attendance is recorded when the student submits any learning activity. Students must contribute weekly to the discussion forums. Deadlines are established differently based upon the length of each term. Concorde offers online courses and programs in four-week and 10-week terms.

Four-Week Modules

Due dates are established according to the day of the week the module starts. Weekly modules always begin at 12:00 a.m. CST and end at 11:59 p.m. CST. Courses generally last for four weeks. This is divided into four

modules within the online course. Each module is five class days in length and does not include weekends. Initial discussion board posts are always due on the third class day of the weekly module. Assignments, assessments and discussion board responses are due on the fifth or last class day of each weekly module.

Ten-Week Terms

Courses are 10 weeks in length, and the weekly module will always start on Monday (12:00 a.m. CST) to Sunday (11:59 p.m. CST). Initial discussion board posts are due not later than every Wednesday (11:59 p.m. CST), and assignments, assessments and discussion board responses are due by Sunday (11:59 p.m. CST).

Students who are considered officially enrolled in the course but do not fulfill all of the coursework required will receive a grade based on the assignments they have completed.

Faculty/Student Interaction & Academic Advising

Faculty/student interaction is critical for student success in an online environment. Online methods of interaction include online lectures, email, document sharing, and threaded discussions. Faculty members review and respond to student requests within a 24-hour time period.

Ground students who have opted to take some of their General Education courses online receive the same benefits as fully online students in regard to faculty interaction. However, student advising during midterms and finals will be the responsibility of the campus at which the student is enrolled.

Student Services

Effective: 07/15/2021

Students enrolled in online courses, whether they are fully online or ground students taking select General Education courses, will be given support and services. Ground students will be provided services directly through their home campus. Each campus has a designated "Online Success Coach" (OSC) who will be provided weekly reports for high-risk students and can provide basic troubleshooting within the Learning Management System (LMS). The OSC can also refer the student to the Director of Student Affairs located on campus.

Fully online students will have student support access through the Dean of Online Operations. The Dean will provide support to students who may be high-risk, typically via telephone or email, and may also assist students by involving other campus associates.

Learning Resources

Concorde Career Colleges, Inc., subscribes to multiple databases from Gale Cengage Learning, which is available to all students through the Canvas Learning Management System (LMS). Included in these materials are over 20,000 titles with peer-reviewed full text articles exceeding 8,000 as well as ebooks, experiments, projects, and images. Many of the students' immediate research questions can be met by using these online reference sources. The user-friendly web interface has information from leading medical journals, encyclopedias, newspapers, newsletters, and pamphlets.

Learning Outcomes

Learning outcomes for online coursework are the same as on-ground coursework.

Graduation Requirements

Students taking online courses must meet the graduation requirements for their chosen program of study.

Health Screens

Students enrolling in programs where health screens are required will be provided with a list of required immunizations. Students will be required to provide proof of immunization prior to beginning clinical rotations.

Uniforms

Students enrolling in programs where uniforms are required for clinical rotations are responsible for providing their own clothing in accordance with the established policies of the Institution where they will be completing their clinicals.

Academic Standards

Attendance Policy

General

Effective: 09/11/2023

Regular attendance in scheduled ground classes, clinical and externship experiences, and frequent and full participation in online activities is expected of all students. It is expected that students will complete all assigned work, both online and on ground, and complete all homework to receive the full benefit of the program. When a student enrolls, that student accepts the responsibility of participating fully in all coursework. Attendance is recorded for all appropriate online and on-ground activities and becomes part of the student's permanent record with the school.

Concorde recognizes, however, that unforeseen situations do occur in students' lives. For this reason, Concorde allows for specific Attendance Warning and Attendance Probation periods.

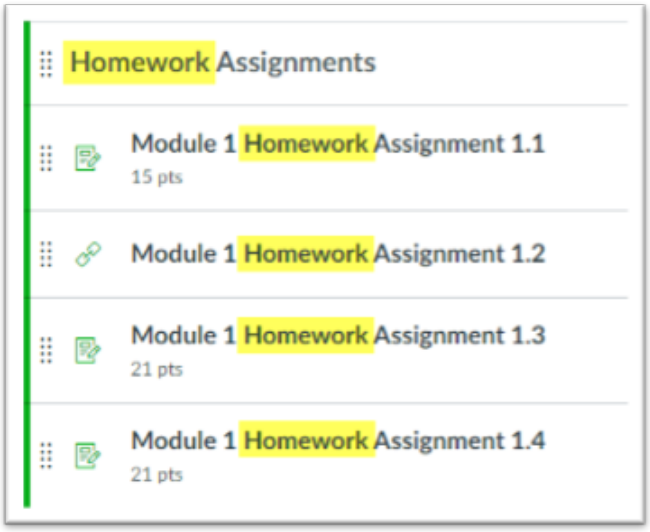

In all cases, a student will be withdrawn on the first business day following 14 consecutive calendar days of nonattendance online or on ground, excluding holidays and term breaks published in the school catalog.

Blended Programs (exclusive of externship & clinical)

Effective: 03/11/2021

Attendance for blended programs/courses may consist of the following:

- **Ground Attendance** (GA) is time awarded for classes scheduled at specific times on campus. Students are scheduled for these classes and any time absent will be recorded. This attendance includes on-campus lecture or lab activities. Students are expected to attend all GA activities within a term.
- **Online Attendance** (OA) are academic activities that a student completes online on his or her own schedule. These would include assignments, projects, simulation, and other academically related non-homework activities. Students will be awarded attendance based on the online completion and/or submission of activities.
- **Homework** is incorporated into many classes and is to be completed on the students' own time**.** Attendance is never awarded for activities identified as homework.

Sample Online Assignments Identified as "Homework"

Excessive Absences

Effective: 03/11/2021

Excessive absences will prevent a student from achieving course and program outcomes. For the purposes of this policy, excessive absences are defined as:

- Missing more than 20 percent of total scheduled Ground Attendance hours within a module for programs on four-week modules.
- Missing more than 10 percent of total scheduled Ground Attendance hours within a term for programs on 10-week or longer terms.

The Vocational Nursing attendance policy only has been revised to provide a temporary amendment revising how "excessive absences" are defined during the COVID-19 pandemic. The revised definition will temporarily allow the percentage of excessive absences be increased.

Excessive Absences are to be defined as: Missing more than 10 percent of total scheduled didactic time and 20 percent of total scheduled clinical time within a grading period for the Vocational Nursing Program that include clinical hours.

Attendance Warning

Effective: 03/11/2021

A student will be advised of their attendance performance and placed on Attendance Warning at the end of the first module or term during which the student has excessive absences. The student will remain on Attendance Warning until the end of the next term or module.

Attendance Probation

Effective: 03/11/2021

A student who is already in an Attendance Warning status will be advised of possible withdrawal and placed on Attendance Probation at the end of an Attendance Warning term or module during which the student has excessive absences. A student already on Attendance Probation will be withdrawn immediately upon having excessive absences during the term or module. A student who does not have excessive absences will remain on Attendance Probation until the end of the following term or module.

Return to Good Standing

Effective: 03/11/2021

A student in an Attendance Warning or Attendance Probation status who does not have excessive absences at the end of a term or module will be notified and returned to good standing.

Externship Courses

Effective: 11/10/2025

A student must complete all hours designated as externship within the time allotted to pass the externship course. Externship experiences are scheduled in partnership with the externship site. Students must plan sufficiently in advance to attend every day of the scheduled externship experience. In the event a student will be absent from, or will arrive late to a site, the student must contact the site and the appropriate school official immediately upon becoming aware of the situation. Except in cases of documented emergency, notification of absence or tardiness must occur at least 60 minutes in advance of the scheduled start time. If the site supervisor or school official determines that a student is not reliable for any reason, including absences, the student may be removed from the site and may be withdrawn from the program. Students will be required to make up missed hours prior to the end of the course.

Clinical Classes

Effective: 11/10/2025

Clinical participation is vital to student success, and students are expected to be present, on time, and prepared for every scheduled clinical experience.

- For programs that require full clinical attendance, a student must complete 100% of published clinical course hours by the last day of the term to pass the class. A student who does not complete all clinical hours in these programs will fail and be required to repeat the clinical class.
- For all other clinical programs, a student may not miss more than 10% of published clinical hours. A student who is absent more than 10% of the published clinical hours will be required to make up that time within the same clinical course. If the makeup time extends beyond the scheduled end date but can be completed before the next term begins, the student will receive an incomplete grade. Progression in the program is contingent upon successfully completing the clinical course and required hours. Should the student not complete the required hours, the student will fail and be required to repeat the clinical course, even if all clinical cases or competencies are met.

If, for any reason, a student will be late or absent for a clinical shift, the student must notify the instructor or other designated Concorde individual immediately upon becoming aware of the situation. Except in the case of a documented emergency, failure to notify of an absence or tardiness at least 60 minutes before a scheduled start time or arriving more than 30 minutes late to a scheduled clinical shift may result in disciplinary actions up to and including withdrawal from the program. Some clinical facilities may have additional or stricter attendance requirements for students. In this case, students are required to follow the attendance policy in place at the clinical facility.

Students who have any absence or absences that result in not completing the required clinical hours, lab competencies, or required cases shall fail the course. Clinical make-up sessions may be provided; however, the program's ability to provide make-up hours is dependent upon scheduling and other factors that may prohibit the availability of clinical make-up hours.

In addition, in Texas only, a student will be withdrawn immediately upon missing more than 20 percent of approved program hours. A student withdrawn for unsatisfactory attendance will be required to remain in a withdrawn status a minimum of one complete grading period.

Online Courses and Programs

Students taking online courses should refer to the Distance Education/Online section of the catalog for specific attendance requirements.

Make-Up Work

Effective: 02/10/2025

All graded work or performed competencies (letter grade or pass/fail) not completed by the due date, or missed due to absence, including being tardy or leaving early, will not be eligible for a grade. Students will receive a zero (0) for missed work or an "F" for missed

competencies. Instructors may approve an extension if a significant, documentable, and infrequent situation caused a student to miss a submission deadline.

The following procedure must be followed for consideration:

- A student must have a significant life event (e.g., natural disaster, personal or immediate family emergency, extended illness/hospitalization, personal injury, extended jury duty, military commitment).
- A student must present a request in writing (email is acceptable) no later than 48 hours after the due date and before the course ends. *Note, discussion boards are not eligible for late submission.
- If the student does not submit a request in the prescribed timeframe, they will not be eligible to submit the missed assignment or assessment. The student will receive a grade of zero (0) for all missed assignments and assessments.
- The student will have three (3) calendar days, or until the last day of the term, whichever comes first, to submit the missing work.

Marital, Parental and Military Leave Statuses

Concorde Career Colleges, Inc., complies with all requirements outlined in 34 C.F.R. 106.40 (a) and (b) with regard to the marital or parental status of students. Any student is eligible for leave in the care of pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom for so long a period as deemed medically necessary by the student's physician. The student will be administratively withdrawn from the Institution for this leave period. At the conclusion of the student's leave period, the student will be reinstated to the same academic and enrollment status that he or she held when the leave began. An academic skills assessment may be applicable upon return.

Additionally, Concorde complies with all requirements outlined in 34 C.F.R.668.18 (a), (e), and (g). Students who have been deployed, or are required to attend military training, will be administratively withdrawn from school for this leave period. The school will promptly readmit a service member into the same or similar program, under the same academic status and tuition at the time of withdrawal; in accordance with regulation, eligibility for this reinstatement is valid for up to one year from return from military service. The cumulative length of absence and of all previous absences from the school for military service may not exceed five years. Only the time the student spends actually performing service is counted. An academic skills assessment may be applicable upon return.

For further information on these statuses and how to apply, please contact a member of the Student Affairs department. For information on how these statuses impact your Financial Aid, please contact a member of the Financial Aid department.

Campus Safety Policy

Effective: 11/30/2023

Concorde is committed to providing a safe and productive environment for all Concorde associates and students. To help prevent incidents of violence from occurring, Concorde has implemented this campus safety policy. Concorde expressly prohibits any acts or threats of violence by an associate, student, or former associate against any other associate or student in or about its facilities or clinical sites at any time. Concorde does not condone any acts or threats of violence against associates, students, clients, or visitors by an individual on the school's premises at any time or while such an individual is engaged in business with or on behalf of Concorde, on or off the school's premises. In keeping with the spirit and intent of this policy and to ensure that the objectives in this regard are attained, Concorde is committed to the following policies:

- Providing a safe and healthy work and educational environment.
- Taking prompt remedial action up to and including immediate dismissal of any associate or student who engages in any threatening behavior or acts of violence or uses obscene, abusive, or threatening language or gestures.
- Taking appropriate action when dealing with clients, former associates or students, or visitors to the school's facilities who engage in such behavior. Such action may include notifying the police or other law enforcement personnel and prosecuting violators of this policy.
- Prohibiting associates, former associates, students, clients, and visitors from bringing unauthorized firearms or other weapons onto the school's premises.

In furtherance of this policy, associates and students have a "duty to alert" their supervisors, the Campus President, or Human Resources of any suspicious activity, situations, or incidents that they observe or know of that involve other associates, students, former associates, clients, or visitors and that appear problematic. This would include threats or acts of violence, aggressive behavior, offensive acts, and threatening or offensive comments or remarks. Associate and student reports made pursuant to this policy are held in confidence to the extent possible. Concorde will not condone any form of retaliation against any associate or student for making a report in good faith under this policy.

Threats against individual(s) and/or Concorde should be immediately reported to the Campus President or Human Resources at the Campus Support Center. It is

critical that any material relevant to the incident be maintained until Human Resources decides on the proper disposition. Confrontational threats while on campus may be dealt with by the Campus President and Human Resources. Actions may include suspension (for gathering additional facts), written warning, or dismissal.

A copy of the Emergency Response Plan can be obtained from the Campus President in conjunction with the campus community and Concorde Career College resources.

Student Code of Conduct

Effective: 11/10/2025

Concorde believes strongly in promoting the development of personal, professional and social responsibility. Concorde also believes in a humanistic approach to discipline conducive to academic pursuits. However, Concorde recognizes that its responsibility for the protection of personal and institutional rights and property is a primary focus of the disciplinary process. Behavior that infringes upon rights, safety or privileges, or that impedes the educational process, is unacceptable and may lead to sanctions up to and including dismissal from the school. Courteous behavior and professional conduct, appropriate to a business environment, is to be displayed at all times.

All students are expected to respect the rights of others and are held responsible for conforming to the laws of the federal, local, and State governments. Students are expected to conduct themselves in a manner consistent with the best interests of Concorde and of the student body.

Concorde's administration reserves the right to develop any policy or take any action(s) deemed appropriate to maintain the safety and well-being of any or all students. Student conduct offenses may be related to persons, property, campus operations, and welfare, and the health or safety of students, faculty and staff.

Concorde reserves the right to discipline and/or dismiss a student, visitor, or employee for any of the following reasons: possession of firearms on campus property; failure to maintain satisfactory academic progress (SAP); failure to pay college fees and/or tuition by applicable deadlines; disruptive behavior (continued willful noncompliance, willful and persistent profanity or vulgarity, open and/or persistent defiance of authority, and/or persistent disrespect of personnel or students). ; posing a danger to the health or welfare of students or other members of the campus community; theft, on or off campus; any form of assault; State and Federal drug law violations; electronic or social media violations; or failure to comply with the policies and procedures of Concorde.

The list of examples is not intended to be all-inclusive, and Concorde reserves the right to act in the best interest of the students, faculty, and staff and may deem actions committed by a student to be a conduct violation, although the action does not appear on a list of examples.

Violation of the conduct policy is grounds for suspension of privileges, up to and including dismissal from the Institution. The Campus President reserves the right to take any action(s) deemed appropriate to ensure the immediate safety and well-being of any or all students, faculty, and staff.

Students are encouraged to share personal experiences while participating in classes at Concorde. However, students must be aware that should they disclose to any Concorde faculty members or staff information that may cause harm to themselves or others, faculty members and staff are required to report such information to the Academic Dean, Director of Student Affairs, or Campus President.

Every student is subject to federal and state law and respective county and city ordinances. A student who is convicted of any criminal offense which interferes with the orderly operation of the school or which the administration feels would endanger members of the Concorde community shall be subject to disciplinary action.

Infringements of the Student Code of Conduct are handled by the Concorde Academic Dean, Director of Student Affairs, and Campus President. Students have the right to request further review in accordance with the school's "Student Complaint & Grievance Policy" as outlined in this catalog.

If a student is **dismissed** from the Vocational Nursing program at either the Grand Prairie, TX or Dallas, TX campus for any reason they will not be eligible for readmission into the Vocational Nursing program at the other campus.

Students who are dismissed for a conduct related violation are not eligible for readmission into any Concorde College/Institute campus.

Student Code of Conduct Offenses

Offenses Related to Persons

An offense related to a person is committed when a student:

1. Intentionally or knowingly and without authority or consent limits or restricts the freedom of a person to move about in a lawful manner.
2. Threatens (by any means), intimidates or uses physical or sexual force in a manner that

endangers the health or safety of another person or which reasonably causes another person to be fearful of physical or emotional harm.
3. Intentionally harasses another person. Harassment includes, but is not limited to, impeding another persistently or wronging or bothering another persistently.
4. Engages in any activity related to other persons which is prohibited by law or court order.

Offenses Related to Property

An offense related to property is committed when a student:

1. Knowingly and without consent or authorization possesses, removes, uses, misappropriates, or sells the property or services of another person or of Concorde.
2. Intentionally or negligently damages or destroys property owned or in the possession of another person or of Concorde.
3. Obtains the property of another person by misrepresentation or deceptive means.
4. Enters or uses the facilities or property of another person or Concorde without consent or authorization.
5. Commits a computer-related offense, including, but not limited to, use of a Concorde computer to access graphically prurient or sexually explicit images of persons and/or children.

Offenses Related to the Operation of Concorde

An offense related to the operation of Concorde is committed when a student:

1. Engages in illegal, obscene or indecent conduct on Concorde property or at Concorde-sponsored events.
2. Forges, alters, possesses, duplicates, or uses documents, records, keys or identification without consent or the authorization of appropriate Concorde officials.
3. Fails without just cause to comply with the lawful order of a Concorde official acting in the performance of his/her duties and authority.
4. Engages in solicitation in or on Concorde property or involving the use of campus property unless such solicitation is approved by appropriate Concorde officials.
5. Operation of any audio or video recording device, or image capturing device without prior approval. *Refer to the Student Use of Recording Devices below.
6. Intentionally acts to impair, interfere with, or obstruct the orderly conduct, processes, and functions of Concorde.

***Student Use of Recording Devices**

Effective: 07/14/2026

This policy establishes expectations for student use of **audio, video, and digital recording** in order to protect the privacy, safety, and dignity of students, staff, and visitors on school property. Students **may not record** any conversation, meeting, or interaction involving employees, other students, or visitors **without prior approval** from the Campus President. Any student or staff member who becomes aware of an unauthorized recording should report it to school administration immediately.

Offenses Related to Welfare, Health or Safety

An offense related to welfare, health or safety is committed when a student:

1. Uses, possesses, or manufactures, without Concorde authorization, firearms, explosives, weapons, unregistered fireworks, illegal chemical or biological agents or other dangerous articles or substances injurious to persons or property.
2. Falsely reports a fire, activates emergency warning equipment, or communicates false information regarding the existence of explosives or hazardous materials on Concorde property.
3. Abuses, removes, or damages fire and safety equipment or fails to vacate a building or facility when a fire alarm is activated.
4. Fails to leave a building, streets, walks, driveways or other facilities of Concorde when directed to do so by an official of the campus having just cause to so order.
5. Uses, possesses, distributes, sells, purchases or is under the influence of alcohol, narcotics, hallucinogens, dangerous drugs, or controlled substances.

Non-Discrimination Policy

Effective: 08/14/2020

Concorde is committed to maintaining a working and learning environment that is free from discrimination and harassment for all Concorde associates and students, including persons interested in applying to participate in a Concorde education program or activity as an employee or student. Accordingly, Concorde does not discriminate or harass, and will not tolerate any form of discrimination or harassment, on the basis of race, color, national origin, sex, including but not limited to sexual orientation and gender expression or identity, disability, or age in its education programs and activities. The following persons have been designated to handle inquiries regarding Concorde's Non-Discrimination Policy:

Koula Foura M.Ed
AVP Student Affairs
Lead Title IX Coordinator

Lead ADA Coordinator
Concorde Career Colleges
6701 W. 64th St., Suite 200
Overland Park, KS 66202
Office: 913.745.2219
Fax: 913.831.6556
Email: TITLEIX@concorde.edu

For additional information regarding Concorde's policy against sex discrimination or harassment and grievance procedures to address allegations of sex discrimination or harassment, please see the Title IX policy.

Sexual Harassment

Effective: 08/14/2020

Sexual harassment includes conduct on the basis of sex that satisfies one or more of the following: (1) an employee conditioning the provision of an aid, service or benefit of Concorde on an individual's participation in unwelcome sexual conduct; (2) unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to Concorde's education program or activity; and/or (3) Sexual Assault, Dating Violence, Domestic Violence, or Stalking as defined herein.

- **Dating Violence.** Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the survivor/victim based on the reporting party's statements, with consideration given to the length of the relationship, type of the relationship, and the frequency of interaction between persons in the relationship. Dating Violence includes but is not limited to sexual or physical abuse or threat of such abuse but does not include acts covered as Domestic Violence (defined below).
- **Domestic Violence.** A felony or misdemeanor crime of violence committed by a: (1) current or former spouse or intimate partner of the victim; (2) person with whom the victim shares a child in common; (3) person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; (4) person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or (5) any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.
- **Sexual Assault.** An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting program.
- **Stalking.** Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others or suffer substantial emotional distress.

Racial, Religious, or National Origin Harassment

Racial, religious, or national origin harassment deserves special mention as well and is expressly prohibited by this policy. Racial, religious, or national origin harassment includes any verbal, written, or physical act in which race, religion, or national origin is used or implied in a manner that would make a reasonable student or associate uncomfortable in the work and learning environment. Examples of racial, religious, or national origin harassment include jokes that include reference to race, religion or national origin, the display or use of objects or pictures that adversely reflect on a person's race, religion, or national origin, or use of language that is offensive due to a person's race, religion, or national origin.

How to Report Instances of Discrimination or Harassment

Concorde cannot resolve matters that are not brought to its attention. Any associate or student, regardless of position or program, who has a complaint of or who witnesses discrimination or harassment at work or school by anyone, including supervisors, managers, associates, nonassociates or students, has a responsibility to immediately bring the matter to Concorde's attention. To bring instances of discrimination or harassment to Concorde's attention, an associate or student must immediately complain to either of the following individuals who are responsible for enforcing this policy: the Campus President or Human Resources, Concorde Career Colleges, Inc. Complaints of sexual misconduct or harassment should be reported to the Campus President and/or campus Title IX Coordinator.

Concorde's Commitment to No Discrimination or Harassment Policy

If a student feels that Concorde has not met its obligations under the policy, he or she should contact Human Resources at Concorde Career Colleges, Inc.

Sex Discrimination and Harassment Prohibition—Title IX Policy

Effective: 08/14/2020

Concorde does not discriminate on the basis of sex in the education programs and activities it operates,

including but not limited to admissions, recruiting, financial aid, academic programs, student services, counseling and guidance, discipline, class assignments, grading, recreation, extracurricular activities and employment. Concorde is committed to offering an educationand working environment that is free from discrimination and harassment on the basis of sex, sexual orientation, gender identity, and gender expression ("Sex Discrimination"), and free from Sexual Violence (including sexual assault) and Relationship Violence (including domestic violence, dating violence and stalking). Such discrimination is inconsistent with Concorde's values and is prohibited by law, including by Title IX to the Education Amendments of 1972 ("Title IX"). Thus, Concorde prohibits Sex Discrimination, Sexual Violence and Relationship Violence (together, the "Prohibited Conduct"), as set forth herein, and is committed to taking action, to the extent possible (i) to stop behavior that violates this policy; (ii) to take remedial action to overcome the effects of Prohibited Conduct and ensure equal access to its educational programs and activities; (iii) to prevent the recurrence of Prohibited Conduct; and (iv) to prevent and respond to retaliation against anyone who, in good faith, reports or is involved in the investigation into or resolution of allegations of Prohibited Conduct. In so doing, the College will administer prompt, fair and impartial investigations and disciplinary proceedings to respond to reports of Prohibited Conduct via its Title IX Grievance Procedures located within this policy and provide equal and timely access to information that will be used in any informal and formal proceedings and meetings related to said reports, and offer and implement interim measures to protect and support those directly involved and affected by the alleged behavior. In implementing this policy, Concorde acknowledges that every victim or survivor of Prohibited Conduct has the right to be taken seriously and every respondent to allegations of Prohibited Conduct has the right to know that guilt is not presumed.

The prevention and elimination of sexual harassment is of special concern to Concorde. Sexual harassment includesconduct on the basis of sex that satisfies one or more of the following: (1) an employee conditioning the provision of an aid, service or benefit of Concorde on an individual's participation in unwelcome sexual conduct; (2) unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to Concorde's education program or activity; and/or (3) Sexual Assault, Dating Violence, Domestic Violence, or Stalking as defined herein.

- **Dating Violence.**Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the survivor/ victim based on the reporting party's statements, with consideration given to the length of the relationship, type of the relationship, and the frequency of interaction between persons in the relationship. Dating Violence includes but is not limited to sexual or physical abuse or threat of such abuse but does not include acts covered as Domestic Violence (defined below).
- **Domestic Violence.**A felony or misdemeanor crime of violence committed by a: (1) current or former spouse or intimate partner of the victim; (2) person with whom the victim shares a child in common; (3) person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; (4) person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or (5) any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.
- **Sexual Assault.**An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting program.
- **Stalking.**Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others or suffer substantial emotional distress.

Concorde regards all such conduct and retaliation for the reporting of such conduct as creating a hostile and offensive work and learning environment in violation of this policy.

The following person has been designated to handle inquiries regarding Concorde's Title IX Policy:

Koula Foura, M.Ed

Student Affairs Director

Lead Title IX Coordinator

Lead ADA Coordinator

Concorde Career Colleges

6701 W. 64th St., Suite 200

Overland Park, KS 66202

Office: 913.745.2219

Fax: 913.831.6556

Email:TITLEIX@concorde.edu

A person may also file a complaint with the Department of Education's Office for Civil Rights regarding an alleged violation of Title IX by visiting www2.ed.gov/ about/offices/list/ocr/complaintintro.html or calling

1-800- 421-3481. Employees may also file a charge with the Equal Employment Opportunity Commission regarding an alleged violation of Title VII by calling 1-800-669-4000 or visiting https://www.eeoc.gov/employees/howtofile.cfm.

Student Computer Network and Internet Conduct

Concorde Career College provides students access to its computer network and Internet access for purposes directly related to education. Concorde reserves the right to monitor all usage of its computers and computer systems. This includes the monitoring of email and website access. The following practices are prohibited:

- Installing or executing unauthorized software. Using computers to copy copyrighted or licensed software.
- Using the network for commercial purposes. Users may not buy or sell products or services through the system without prior consent of the corporate network administrator.
- Using the network for advertising or political lobbying.
- Accessing websites, newsgroups, or chat areas that contain material that is sexually related, obscene, or that promotes illegal acts. If a user accidentally accesses this type of information, he or she should immediately notify an instructor, the Learning Resource Center Coordinator, and/or network administrator.
- Using the network for any activity or to transmit any material that violates federal, state, or local laws. This includes, but is not limited to, illegal activities, such as threatening the safety of another person or peer-to-peer file sharing of copyrighted materials.
- Using vulgar, derogatory, or obscene language. Users may not engage in personal attacks, harass another person, or post private information about another person.
- Logging on to another person's account or attempting to access another user's files, with or without that person's permission.
- "Hacking" or otherwise trying to gain access to another person's or organization's computer system.
- Engaging in "spamming" (sending an email to more than 10 people at the same time) or participation in chain letters.
- Intentionally damaging any computer hardware or software.

Computer and network resources are of significant value, and their abuse can have a negative effect on other users. Noncompliance with this policy may result in loss of computer and network privileges, suspension, and/or withdrawal from school.

Social Media Use Policy

This policy addresses the use of social media sites by Concorde students, whether or not the use involves the College's WiFi network or other computer resources. Social media includes, but is not limited to: texting, blogs and social media platforms such as Snapchat, Twitter, Facebook, LinkedIn, Instagram, Google+, YouTube, Flickr, and Yammer.

Concorde is aware that members of the College community may wish to express their personal ideas, thoughts, and opinions through their private social media accounts (not administered by the College). Nevertheless, Concorde students are expected to conduct themselves in a professional manner at all times. Concorde reserves the right, under circumstances it deems appropriate and subject to applicable laws and regulations, to impose disciplinary measures. Such disciplinary measures include dismissal from the College for students who use social media in violation of the guidelines in this policy, in ways that reflect poorly on the College, or interferes with the education of other students and/or the operation of the College. In appropriate cases, the conduct may also be reported to law enforcement authorities.

In connection with the use of social media, the conduct listed below is prohibited:

- Using social media to harass, threaten, insult, defame or bully another person or entity.
- Making threats of injury to any student, patient, member of faculty or staff, or officer or board member, including threats concerning their respective family members or personal property.
- Making comments that insult, disparage, disrespect or defame the College or members of the Concorde community.
- Making discriminatory or harassing comments that violate federal or state law and/or would be prohibited by Concorde's anti-discrimination / anti-harassment policy and/or Title IX policy.
- Violating any intellectual property law, such as copyright, trademark, fair use and/or financial disclosure law.
- Posting or sharing copyrighted content (such as text, video, graphics or sound files) without permission from the holder of the copyright.
- Posting or sharing trademarked content (such as logos, names, brands, symbols and designs) without permission from the trademark owner. The "®" symbol indicates that the mark is federally registered and the owner has the exclusive right to use it. The "TM and SM" symbols indicate that the owner may have common-law rights, but the mark is not federally registered.
- Posting or sharing, a photograph or video image of a student, faculty or staff member without obtaining their permission.

- Posting or sharing a photograph or video of a patient or volunteer that would violate the Health Insurance Portability and Accountability Act (HIPAA).
- Posting images or comments which are vulgar or obscene, or would otherwise violate any applicable law.

For any questions regarding this policy, contact your Campus President.

Confidentiality Statement

The Health Insurance Portability and Accountability Act (HIPAA) is the law that applies to physicians regarding the completely confidential nature of patient information and applies to all Concorde students and employees. Except where necessary in the regular course of business, the discussion, transmission, or narration in any form of any patient information of a personal nature, medical or otherwise, obtained in the regular course of the student's schooling or employment is strictly forbidden. Any violation of this professional rule shall constitute grounds for severe disciplinary action, including possible termination of the enrollment contract and dismissal from the College.

Graduation Requirements

Effective: 03/27/2023

A diploma, certificate, or degree will be issued to students upon successful completion of all academic requirements. Successful completion of all courses listed in the program breakdowns requires a minimum cumulative grade point average of 2.0 or above. All externships/clinicals must also be successfully completed with a passing grade. Duplicate diplomas or certificates take approximately 14-30 working days after payment to produce. A fee will be assessed for all duplicate requests.

(For details regarding commencement ceremonies, see "Commencement Ceremonies" in the "Student Information & Affairs" section under "General Information.")

Family Educational Rights and Privacy Act

Concorde maintains a number of important records on the student's behalf throughout the application and registration processes, as well as records that are maintained throughout a student's enrollment. Examples of such records include but are not limited to:

- Academic Transcripts
- Attendance Records
- Financial Aid Records
- Employment Records
- Disciplinary Documentation

Student Rights Under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their education records. Once a student reaches 18 years of age or attends a postsecondary institution, he or she becomes an "eligible student," and all rights formerly given to parents under FERPA transfer to the student. These rights include:

- The right to inspect and review the student's education records within 45 days after the day Concorde receives a request for access.
- A student should submit to the Academic Dean or Campus President a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. Students are not entitled to inspect and review financial records of their parents. If a request is submitted to a school official not responsible for maintaining records, that official shall advise the student of the correct official to whom the request should be addressed.
- The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.
- A student who wishes to ask the school to amend a record should write the Academic Dean, clearly identify the part of the record the student wants changed, and specify why it should be changed.
- If the school decides not to amend the record as requested, the school will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
- The right to provide written consent before Concorde discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by Concorde to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office

U.S. Department of Education

400 Maryland Avenue, SW

Washington, DC 20202-8520

Concorde Rights Under FERPA

FERPA permits the disclosure of education records, without consent of the student, if the disclosure meets certain conditions found in the FERPA regulations. A postsecondary institution may disclose education records without obtaining prior written consent of the student in the following instances:

- Parental access to a student's record will be allowed by Concorde without prior consent if: 1) the student has violated a law or the Institution's rules or policies governing alcohol or substance abuse, and the student is under 21 years old; or 2) the information is needed to protect the health or safety of the student or other individuals in an emergency.
- The school discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the Institution in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of Concorde who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of the education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the Institution.
- To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer.
- To authorized representatives of the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the Institution's State-supported education programs. Disclosures under this provision may be made: 1) in connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid; 2) in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf.
- To organizations conducting studies for, or on behalf of, the school in order to: develop, validate, or administer predictive tests; administer student aid programs; or improve instruction.
- To accrediting organizations to carry out their accrediting functions.
- To comply with a judicial order or lawfully issued subpoena.
- To appropriate officials in connection with a health or safety emergency.
- To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding.
- To the general public, the final results of a disciplinary proceeding if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense, and the student has committed a violation of the school's rules or policies with respect to the allegation made against him or her.
- To parents of a student regarding the student's violation of any Federal, State, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of twenty-one.

Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, FERPA regulations require the Institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures.

Additionally, FERPA allows Concorde to disclose information it has designated as "Directory Information." Concorde defines directory information as: the student's name, address(es), telephone number(s), e-mail address, birth date and place, program of study, dates of attendance, honors and awards, photographs and credential awarded. If a student does not want his or her directory information to be released to third parties without the student's consent, the student must present such a request in writing to the Academic Dean within 45 days of the student's enrollment or by such later date as the Institution may specify as acceptable. Under no circumstance may the student use the right to opt out to prevent the Institution from disclosing that student's name, electronic identifier, or institutional e-mail address in a class in which the student is enrolled.

Release of Personally Identifiable Information (PII)

As of January 3, 2012, the U.S. Department of Education's FERPA regulations expanded the circumstances under which a student's education records and personally identifiable information (PII) contained in such records, including his or her Social Security Number, grades, or other confidential information, may be accessed without his or her consent.

- The U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or State and local education authorities ("Federal and State Authorities") may allow access to a student's records and PII without his or her consent to any third party designated by a Federal or State Authority to evaluate a Federal- or State-supported education program.
    - The evaluation may relate to any program that is "principally engaged in the provision of education," such as early childhood education and job training, as well as any program that is administered by an education agency or institution.
- Federal and State Authorities may allow access to a student's education records and PII without the student's consent to researchers performing certain types of studies, in certain cases, even when Concorde objects to or does not request such research.
- Federal and State Authorities must obtain certain use-restriction and data security promises from the entities that they authorize to receive a student's PII, but the Federal and State Authorities need not maintain direct control over such entities.
- With respect to Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share, without the student's consent, PII from his or her education records, and they may track the student's participation in education and other programs by linking such PII to other personal information about him or her that they obtain from other federal or state data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military service, and migrant student records systems.

Students With Disabilities Policy

It is the policy of Concorde Career Colleges, Inc. (Campus), to abide by both the letter and spirit of Section 504 of the Rehabilitation Act of 1973 and its implementing regulation at 34 Code of Federal Regulations C.F.R., Part 104. Section 504 prohibits discrimination on the basis of disability in programs and activities operated by recipients of federal financial assistance. Covered entities must accommodate students with reasonable academic adjustments and auxiliary aids and services that are necessary to afford an individual with a disability an equal opportunity to participate in its programs. Concorde is not required to make academic adjustments and/or provide auxiliary aids and services that would result in a fundamental alteration of its programs or impose an undue burden.

The Campus prohibits all discrimination against "qualified individuals with disabilities" as defined in Concorde's Disabilities Policy. In addition, a "qualified disabled person," with respect to postsecondary and vocational education services, is one who meets the academic and technical standards requisite to participation in the Campus's education program.

Religious Accommodations

Effective: 11/12/2024

Concorde Career College is committed to providing an academic environment that is respectful of the religious diversity of its students. In furtherance of that commitment, the college will make good faith efforts to provide reasonable religious accommodations to those whose sincerely hold religious beliefs, practices, or observances that conflict with the college's policies, procedures, or other academic requirements. Such accommodations must not fundamentally alter the integrity of the college's mission and/or otherwise create an undue hardship. Please see the Campus President to learn more about the Religious Accommodations process.

Procedures for Requesting Academic Adjustment and/or Auxiliary Aid:

1. Current students with disabilities wishing to request academic adjustments and/or auxiliary aids must contact the Campus President. The Campus President is designated as the Campus Compliance Coordinator (CCC) with respect to Section 504. A disclosure of a disability or request for adjustments and/or aids made to a faculty or staff member, other than the CCC, will not be treated as a request for an academic adjustment and/or auxiliary aid. However, if a student discloses a disability to faculty or staff, he or she is required to direct the student to the CCC.
2. The CCC will provide the student with an academic adjustment and/or auxiliary aid Request Form for Students With Disabilities to complete. Academic adjustments and/or auxiliary aids are available to students who provide documentation of a disability, specifically that they have an impairment that substantially limits one or more major life activities.
3. In general, the documentation referenced should be current prior to taking entrance assessments to be accepted into a program. The documented

assessments must be completed by qualified professionals in the area of disability. Documentation and sources used to evaluate the need and determine appropriate adjustments or aids may include a licensed professional's current medical diagnosis and date of diagnosis, evaluation of how the student's disability affects one or more of the major life activities and recommendations, psychological and/or emotional diagnostic tests, aptitude and achievement tests with results/reports, functional effects or limitations of the disability (physical limitations) and/or medications and recommendations, and social and cultural background and adaptive behavior. The campus reserves the right to request additional documentation as needed.

4. After the CCC or his or her designee receives the academic adjustment and/or auxiliary aid Request Form and the required documentation, the CCC will engage in an interactive process with the student to determine what academic adjustment(s) and/or auxiliary aid(s) are appropriate. This process will include primary consideration of the student's recommendations. It is the responsibility of the student to initiate this process by contacting the CCC and participating in the interactive process to identify appropriate academic adjustments and/or auxiliary aids. Within 10 business days, the CCC will meet with the student to discuss the appropriate reasonable academic adjustments and/or auxiliary aids needed. Primary consideration will be given to the student's requested academic adjustments and/or auxiliary aids. Any academic adjustment and/or auxiliary aid denied will include a written statement as to the basis. Whenever an academic adjustment and/or auxiliary aid is denied, the CCC will enter into an interactive communication with the requestor and discuss the need for additional documentation and/or alternate academic adjustments and/or auxiliary aids.
5. If the student is denied the requested adjustment or aid, he or she may file a grievance using the Grievance Procedure, or the student may file a complaint with the Office for Civil Rights.
6. The CCC is responsible for ensuring that approved academic adjustments and auxiliary aids are implemented in a timely manner and will be responsible for ensuring compliance of accommodations through the Academic Dean and Program Director. If students believe that the academic adjustment and/or auxiliary aid is not being implemented, they are urged to contact the CCC to discuss the matter. If not resolved, students may file a grievance using the Grievance Procedure, or the student may file a complaint with the Office for Civil Rights.

An adjustment or aid that fundamentally alters a program of instruction, conflicts with direct licensing requirements, or otherwise negates a requirement essential to the program will not be approved. A student may challenge such a determination by using the Grievance Procedure, or the student may file a complaint with the Office for Civil Rights.

Grievance Procedure Regarding Students With Disabilities

Any complaints alleging discrimination based on one's disability, including disagreements regarding requested academic adjustments and/or auxiliary aids, may be grieved using the following procedures:

- He or she should contact the Campus Compliance Coordinator (CCC) (Campus President) to file a formal grievance as soon as the student knew or reasonably should have known of the alleged discriminatory act or disagreement regarding academic adjustments and/or auxiliary aids.
- The CCC will assist the student in defining the grievance and will witness the student's signature on the Grievance Form.
- All grievances shall be reviewed and investigated by the Vice President of Academic Affairs. The Vice President of Academic Affairs' role shall be to investigate whether the student was discriminated based on disability by gathering all relevant information. Allegations can include, but are not limited to, harassment, failure to provide approved aids or adjustments, or a disagreement over what aids and adjustments are appropriate.
- The student shall have an opportunity to express his or her concerns with the Vice President of Academic Affairs.
- All reasonable efforts will be made to provide a written determination to the student within 30 days, which will close the charge of discrimination.
- If the student feels the alleged discriminatory act was conducted by the CCC, the student may contact the Vice President of Academic Affairs at 1-800-852-8434 to file a formal grievance at any time in the process.
- The determination made by the Vice President of Academic Affairs will be the final review.

The campus is dedicated to protecting the rights provided to individuals with disabilities by Section 504. Federal regulations prohibit the campus from discriminating against students on the basis of disability. If a student believes that the campus has discriminated against him or her or another person on the basis of disability, the student may file a complaint with the U.S. Department of Education, Office for Civil Rights.

The campus prohibits retaliation against persons who file complaints of discrimination or assist with or participate in a campus or government agency investigation, proceeding, or hearing concerning complaints of discrimination. Retaliation complaints may be filed separately with the Office for Civil Rights.

Current or prospective students with disabilities wishing to request academic adjustments and/or auxiliary aids must contact the Campus President.

Official Letter Grading Scale

Effective: 11/10/2025

Effective for all Terms starting on or after April 17th, 2023

Records of grades are maintained by the Registrar. Students receive letter grades at the end of each grading period (course) using the official letter grading scale. Grades are based on assignments, tests, and manipulative performance examinations given with each unit of learning. At the end of each evaluation period, the student's cumulative grade point average (CGPA) will be determined.

Incomplete Grades

All missed exams, assignments, and required clinical hours must be complete by the last day of the current term. In rare circumstances, an "I" (incomplete) grade may be issued with the approval of the Academic Dean or the Campus President. The student will then have seven calendar days (excluding published holidays) in which to make up the missing work or hours. A student who has a final grade of "I" and who has not made up the work by the end of this period, will receive a course grade calculated based on a grade of zero for the missing work. Students in clinical courses who have not made up required clinical hours will receive a failing grade. Students in clinical courses who have not made up required clinical hours will receive a failing grade. Any action that may result from a grade calculated on this basis (such as probation, being required to repeat the course, or withdrawal/dismissal) will be executed immediately.

When the "I" is replaced with a letter grade, Satisfactory Academic Progress will be recalculated based on the letter grade and the credits earned.

Incompletes, although a temporary grade, will be included as attempted credits.

Course Co-Requisites

Effective for all Terms starting on or after November 28th, 2022

Some programs require courses to be taken concurrently. These courses are identified as co-requisite courses. A student who fails a lecture course will also receive a failing grade (F) for any lab or clinical course identified as a co-requisite to the failed course(s) regardless of the grade earned for the clinical/lab course. A student who fails a clinical or lab course but passes the/all co-requisite lecture course(s) is required to repeat only the failed clinical or lab course. If a course is co-requisite with one or more other courses, that requirement is listed in each course description or in the program matrix in this catalog.

Grading Scale Key

Modifier	Description	Meaning
1	Superscripted 1 with letter grade	Course must be repeated
2	Superscripted 2 with letter grade	This course does not impact GPA but does count toward rate of progress
3	Superscripted 3 with letter grade	This course does not impact CGPA and is not assigned credits, attempted, or earned credit hours
4	Superscripted 4 with letter grade	Applicable to military withdrawals only
5	Superscripted 5 with letter grade	A student who withdraws for a reason unrelated to the student's academic status after the 75 percent completion mark and requests a grade at the time of withdrawal shall be given a grade of "WI"(withdrawn but incomplete) and permitted to re-enroll in the course or program during the 12-month period following the date the student withdrew without payment of additional tuition for that portion of the course or program.
N/E	In the GPA column	No effect on grade point average (GPA)

General Education Courses & Core Programs

This is the official letter grading scale for all non-nursing general education courses and core program courses. Core program courses are those that are taught in four-week modules.

Letter Grade	Numerical %	Description	GPA
A	90–100	Highly Competent	4.00
B	80–89	Fully Competent	3.00
C	70–79	Competent	2.00
F[1]	0–69	Not Competent	0.00
T[3]	N/A	Transfer of Credit	N/E
I	N/A	Incomplete	N/E
IM[4]	N/A	Incomplete (Military)	N/E

Letter Grade	Numerical %	Description	GPA
W[2]	N/A	Withdrawn from Course	N/E
WI[5]	N/A	Withdrawn Incomplete	N/E

Clinical Program Content Courses

The official letter grading scale for technical courses in all programs taught in ten-week academic terms (except Nursing programs) is as follows:

Letter Grade	Numerical %	Description	GPA
A	90–100	Highly Competent	4.00
B	80–89	Fully Competent	3.00
C	75–79	Competent	2.00
F[1]	0–74	Not Competent	0.00
T[3]	N/A	Transfer of Credit	N/E
I	N/A	Incomplete	N/E
IM[4]	N/A	Incomplete (Military)	N/E
W[2]	N/A	Withdrawn from Course	N/E
WI[5]	N/A	Withdrawn Incomplete	N/E

Vocational Nursing Courses

The official letter grading scale for all courses in the Vocational Nursing program is as follows:

Letter Grade	Numerical %	Description	GPA
A	93–100	Highly Competent	4.00
B	85–92	Fully Competent	3.00
C	78–84	Competent	2.00
F[1]	0–77	Not Competent	0.00
T[3]	N/A	Transfer of Credit	N/E
I	N/A	Incomplete	N/E
IM[4]	N/A	Incomplete (Military)	N/E
W[2]	N/A	Withdrawn from Course	N/E
WI[5]	N/A	Withdrawn Incomplete	N/E

Pass/Fail Courses

The following grading scale will be used for courses identified as pass/fail. These courses do not impact GPA, but they do count toward rate of progress.

Letter Grade	Numerical %	Description	GPA
P	N/A	Successful completion of a Pass/Fail course	N/E
F[1,2]	N/A	Failure of a Pass/Fail course	N/E
IM[4]	N/A	Incomplete (Military)	N/E
W[2]	N/A	Withdrawn from Course	N/E
WI[5]	N/A	Withdrawn Incomplete	N/E

Satisfactory Academic Progress Policy

To remain in good academic standing and maintain financial aid eligibility, students must meet the following minimum Satisfactory Academic Progress (SAP) standards as measured at the end of each grading and/or payment period:

1. Must maintain a minimum cumulative grade point average (CGPA) of 2.0.
2. Must maintain a rate of progress (ROP) of 66.67% or greater.
3. Must be able to complete the program within 150 percent of the program length (Maximum Time Frame [MTF]).

Cumulative Grade Point Average (CGPA)

CGPA measures the quality of the student's work by assigning quality points to each letter grade and weighting the course by the credit hours. Only courses with earned grades required in the student's program of study are included in the CPGA calculation. In the case of repeated coursework, only the most recent attempt is counted toward the CGPA.

Rate of Progress (ROP)

Students are required to maintain a satisfactory ROP toward successful completion of their program. ROP is defined as the credit hours completed divided by the credit hours attempted. All periods of the student's enrollment for the current program count when assessing progress, even periods in which the student did not receive Federal Student Aid (FSA) funds.

Maximum Time Frame (MTF)

Students must be able to successfully complete all the required course credit hours of their program within the Maximum Time Frame. To maintain SAP, the credit hours attempted cannot exceed one and one-half times (1.5) or 150 percent of the credit hours required to complete a program.

SAP Evaluation

Each program is broken down into grading periods and payment periods. At the end of each of these periods, the student's CGPA, ROP and MTF will be evaluated. The evaluation will ensure that all aspects of Satisfactory Academic Progress are met. A student failing to maintain the minimum standards of Satisfactory Academic Progress will be notified of such and will face administrative actions. These actions include being placed on Academic Warning, Academic Probation or dismissal from the program at the end of a grading period. In addition, a student failing to maintain Satisfactory Academic Progress at the end of a payment period may be placed in a Financial Aid (FA) Warning status or Financial Aid Probation status, or the student may lose Federal Financial Aid eligibility altogether.

The outcome of SAP Evaluation is different depending on whether a student is enrolled in a Non-Term Program or a Term Based Program.

Non-Term Programs

(Dental Assistant, Medical Assistant, and Polysomnographic Technology)

Academic Warning

A student not meeting all aspects of Satisfactory Academic Progress (CGPA, ROP and MTF) at the end of a grading period will be placed on Academic Warning. The school will advise the student of his or her status immediately upon completion of the SAP evaluation, and, in cooperation with campus academic leadership, the student will be required to complete an Academic Success Plan (ASP).

The student will remain in Academic Warning status until; a.) the student's SAP is evaluated at the end of the upcoming grading period, is met, and the student is returned to good academic standing and Active status; or b.) the student does not meet the requirements agreed to in the Academic Success Plan created at the beginning of the grading period whereupon the student will be notified of pending dismissal from the program. A student may appeal pending dismissal in writing to the Academic Dean within 72 hours of notification. (see Satisfactory Academic Progress Appeals) A student who does not file an appeal or for whom an appeal is not granted will be academically dismissed. A student submitting a successful appeal will be placed in Academic Probation status.

Academic Probation

A student notified of pending dismissal who submits a successful SAP Appeal will be placed in Academic Probation status. A student on Academic Probation who fails to meet the requirements of the Academic Success Plan created at the beginning of the Academic Probation grading period will be dismissed.

Term Based Programs

(All other programs not covered in the Non-Term Programs section above)

Academic Warning

A student not meeting all aspects of Satisfactory Academic Progress (CGPA, ROP and MTF) at the end of a grading period will be placed on Academic Warning. The school will advise the student of his or her status immediately upon completion of the SAP evaluation, and, in cooperation with campus academic leadership, the student will be required to complete an Academic Success Plan (ASP). Only one Academic Warning grading period is permitted in Term-Based Programs. If a student fails to achieve Satisfactory Academic Progress for the next grading period or for any grading period in which the student is on Academic Warning, the student will be notified of pending dismissal. To remain enrolled, the student must submit a SAP Appeal within 72 hours of notification. A student in this situation who does not file an appeal or does not receive approval for an appeal will be dismissed.

Academic Probation

A student on Academic Warning who does not meet Satisfactory Academic Progress standards at the end of the grading period must file an appeal. If the appeal is approved, the student will be placed on Academic Probation. A student on Academic Probation who fails to achieve Satisfactory Academic Progress or who fails to meet the requirements of the Academic Success Plan at the end of the grading period will be dismissed.

All Programs

Active Status

A student on Academic Warning or Academic Probation will be returned to good standing and Active status at the end of a grading period in which all Satisfactory Academic Progress standards are met.

Financial Aid (FA) Warning

FA Warning will be assigned to a student not meeting Satisfactory Academic Progress standards at the end of a payment period. The school will advise the student of his or her status immediately upon completion of the SAP evaluation. A student on FA Warning may continue to receive Federal Student Aid (FSA) funds for one payment period. A student on FA Warning who achieves the minimum CGPA and rate of progress by the next payment period will be removed from FA

Warning and placed back in good standing and retain his or her eligibility for FSA funds. A student who fails to meet Satisfactory Academic Progress standards after the FA Warning period will lose his or her eligibility for FSA funds unless the student's appeal is approved. The student will then be placed on FA Probation.

Financial Aid (FA) Probation

Students on FA Warning who do not meet Satisfactory Academic Progress at the end of the payment period must submit an appeal or be dismissed. If the appeal is approved, the student will be assigned the status of FA Probation. The school will advise the student of his or her status immediately upon completion of the SAP evaluation. A student on FA Probation who fails to achieve Satisfactory Academic Progress or who fails to meet the requirements of the Academic Success Plan at the end of the payment period will be dismissed. A student on FA Probation who achieves a minimum CGPA and ROP by the next payment period will be removed from FA Probation and placed back in good standing and retain eligibility for FSA funds. A student who fails to make Satisfactory Academic Progress or fails to meet the requirements of the Academic Success Plan after the FA Probation period will lose eligibility for FSA funds.

Academic Success Plan

At the end of every grading and/or payment period in which a student does not meet Satisfactory Academic Progress standards, campus academic staff will assist the student in creating an Academic Success Plan. The Academic Success Plan will outline, in detail, minimum academic performance standards for the student for the upcoming term. The student must acknowledge and meet the requirements of the Academic Success Plan to remain enrolled in the program.

Satisfactory Academic Progress Appeals

A student may appeal dismissal from the program due to failure to meet SAP and/or the loss of financial aid based on mitigating circumstances.

Written appeals must include:

- A clear statement about the mitigating circumstances that caused the student to be unsuccessful and include appropriate supporting documentation of such circumstances;
- An explanation of how such mitigating circumstances contributed to the student's academic situation;
- An explanation about what has changed in the student's situation that would allow the student to attain Satisfactory Academic Progress at the next payment period; and
- An acknowledged and signed Academic Success Plan created with the assistance of campus academic staff.

If the student does not submit an appeal within 72 hours of notification, or the appeal is denied, the student will be academically dismissed.

Transfer of Credit to Other Institutions

The transferability of credits earned at Concorde is at the discretion of the receiving college, university, or other educational institution. Students considering transferring to any institution should not assume that credits earned in any program of study at Concorde will be accepted by the receiving institution. Similarly, the ability of a degree, certificate, diploma, or other academic credential earned at Concorde to satisfy an admission requirement of another institution is at the discretion of the receiving institution. Accreditation does not guarantee credentials or credits earned at Concorde will be accepted by or transferred to another institution. To minimize the risk of having to repeat coursework, students should contact the receiving institution in advance for evaluation and determination of transferability of credits and/or acceptability of degrees, diplomas, or certificates earned.

Transfer of credit is always at the discretion of the receiving school, generally depends on the comparability of curricula, and may depend on comparability of accreditation.

Transfer of Credit to Concorde

Effective: 04/21/2026

Students who formerly attended a postsecondary institution accredited by an agency as recognized by the U.S. Department of Education may be granted transfer credit for equivalent courses taken at the previous institution. Concorde does not make any representation or guarantee that coursework completed at another institution will be transferred to Concorde. Concorde will consider alternative learning assessments (CLEP and AP); however, under no circumstances does Concorde Career College grant academic credit for life experience. In any case where this document conflicts with the campus catalog, the campus catalog will supersede this document.

Granting credit for previous training shall not impact the refund policy. This section does not apply to students withdrawn from the same Concorde campus regardless of withdrawal date. Students who receive transfer credit will have the program tuition charge prorated based upon the remaining number of credits the student must earn in order to graduate. The Business Office will make the appropriate tuition adjustment.

All requests for transfer credit will be reviewed when the following documents are provided:

- Students must submit a Request for Transfer Credit as soon as possible after being enrolled at Concorde and no less than 72 hours prior to the program starting.
- An official copy of the student's transcript is on file with Concorde.
- A copy of the catalog containing the course description, which the student enrolled under.
- For CLEP exams: An official copy of the student's CLEP transcript (score report) is on file with Concorde.
- AP: The official College Board Assessment is submitted or on file with Concorde.
- Requests without supporting documentation may be denied.
- Consideration of alternative documentation may be made by the Corporate Academic Affairs team for extenuating circumstances.

Eligibility Requirements for Prior Education

To be eligible for transfer credit consideration, the following must be met:

- Non-General Education courses: Completed within the previous 12 months with a grade of "B" or better.
- General Education courses: Math and Science courses considered for transfer credit must have been completed within the last five (5) years with a grade of "B" or better. All other courses considered for transfer credit must have been completed within 10 years with a grade of "C" or better.

Eligibility Requirements for Alternative Learning Assessments

To be eligible for transfer credit consideration, the following must be met:

- CLEP: Eligible courses may be accepted if completed within five (5) years and have a minimum score of 60.
- AP scores may be accepted if:
  - The Assessment scores are within five years of the request to transfer
- A score of 3 for each qualifying course (3 credits): Chemistry, English, Psychology, Math, and Statistics

Credit by Challenge Exam for Texas Veterans

Effective: 04/21/2023

Under Texas Education Code (TEC) Chapter 132.026 and 132.055, Texas's proprietary Career Schools and Colleges must consider skills obtained through military experience, education, and training. Texas Administrative Code Chapter 807.121(e)(7) requires that Career Schools and Colleges grant credit for experience, education, or training for programs that align with the military course credit directory.

Challenge exams will provide veteran students the opportunity to receive credit for required courses by demonstrating proficiency via an exam in a particular subject area. Veteran students will have their skills and knowledge validated through this procedure.

In order to determine whether a veteran student may receive credit by challenge exam for any courses in their chosen program of study, they must indicate the applicable courses for which they are requesting a challenge examination.

For any course(s) consisting of both clinical and theory hours, in addition to a challenge by credit exam, a skills assessment will be required. For courses consisting of clinical/externship hours only, a skills assessment will be required in order to receive credit by challenge exam.

Credit by challenge exam is not available for general education and CPSO courses.

Students From Other Concorde Career Institutes/ Colleges

Effective: 08/09/2024

Students transferring from another Concorde Career Institute/College must meet the entrance requirements in place at this school at the time of transfer. These students may be eligible to receive credit for previous courses provided that the following requirements are met:

- An official copy of the student's transcript is on file with Concorde Career College;
- Courses within a major were completed within the previous 12 months, and a grade of "C" or better was earned;
- General Education (nonscience) communications, mathematics, social science or humanities courses were completed with a grade of "C" or better; and
- General Education science (BIOL, CHEM) courses were completed within the previous ten years with a grade of "C" or better.

Students transferring from another Concorde Career school may transfer up to 75 percent of the academic credits necessary to fulfill the requirements for graduation. Students requesting to transfer credit(s) must submit all required documents prior to starting school.

Students currently in the Vocational Nursing program at either the Grand Prairie, TX or Dallas, TX locations will be required to sit out of school for one term prior to applying to transfer to the other location's Vocational Nursing program.

If the Academic Affairs department determines the credits are acceptable for transfer, credit will be given for those courses, and the student will be scheduled to take only those courses needed to fulfill the requirements for graduation.

For courses within a major taken more than 12 months prior, the student must take a proficiency examination for both academics and practicals. Academic credit will be granted if the student scores 75 percent or better and demonstrates competencies of practical skills. The student will not be charged for the examination(s). Students requesting to transfer credit(s) must submit all required documents and/or pass any proficiency examination prior to starting school.

Under no circumstances does Concorde Career College grant academic credit for life experience.

If a student is dismissed or withdrawn for academic failure, is withdrawn for clinical failure, or who voluntarily withdraws from the program while at the same time are failing a nursing course in the Vocational Nursing program at either the Grand Prairie, TX or Dallas, TX campus, then they will not be eligible for admission/readmission into the Vocational Nursing program at the other campus.

Residency Requirements

Students are required to earn a minimum of 75% of their credits/hours in residence at Concorde Career College/Institute. An exception may be made for students transferring to the same program of study at another Concorde school. Please contact the Academic Dean at the receiving school to discuss the transfer of course credits and credit for prior learning.

Repetitions

Effective: 12/05/2024

Students are required to repeat any failed course. With the exception of courses with the designation "CPSO," students will be allowed to repeat a failed course once (see the "Official Letter Grading Scale"). CPSO courses may be attempted a total of three times. Both the grade(s) for the failed course(s) and the repeated course(s) will appear on the transcript, but only the most recent grade will be used in calculating CGPA. However, the original course(s) and all repeated course credit hours are included in the maximum time frame and rate of progress calculations.

Students who fail the same CPSO course three times will be dismissed from the program. Students who fail the same non-CPSO academic course twice will be dismissed from the program.

In addition, students may only attempt a course three times. An attempt is defined as any grade earned for a course with the exception of W7 or 7DC. A student who does not successfully pass a course on the third attempt will be dismissed from the program.

Students dismissed from a program are not eligible for readmission into the same program.

Students may incur a per credit hour fee for repeating a class(es). Students must remain active in order to be eligible for any retake fee. If a student withdraws from school, he/she will be charged the full per credit hour cost to retake a course. There may be an additional technology fee charged if a student's attendance goes beyond the graduation date listed on the enrollment agreement due to course retakes. Please see a Financial Aid Representative to discuss your situation.

Veterans Administration Students

The school will notify the Veterans Administration (VA) when a student receiving VA education benefits is placed on Academic Warning or Academic Probation. Students will be advised of any counseling services available to them at the school in order to resolve academic or other problems and to establish a meaningful plan for successful completion of their education or training. The school will also remind students of the counseling services and tutorial assistance benefits available through the VA. When a student has failed to maintain prescribed standards of progress, the VA will be informed promptly so that benefit payments can be discontinued in accordance with the law. The termination date assigned by the school will be the last day of the term or other evaluation period in which the student's progress became unsatisfactory. Schools that provide a period of academic warning or probation may not continue to certify a veteran or eligible person (who remains in an unsatisfactory academic status) for an indefinite period of time. The school will withdraw any student who remains in an unsatisfactory academic status for more than two successive periods and report the withdrawal to the VA.

Copyright Infringement

The unauthorized reproduction or distribution of copyrighted materials is prohibited. This may include but is not limited to Internet file-to-file transfer, student-to-student transfer, photocopies, or undisclosed use of copyrighted material in essays or other works created by a student. Students using copyrighted materials are

required to identify the source of the material and its copyright in all school materials. Copyrighted materials can include music, pictures, books, magazines, and newspapers in all forms, including the date obtained from the Internet. In addition to any civil or criminal liabilities, any unauthorized reproduction or use of copyrighted materials is grounds for disciplinary action, up to and including dismissal from school. Anyone found to have infringed a copyrighted work may be liable for Actual Damages and Profits. A copyright owner is entitled to recover the actual damages suffered by him or her as a result of the infringement and any profits of the infringer that are attributable to the infringement. Statutory damages for copyright infringement range from $750 up to $30,000 for each work infringed, and, if willful infringement is proven by the copyright owner, that amount may be increased up to $150,000 for each work infringed. In addition, an infringer of a work may also be liable for the attorney's fees incurred by the copyright owner to enforce his or her rights.

Outside Classroom Work

Students will find the work in each program to be challenging, requiring them to maximize their time and problem-solving strategies. Students demonstrate their commitment to learning via work and time spent inside and outside the class. In addition to the time spent in class per week, students are required to spend time outside of class on reading assignments, writing assignments, practice and practical applications, and projects or other equivalent learning experiences to help them achieve the course objectives. Specific details on the outside classroom work are found in the individual course syllabi, which students receive at the beginning of each course.

Scholastic Honesty

Effective: 11/17/2026

Academic Integrity & Academic Misconduct

The Institution expects all students to demonstrate honesty, integrity, and ethical conduct in their academic work. Unless otherwise authorized, all assignments, examinations, projects, and course submissions must be the student's original work. Any use of outside sources, including AI-generated content, must be properly cited according to assignment requirements. Academic misconduct includes, but is not limited to, plagiarism, cheating, unauthorized collaboration, falsification of academic information, and the unauthorized use of materials or technology. The Institution may utilize academic integrity and assessment security technologies as part of the review of suspected misconduct. Students found responsible for academic misconduct may be subject to sanctions ranging from a failing grade on an assignment to dismissal from the Institution. Students retain the right to appeal or file a grievance in accordance with the Student Complaint and Grievance Policy.

Artificial Intelligence (AI) Guidelines

Concorde recognizes that artificial intelligence (AI) tools can support learning, research, and professional skill development when used responsibly. Students are expected to use AI in ways that enhance learning while ensuring that all submitted work accurately reflects their own knowledge, understanding, and effort. Students remain fully responsible for the content of all academic work submitted for evaluation.

To protect student privacy, data security, intellectual property, and academic standards, Concorde authorizes the use of Microsoft Copilot as the institution's approved AI tool. Students may access Copilot via their Microsoft 365 accounts. In addition, students may use the embedded AI tools within provided course resources such as ebooks or electronic learning activities.

Permitted Use of AI

The inclusion of AI-generated content is permitted when authorized by an instructor or stated as part of activity instructions. Students must follow all assignment, project, laboratory, clinical, and assessment instructions regarding the acceptable use of AI.

Best Practices for Responsible AI Use

Students are encouraged to:

- Use AI as a learning aid rather than a replacement for independent thinking and problem-solving.
- Use appropriate AI sources, such as the AI tools within course textbooks or electronic learning materials.
- Verify AI-generated information using credible and authoritative sources.
- Review course instructions carefully to understand when and how AI use is permitted.
- Seek clarification from the instructor when uncertain about appropriate AI use for an assignment or assessment.
- Maintain professional, ethical, and academic standards when using AI technologies.
- When AI-generated content contributes to an assignment, students should disclose and appropriately cite the use of AI in accordance with instructor requirements and applicable citation standards. A recommended disclosure statement is: "Content generated with Microsoft Copilot on [date]."

Electronic Devices

Students are prohibited from operating any type of audio or video recording device in a classroom, laboratory, or clinical setting without prior expressed permission from the Campus President or Academic Dean. Prohibited items include but are not limited to video cameras; telephones with audio or video recording capability; computers; electronic tablets; or wearable devices with audio, video recording, or image capturing capability. This is not an all-inclusive list. Violations of this policy may lead to disciplinary actions up to and including dismissal from school.

Technology Requirements

Effective: 11/03/2026

To be successful in their courses, students will need reliable access to a computer and the internet. Many course activities, including assignments, exams, digital coursework, and online learning tools, require the use of a computer that meets the specifications listed below. It is the student's responsibility to ensure their device meets these requirements. All required technology is expected to be in place before classes begin.

Hardware

- PC or Mac
- Processor: Dual-core 2.0 GHz or higher
- Graphics: Intel UHD 600 or higher
- Hard Drive: 100 GB or more
- Free Disk Space: 250 MB available at all times for updates
- RAM: 8 GB or more available at all times
- Display: Minimum resolution 1280 x 720
- Audio: Speakers or headphones
- Microphone
- Webcam

Software

- Operating System: Windows 10 or higher, or macOS 10.15 or later
- Adobe Acrobat Reader

Internet Speeds

- High-speed internet: Cable, DSL, or equivalent
- Upload Speed: 2 Mbps or higher
- Download Speed: 30 Mbps or higher

Browser Settings

- Google Chrome (latest version)
- JavaScript enabled
- Pop-ups and Cookies allowed for approved educational sites, including Canvas and publisher platforms

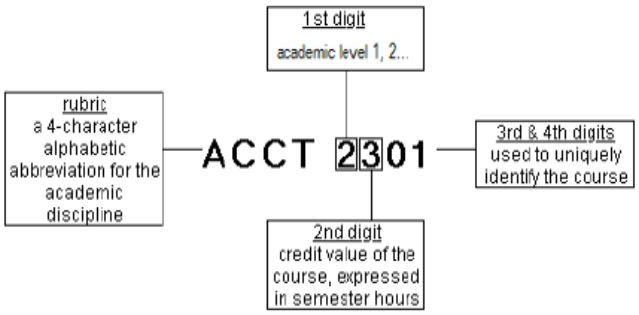

Additional Notes

- Mobile devices may support some content but not all. A computer is required.
- Tablets (including iPads) are not considered computers and will not support all required functions.
- Chromebooks are not supported.

Program Course Descriptions

Course Numbering System

Each course is identified by an alphabetic prefix. The rubric begins with a series of alphabetic characters representing the academic discipline. The first digit of the course number denotes the academic level of the course; the second digit denotes the credit value of the course in semester hours; and the remaining digit(s) establishes course sequencing and/or distinguishes the course from others of the same level, credit value, and rubric.

AP110CR : Fundamentals of Anatomy & Physiology

Credit Hours: 3
Clock Hours: 45/0

This course introduces the student to the structure and function of the body. Directions, geometric planes, and cavities of the body are presented. Cells, tissues, organs, and systems are discussed. The major organs of each system and how they relate to the overall status of the body are covered. A student who fails AP110CR will be withdrawn from the co-requisite course.
Prerequisites: None
Co-Requisites: VN103CR

BIOL1111 : Anatomy & Physiology I VLab

Credit Hours: 1
Clock Hours: 0/30/0

Anatomy and Physiology I VLab is a virtual laboratory experience. This course emphasizes critical thinking to deepen understanding of human anatomy and physiology related to cell structure and function, and the integumentary, skeletal, muscular, and nervous systems.

BIOL1121 : Anatomy & Physiology II VLab

Credit Hours: 1
Clock Hours: 0/30/0

Anatomy and Physiology II VLab is a virtual laboratory experience. This course emphasizes critical thinking to deepen understanding of human anatomy and physiology related to the endocrine, cardiovascular, lymphatic, respiratory, digestive, urinary, and reproductive systems.

BIOL1131 : Anatomy & Physiology VLab

Credit Hours: 1
Clock Hours: 0/30/0

Anatomy and Physiology VLab is a virtual laboratory experience. This course emphasizes critical thinking to deepen understanding of human anatomy and physiology related to the eleven major human body systems.
Co-Requisites: BIOL1301

BIOL1301 : Anatomy & Physiology

Credit Hours: 3
Clock Hours: 45/0/0

Anatomy and Physiology examines the structure and function of the human body and the interrelationships among its systems. Designed for students pursuing careers in the health sciences or related fields, this course provides a foundational understanding of how the body's components work together to maintain homeostasis and sustain life. Topics include cellular structure and function, the integumentary, skeletal, muscular, and nervous systems, as well as the endocrine, cardiovascular, lymphatic, respiratory, digestive, urinary, and reproductive systems. Emphasis is placed on the relationship between anatomical structures and physiological processes, preparing students for advanced study and clinical application in health-related disciplines.

BIOL1301 : Anatomy & Physiology

Credit Hours: 3
Clock Hours: 45/0/0

Anatomy and Physiology examines the structure and function of the human body and the interrelationships among its systems. Designed for students pursuing careers in the health sciences or related fields, this course provides a foundational understanding of how the body's components work together to maintain homeostasis and sustain life. Topics include cellular structure and function, the integumentary, skeletal, muscular, and nervous systems, as well as the endocrine, cardiovascular, lymphatic, respiratory, digestive, urinary, and reproductive systems. Emphasis is placed on the relationship between anatomical structures and physiological processes, preparing students for advanced study and clinical application in health-related disciplines.
Co-Requisites: BIOL1131

BIOL1310 : Anatomy & Physiology I

Credit Hours: 3
Clock Hours: 45/0/0

Anatomy and Physiology I is the first course in a two-part course sequence that examines the structure and function of the human body. Designed for students pursuing careers in health sciences or related fields, this course provides a foundational understanding of how the body's systems work together to sustain life. Topics include cell structure and function, the integumentary, skeletal, muscular, and nervous systems, with an emphasis on the relationships between anatomical structures and physiological processes.
Prerequisites: None

BIOL1320 : Anatomy & Physiology II

Credit Hours: 3
Clock Hours: 45/0/0

Anatomy and Physiology II is the second course in a two-part course sequence that examines the structure and function of the human body. Designed for students pursuing careers in health sciences or related fields, this course provides a foundational understanding of how the body's systems work together to sustain life. Topics include the endocrine, cardiovascular, lymphatic, respiratory, digestive, urinary, and reproductive systems, with an emphasis on the relationships between anatomical structures and physiological processes.
Prerequisites: None

BIOL1330 : Microbiology

Credit Hours: 3
Clock Hours: 45/0/0

Students learn a branch of biology dealing with microscopic forms of life. They learn how microorganisms on humans can be both beneficial and harmful. Students gain insight on different viruses and how they affect humans, the environment, and the future of genetics.
Prerequisites: None

BIOL1405 : Anatomy & Physiology

Credit Hours: 4
Clock Hours: 60/0/0

Anatomy and Physiology examines the structure and function of the human body and the interrelationships among its systems. Designed for students pursuing careers in the health sciences or related fields, this course provides a foundational understanding of how the body's components work together to maintain homeostasis and sustain life. Topics include cellular structure and function, the integumentary, skeletal, muscular, and nervous systems, as well as the endocrine, cardiovascular, lymphatic, respiratory, digestive, urinary, and reproductive systems. Emphasis is placed on the relationship between anatomical structures and physiological processes, preparing students for advanced study and clinical application in health-related disciplines.
Prerequisites: None

BIOL1411 : Anatomy & Physiology I

Credit Hours: 4
Clock Hours: 45/30/0

This course covers the organization of the body and the anatomy and physiology of the cells, tissues and membranes, and various body systems: integumentary, muscular, skeletal, nervous, sensory, and endocrine. The major organs of studied systems and how they relate to the overall status of the body are discussed. Laboratory is three hours per week.
Prerequisites: None

BIOL1421 : Anatomy & Physiology II

Credit Hours: 4
Clock Hours: 45/30/0

This is the second of two courses that covers the organization of the body and the anatomy and physiology of various body systems: cardiovascular, lymphatic, immune, digestive, respiratory, urinary, and reproductive. The major organs of studied systems and how they relate to the overall status of the body are discussed. Laboratory is three hours per week.
Prerequisites: BIOL1411

BIOL1431 : Microbiology

Credit Hours: 4
Clock Hours: 45/30/0

In this course, students learn a branch of biology dealing with microscopic forms of life. They will learn how microorganisms on humans can be both beneficial and harmful. Students will have an insight on different viruses and how they affect humans, the environment and the future of genetics. Laboratory is 3 hours per week.
Prerequisites: None

CHEM1310 : Chemistry

Credit Hours: 3
Clock Hours: 45/0/0

Development and application of concepts, theories, and laws underlying chemistry. Topics in inorganic chemistry, organic chemistry, biochemistry, and properties of both ionic and covalent compounds are covered as well as stoichiometry, atomic and molecular structure, the states of matter, reaction rates, and equilibria.
Prerequisites: None

COMM1310 : Elements of Human Communication

Credit Hours: 3
Clock Hours: 45/0/0

Elements of Human Communication gives students the opportunity to learn and apply practical principles of human interpersonal communication in daily life. Emphasis is placed on the psychological, social, cultural, and linguistic factors that affect normal person-to-person interaction. Through practical application, this course will assist students in improving overall communication and public speaking skills.
Prerequisites: None

CPSO1001 : Career Path Success A

Credit Hours: 0.5
Clock Hours: 15/0/0

In this Career Path Success course students will learn and practice many of the soft skills needed to be successful in a healthcare career. Students will explore attitudes, behaviors and communication skills expected by employers, coworkers and patients. Upon completion of this course, students will better understand the importance of time management, planning and scheduling, managing distractions, and scheduling for specialized populations. Students will also learn how to prioritize time using various methods, create personalized schedules and to-do lists, and manage distractions. The importance of critical thinking in the workplace and scheduling needs for specialized populations is examined.
Prerequisites: None

CPSO1003 : Career Path Success C

Credit Hours: 0.5
Clock Hours: 15/0/0

In this Career Path Success course students will learn and practice many of the soft skills needed to be successful in a healthcare career. Students will explore attitudes, behaviors and communication skills expected by employers, coworkers and patients. Students in this course will explore the importance of the image conveyed through written and verbal communications as well as the impact those communications have on others. Students will explore perceptions of professionalism in the healthcare environment as well as identify basics of financial literacy including budgeting, spending habits and saving.
Prerequisites: None

CPSO1004 : Career Path Success D

Credit Hours: 0.5
Clock Hours: 15/0/0

In this Career Path Success course students will learn and practice many of the soft skills needed to be successful in a healthcare career. Students will explore attitudes, behaviors and communication skills expected by employers, coworkers and patients. In this course students will learn to nurture appropriate and effective co-worker relationships including the importance of protecting confidentiality of patients and co-workers. Students will learn to work effectively in teams in the healthcare environment as well as how to locate potential externship and employment opportunities. Conflict in the healthcare environment is discussed as well as methods of managing and resolving conflict. Basic skills for recognizing illegal drug use are presented and students will understand and be able to appropriately respond to triggers for special needs patients.
Prerequisites: None

CPSO1005 : Career Path Success E

Credit Hours: 0.5
Clock Hours: 15/0/0

In this Career Path Success course students will learn and practice many of the soft skills needed to be successful in a healthcare career. Students will explore attitudes, behaviors and communication skills expected by employers, coworkers and patients. Students will learn why developing good people skills is beneficial in a healthcare environment as well as the necessity of embracing diversity when working with patients and others. The importance of taking responsibility for one's own actions is examined as well as the process for creating an effective resume and the steps necessary for a successful job search.
Prerequisites: None

CPSO1006 : Career Path Success F

Credit Hours: 0.5
Clock Hours: 15/0/0

In this Career Path Success course students will learn and practice many of the soft skills needed to be successful in a healthcare career. Students will explore attitudes, behaviors and communication skills expected by employers, coworkers and patients. In this course students will examine the healthcare job market and identify effective interviewing techniques, interviewer perceptions, as well as interview follow-up. Students will also examine unique situations relating to the elderly and terminally ill.
Prerequisites: None

CPSO1011 : Career Path Success A

Credit Hours: 0.5
Clock Hours: 15/0/0 (Theory 15) (Online 15)

In this Career Path Success course students will learn and practice many of the soft skills needed to be successful in a healthcare career. Students will explore attitudes, behaviors and communication skills expected by employers, coworkers and patients. Upon completion of this course, students will better understand the importance of time management, planning and scheduling, and managing distractions. Students will also learn how to prioritize time using various methods, as well as create personalized schedules and to-do lists. Students will discuss study skills and learn how to form effective study habits. The importance of critical thinking in the healthcare field will also be examined.
Prerequisites: None

CPSO1012 : Career Path Success B

Credit Hours: 0.5
Clock Hours: 15/0/0 (Theory 15) (Online 15)

In this Career Path Success course students will learn and practice many of the soft skills needed to be successful in a healthcare career. Students will explore attitudes, behaviors and communication skills expected by employers, coworkers and patients. This course discusses appropriate attire as well as overall professional image for a healthcare environment. Students will explore attitudes, behaviors and communication skills expected by employers, coworkers and patients. Students in this course will explore the importance of the image conveyed through written and verbal communications as well as the impact those communications have on others.
Prerequisites: None

CPSO1013 : Career Path Success C

Credit Hours: 0.5
Clock Hours: 15 (Theory 15) (Online 15)

In this Career Path Success course students will learn and practice many of the soft skills needed to be successful in a healthcare career. Students will as identify basics of financial literacy including budgeting, spending habits and saving. Students will explore ideas about loan repayment and gain understand of loan interest. Students will also learn about teamwork and conflict resolution in the workplace, as well as explore the idea of drug use and how healthcare providers can identify signs of drug use.
Prerequisites: None

CPSO1014 : Career Path Success D

Credit Hours: 0.5
Clock Hours: 15 (Theory 15) (Online 15)

In this Career Path Success course students will learn and practice many of the soft skills needed to be successful in a healthcare career. Students will learn about helpful tips for short- and long-term career planning, as well as accountability in the workplace. Students will learn how to locate potential externship and employment opportunities. Additionally, students will practice creating a resume, discuss important interview tips, and learn about the importance of interview follow-up.
Prerequisites: None

CPSO1015 : Career Path Success E

Credit Hours: 0.5
Clock Hours: 15/0/0 (Theory 15) (Online 15)

In the Career Path Success courses students will learn and practice many of the soft skills needed to be successful in a healthcare career. Students will learn about confidentiality in healthcare, specifically investigating the Healthcare Insurance Portability and Accountability Act (HIPAA). Students will learn why developing good people skills is beneficial in a healthcare environment as well as the necessity of embracing diversity when working with patients and others. Additionally, students will reflect on the importance of volunteering and community service.
Prerequisites: None

CPSO1016 : Career Path Success F

Credit Hours: 0.5
Clock Hours: 15 (Theory 15) (Online 15)

In the Career Path Success courses students will learn and practice many of the soft skills needed to be successful in a healthcare career. Students will investigate a variety of topics related to serving specialized populations in healthcare. Students will examine unique situations relating to the elderly and terminally ill, as well as homeless patients, patients with autism, and other groups with unique healthcare needs.
Prerequisites: None

CRST1123 : Sterile Processing I

Credit Hours: 1.5
Clock Hours: 36/0/0

This course is designed to provide a comprehensive introduction into the field of sterile processing with insight and overview of the Central Service (CS) department and its technicians. Major subjects covered include Introduction to Sterile Processing Foundations, Anatomy, Microbiology, Point of Use, Decontamination, Disinfection, Surgical and Instruments, regulations and standards, the role of CS in ancillary departments, and success through communication. Related medical/surgical terminology is integrated throughout the course.
Prerequisites: For course pre-requisite information, please refer to the *Programs of Study section* of the catalog.

CRST1133 : Sterile Processing II

Credit Hours: 1.5
Clock Hours: 36/0/0

This course is a continuation of CRST1123 Sterile Processing I. It is designed to provide a comprehensive introduction into the field of sterile processing with insight and overview of the Central Service (CS) department and its technicians. Major subjects covered include processing high and low temperature sterilization, sterile storage, transport, monitoring, ancillary departments, safety, communication and professional development. Related medical/surgical terminology is integrated throughout the course.
Prerequisites: For course pre-requisite information, please refer to the *Programs of Study section* of the catalog.

CRST1244 : Sterile Processing Externship

Credit Hours: 2
Clock Hours: 0/0/80

This Sterile Processing Externship Course is designed to provide students with an immersive experience in the aspects of sterile processing within healthcare settings. Students will gain practical, hands-on training in the decontamination, assembly, sterilization, and distribution of medical equipment, ensuring compliance with industry standards and regulatory requirements. Through supervised externship placements in healthcare facilities, participants will develop proficiency in infection control practices, inventory management, and equipment maintenance, equipping them with the necessary skills to contribute to the seamless and safe functioning of healthcare environments. This course fosters an understanding of the crucial role of sterile processing in safeguarding patient health and promoting efficient healthcare delivery.
Prerequisites: For course pre-requisite information, please refer to the *Programs of Study section* of the catalog.

CRST1310 : Sterile Processing

Credit Hours: 3
Clock Hours: 72 (Theory 64, Lab 8) (Ground 8, Online 64)

This course is designed to provide a comprehensive introduction into the field of sterile processing with insight and overview of the Central Service (CS) department and its technicians. Major subjects covered include introduction to the Central Service sterile processing department, regulations and standards, the role of CS in ancillary departments, and success through communication. Related medical/surgical terminology is integrated throughout the course.
Prerequisites: HPRS1313

CRST1320 : Sterile Processing Externship

Credit Hours: 3
Clock Hours: 128 (Externship 128) (Ground 128)

This course presents students with the opportunity to gain practical experience in a sterile processing work environment. Students will build confidence, skill and competence in the field while honing the skills learned in the classroom.
Prerequisites: HPRS1313, CRST1310

CRST1343 : Sterile Processing Externship

Credit Hours: 3
Clock Hours: 0/0/128

This Sterile Processing Externship Course is designed to provide students with an immersive experience in the aspects of sterile processing within healthcare settings. Students will gain practical, hands-on training in the decontamination, assembly, sterilization, and distribution of medical equipment, ensuring compliance with industry standards and regulatory requirements. Through supervised externship placements in healthcare facilities, participants will develop proficiency in infection control practices, inventory management, and equipment maintenance, equipping them with the necessary skills to contribute to the seamless and safe functioning of healthcare environments. This course fosters an understanding of the crucial role of sterile processing in safeguarding patient health and promoting efficient healthcare delivery.
Prerequisites: HPRS1313, CRST1123, CRST1133

CSCI1310 : Computer Science

Credit Hours: 3
Clock Hours: 45/0/0

This course provides a fundamental explanation of the procedures to utilize hardware and software. The student will explore and practice functions in Windows® operating system, computer software applications, the Internet, hardware basics and network systems. Students will practice essential word processing and spreadsheet skills for the creation and editing of typical documents.
Prerequisites: None

DH101 : Dental Hygiene I

Credit Hours: 5
Clock Hours: 30/90/0

This course is designed to develop basic introductory skills that will be used while providing dental hygiene care in a clinical setting. These skills include infection control, medical/dental histories, vital signs, extraoral and intraoral examination, examination and charting of hard and soft tissues, preventive dentistry, ergonomics, instrumentation, polishing, and fluorides.

DH102 : Dental Hygiene II

Credit Hours: 5.5
Clock Hours: 30/60/80

This course is designed to build on the basic skills acquired in the preclinic course taught in the first term. This course is also taught to aid the student in incorporating higher order thinking skills. The skills in this course include pain and anxiety control, nitrous safety and protocol, advanced instrumentation, power-driven scaling, ultrasonic fundamentals and implant maintenance.
Prerequisites: DH101

DH103 : Dental Radiography

Credit Hours: 3
Clock Hours: 30/30/0

This course provides essential theory, techniques, and radiation basics needed in the dental practice. Focus includes equipment, film processing, mounting, interpretation, and basic techniques. The course also includes the technical aspects of radiation exposure, monitoring, and safety.

DH104 : Dental Materials

Credit Hours: 2
Clock Hours: 15/30/0

This course introduces the Dental Hygienist to a variety of dental materials used in the dental office. It focuses on history, composition, properties, and uses of materials, as well as techniques of manipulation and how this assists the hygienist in a professional capacity. This course enhances the ability of the student to make judgments in a clinic or office regarding the use of dental materials with consideration of how they react in the oral cavity.

DH105 : Dental Anatomy/Tooth Morphology

Credit Hours: 4
Clock Hours: 60/0/0

This course addresses the basic facts of dental anatomy and tooth morphology and offers an introduction to dental terminology. Course content includes histology of enamel, dentin, pulp, periodontal membrane, alveolar bone, oral mucosa, epithelial attachment, and salivary glands.

DH110 : Oral Embryology & Histology

Credit Hours: 3
Clock Hours: 45/0/0

This course deals with cells and tissues of the body, focusing on those tissues composing the head, neck, and oral cavity. Emphasis is placed on dental histology, embryology, general histology, and healing and repair in the oral structures.
Prerequisites: DH105

DH111 : Dental Office Emergencies

Credit Hours: 1
Clock Hours: 15/0/0

This course is developed for the student to obtain new information regarding assessment and management of emergencies in a dental office.

DH201 : Dental Hygiene III

Credit Hours: 5
Clock Hours: 30/0/135

This course will provide the opportunity for the student to continue the development of clinical skills necessary to perform the duties of a dental hygienist. Topics will include principles learned in DH101 and DH102, continuance of treating the patients with special needs.
Prerequisites: DH102

DH202 : Dental Hygiene IV

Credit Hours: 6
Clock Hours: 30/0/185

In this course, the student continues to practice and refine clinical skills and techniques. The lecture series within DH202 will emphasize the evidence-based process as it relates to dental hygiene theory and practice. The student will be exposed to the basic process of critical evaluation of research articles and the writing of specific components of a research project. Assignments are designed to challenge the student to develop basic research skills and techniques.
Prerequisites: DH201

DH203 : Periodontology

Credit Hours: 3
Clock Hours: 45/0/0

This course will provide information and will study periodontal anatomy, normal periodontal tissues, etiology, pathology, and clinical manifestations of periodontal disease. It will address periodontal therapy, including preventive, surgical and nonsurgical methods. Specific topics will include periodontal disease complexity, prevention of the disease, treatment, drug therapy and osseous integration.
Prerequisites: DH105

DH206 : Dental Pharmacology

Credit Hours: 3
Clock Hours: 45/0/0

Study of pharmacology as it affects the clinical practice of dental hygiene. Emphasis is on the drugs and drug groups most commonly used in dentistry. Oral manifestations of drugs prescribed for the dental patients are addressed.

DH207 : Dental Hygiene Seminar

Credit Hours: 2
Clock Hours: 30/0/0

This course is developed for second-year students to obtain new information regarding dental hygiene procedures or practice. Focus on advanced student presentation evaluation. Special emphasis is on presentation and discussion of such topics as case histories, treatment plans, and preventive measures.
Prerequisites: DH202, DH226, DH228

DH209 : Nutrition

Credit Hours: 3
Clock Hours: 45/0/0

Basic principles of chemistry, biochemistry, and nutrition in health and disease with emphasis on the relationship between nutrition and dental caries or periodontal disease. Focus is on nutritional counseling in preventive dentistry.

DH221 : Dental Office Management

Credit Hours: 2
Clock Hours: 30/0/0

This course introduces students to a variety of roles within a dental practice. Techniques of other personnel and professionals within the scope of practice will be introduced. This course enhances the ability of the student to make judgments in a clinic or office regarding the roles of other dental team members. Students learn to step from the traditional role of hygienist into other roles as needed by the employer/dentist.

DH224 : Dental Public Health

Credit Hours: 3
Clock Hours: 45/0/0

Integration of basic dental public health procedures and dental health instruction as they apply in clinical and community settings. Topics include fluoridation, dental sealants, dental screenings, planning and operation of community health programs, and dental health promotion and education activities.

DH226 : Dental Law/Ethics

Credit Hours: 2
Clock Hours: 30/0/0

This course covers the fundamentals of law and ethics for healthcare careers. It concentrates on workplace liabilities and legalities, the law and court system, malpractice, medical records, and informed consented bioethics. Other components of this course will be surveyed briefly through the semester.

DH227 : Board Review

Credit Hours: 3
Clock Hours: 45/0/0

This course is designed to give students the necessary knowledge and practice to successfully take and pass the National Board Dental Hygiene Examination.

DH228 : Oral Pathology

Credit Hours: 3
Clock Hours: 45/0/0

This course provides students with the knowledge of general and oral pathology to provide practical information to aid in the diagnosis of oral injury and disease. The focus is on etiology, clinical features, treatment, and prognosis.
Prerequisites: DH110, DH203

DH252 : Dental Hygiene V

Credit Hours: 5
Clock Hours: 30/0/150

In this course, the student continues to refine clinical techniques and skills. The focus of this class is individual case studies. This class will also provide an overview of dental specialties. Upon completion of this course, the student should be deemed competent in all aspects of dental hygiene clinical care.
Prerequisites: DH202

DNTA1201 : Externship I

Credit Hours: 2.5
Clock Hours: 0/0/115

In the final phase of training, students are placed in a dental clinic setting. This cooperative effort between the school and the dentist's office gives students the opportunity to gain confidence and competence in the field while honing the skills learned in the classroom. While on externship, students are evaluated by the clinical site staff.
Prerequisites: DNTA1324, DNTA1354, DNTA1364, DNTA1374, DNTA1384, DNTA1394

DNTA1202 : Externship II

Credit Hours: 2.5
Clock Hours: 0/0/115

Students will continue to practice their skills in a dental clinic setting. Students will continue to build confidence and competence in the field while honing the skills learned in the classroom. While on externship, students are evaluated by the clinical site staff.
Prerequisites: DNTA1324, DNTA1354, DNTA1364, DNTA1374, DNTA1384, DNTA1394, DNTA1201

DNTA1324 : Infection Control

Credit Hours: 3.5
Clock Hours: 55/40/0

This infection control course equips dental assistants with essential skills for maintaining a safe dental practice. Topics include the role of a dental assistant, microbiology, disease transmission, sterilization, and healthcare regulations. Empower yourself with critical thinking, effective study techniques, and time management strategies to ensure a hygienic and efficient practice.

DNTA1331 : Introduction to Dental Assisting and Dental Terminology

Credit Hours: 3
Clock Hours: 40/40/0

Basic dental principles and infection control practices will be presented with a focus on an introduction to dentistry, dental assisting and dental team roles. Additionally, the course will cover basic dental science.
Prerequisites: None

DNTA1333 : Dental Specialties

Credit Hours: 3
Clock Hours: 40/40/0

Dental specialties will be presented with a focus on discussion on patient populations. Additionally, the course will apply dental assisting skills with specialized patient populations and procedures.
Prerequisites: None

DNTA1335 : Materials and Procedures

Credit Hours: 3
Clock Hours: 40/40/0

Dental material science and theory will be presented with a focus on common dental materials. Additionally, the course will cover application of dental assisting skills in the use of dental materials in dental procedures.
Prerequisites: None

DNTA1337 : Patient Care and Management

Credit Hours: 3
Clock Hours: 40/40/0

Basic principles and ethical decision making skills and a legal overview of dentistry will be discussed and all aspects of dental care delivery in offices including business practices and communication skills. Additionally, the course will cover basic marketing skills for dental assistants.
Prerequisites: None

DNTA1339 : Diagnostics and Orthodontics

Credit Hours: 3
Clock Hours: 40/40/0

Diagnostic and assessment procedures will be presented including basic pharmacology and emergency procedure principles. Additionally, the course will cover dental charting and orthodontics.
Prerequisites: None

DNTA1341 : Dental Radiology

Credit Hours: 3
Clock Hours: 40/40/0

Basic radiology principles and practices will be presented with a focus on radiology theory and safety. Additionally, the course will teach exposure and mounting of radiographs.
Prerequisites: None

DNTA1354 : Dental Specialties

Credit Hours: 3.5
Clock Hours: 55/40/0

Explore Dental Specialties in our comprehensive course. Master dentitions, identify professional dental assistant characteristics, and understand tooth morphology. Delve into fixed prosthodontics, provisional coverage, removable prosthodontics, dental implants, endodontics, periodontal examination, oral/maxillofacial surgery, pediatric dentistry, and orthodontics. Refine communication skills, professionalism, and awareness of drug use and suicide.

DNTA1364 : Materials & Instruments

Credit Hours: 3.5
Clock Hours: 55/40/0

Materials and Instruments is designed to provide students with a deep understanding of the operations within a dental office and the critical aspects of delivering high-quality dental care. The curriculum covers a wide range of topics, ensuring that participants gain the necessary knowledge and skills to excel in the field of dentistry. This course also explores the advantages of honing people skills, emphasizes the importance of diversity in patient and colleague interactions, and provides essential knowledge on crafting effective applications and resumes.

DNTA1374 : Business Operations and Emergencies

Credit Hours: 3.5
Clock Hours: 55/40/0

Within Business Operations and Emergencies, you will learn about the history of dentistry, the dental healthcare team, and the rules and ethics in the field. There will be a focus on communication, business skills, and marketing. You'll gain knowledge in oral anatomy, patient care, and how to handle special cases and medical emergencies. You will also learn to master effective interviewing techniques and understand the significance of responsible action and follow-up.

DNTA1384 : Preventive Dentistry

Credit Hours: 3.5
Clock Hours: 55/40/0

Preventive Dentistry equips students with a comprehensive understanding of dental health. Topics include general anatomy, oral embryology, dentition, oral public health, nutrition, periodontal diseases, coronal polishing, dental caries, sealants, oral pathologies, pharmacology, and anesthesia. You will also delve into financial literacy, responsible borrowing, patient care for autism spectrum disorder, and workplace communication best practices.

DNTA1394 : Radiation Safety

Credit Hours: 3.5
Clock Hours: 55/40/0

Radiation Safety in Dentistry provides a comprehensive exploration of dental radiography, focusing on head and neck anatomy, oral cavity landmarks, and dentitions. Delve into digital imaging techniques, dental film processing, and radiographic equipment foundations. Navigate intraoral and extraoral imaging, emphasizing legal considerations, quality assurance, infection prevention, and HIPAA confidentiality. Cultivate professionalism, effective communication, and networking skills that are vital for dental assistants.

ELEC1710 : Introduction to Electrodiagnosis

Credit Hours: 7
Clock Hours: 120/50/0

This course provides an introduction to electrodiagnosis including history, concepts, techniques, and instruments used in recording physiological activity. Students will engage in a variety of learning activities to explore the Polysomnographic and Neurodiagnostic career fields and establish foundational concepts. Emphasis will be placed on ensuring electrical safety, electrode application, patient care and history, and reviewing normal electrodiagnostic activity. In the lab, students will receive hands-on experience using the International 10-20 System and other ancillary equipment to measure EMG, EKG and respiration. Students will also become familiar with specific Electrodiagnostic verbiage. Students will also learn medical terminology as well as discuss issues related to medical law and ethics.

ENGL1310 : English Composition I

Credit Hours: 3
Clock Hours: 45/0/0

English Composition I introduces students to college-level writing with an emphasis on fundamental grammar and mechanics, research, critical reading, rhetorical awareness, and the writing process. Students learn to use the writing process to create written communication for various purposes and audiences. Through discussion and frequent writing, students strengthen critical thinking and communication skills and gain confidence as academic writers. English Composition I lays the foundation for effective written communication across disciplines and prepares students for the writing demands of college and professional contexts.
Prerequisites: None

HPRS1313 : Healthcare Concepts

Credit Hours: 3
Clock Hours: 64 (Theory 64) (Ground 64)

This course is designed to provide an introduction to the health care environment. Students will cover common Medical Terminology and Anatomy and Physiology used in the health care environment. Focusing on the health care team and delivery systems, students will learn about legal and ethical responsibilities, safety and infection control and interpersonal communication and behaviors. Students will also obtain Basic Life Support (BLS) certification.

HPRS1320 : Foundations for Health Professionals

Credit Hours: 3
Clock Hours: 45/0/0

Foundations for Health Professions introduces students to the foundational medical terminology essential for success in healthcare programs and future coursework in anatomy and physiology. Emphasis is placed on terminology related to body systems, diseases, procedures, and diagnostics. In addition to building a strong medical vocabulary base, this course supports overall student success by teaching essential college readiness skills. Topics include time management, effective study strategies, critical thinking, goal setting, and navigating academic resources. Finally, this course introduces students to the foundational workforce skills identified by Concorde as essential to their workforce readiness, setting the stage or the remainder of their academic and professional journey.
Prerequisites: None

HUMGRO133CR : Human Growth & Development

Credit Hours: 3
Clock Hours: 45/0

Course identifies/discusses all stages in the life span from infancy through late adulthood. Cultural considerations, types of families, changes affecting modern families and family patterns, and qualities of functional families are presented. Related nursing considerations to the various stages of life are included. A student who fails HUMGRO133CR will be withdrawn from the co-requisite course.
Prerequisites: All courses listed in Term 1
Co-Requisites: VN136CR

LEAD151CR : Leadership

Credit Hours: 1
Clock Hours: 20/0

This course introduces management principles and the role the Practical/ Vocational Nurse as a leader and member of the healthcare team. A student who fails LEAD151CR will be withdrawn from the co-requisite course.
Prerequisites: All Courses in Term 1
Co-Requisites: VN152CR

MATH110CR : College Mathematics

Credit Hours: 3
Clock Hours: 45/0

This course covers principles and applications of whole numbers, fractions, decimals, percents, ratio, proportions, measurements, statistics, basic algebra, and geometry. The metric system, the apothecary system, and conversion between systems are presented. Allied health applications are discussed. A student who fails MATH110CR will be withdrawn from the co-requisite course.
Prerequisites: None;
Co-Requisites: VN103CR

MATH1310 : Contemporary Mathematics

Credit Hours: 3
Clock Hours: 45/0/0

In this course, students will learn the theory and application of number sets, logic, numeration systems, number theory and sequencing, equations-inequalities and problem solving, functions and graphs, abstract mathematical systems, probability, and statistics.
Prerequisites: None

MATH1320 : College Algebra

Credit Hours: 3
Clock Hours: 45/0/0

College Algebra covers principles and applications of real numbers, equations, systems of linear equations and inequalities, graphing, exponents, polynomials, rational expressions, roots and radicals, and quadratic equations. This course is designed to expand students' reasoning abilities and teach them to read, write, and think mathematically.
Prerequisites: None

MDCA1201 : Externship I

Credit Hours: 2.5
Clock Hours: 0/0/115

Students in this course will perform clinical and administrative medical assistant functions in a healthcare facility. Students will be supervised and evaluated on skills acquired in the program content courses. Students may perform phlebotomy, injections, patient record maintenance, vital sign measurement, patient exam preparation, and/or other medical assistant duties as assigned by the physician, on-site supervisor, or externship coordinator.

MDCA1202 : Externship II

Credit Hours: 2.5
Clock Hours: 0/0/115

Students in this course will develop a more thorough understanding of the role of a medical assistant in a healthcare facility. Clinical and administrative medical assistant functions are expected to be performed with greater skill, professionalism and understanding. Students will continue to be supervised and evaluated on skills acquired in the program content courses and should have a better awareness of why, how, and when the skills are performed. Students may perform phlebotomy, injections, patient record maintenance, vital sign measurement, patient exam preparation, and/or other medical assistant duties as assigned by the physician, on-site supervisor, or externship coordinator.

MDCA1313 : General Patient Care, Skeletal and Muscular Systems

Credit Hours: 3.5
Clock Hours: 55/40/0

This course will provide an overview of the medical terminology, diseases, and disorders of the skeletal, muscular, integumentary systems. Students will explore the anatomy and physiology of each system along with learning the diagnostic procedures and various treatment resolutions. They will gain an understanding of medical asepsis, first aid and rehabilitative procedures. They will also learn and engage in role playing ethical behaviors and positive communication styles. Students will learn how to apply their critical thinking and clinical skills to prepare them for work in a professional healthcare setting and in the community. In addition, students will learn essential skills in teamwork, effective communication, conflict resolution, and how to recognize signs of drug use.

MDCA1323 : Medical Ethics, Nervous and Sensory Systems

Credit Hours: 3.5
Clock Hours: 55/40/0

This course will provide the basic concepts related to medical terminology, anatomy and physiology, medical ethics, and the nervous and sensory systems. Students will apply positive communication skills, practice diagnostic procedures, perform vital sign procedures, and First Aid CPR. They will learn how to apply critical thinking and clinical skills to prepare them to work in a professional healthcare setting. In addition, students will learn essential skills in time management, planning and scheduling, study skills, critical thinking and learning preferences.

MDCA1333 : Office Procedures, Digestive and Reproductive Systems

Credit Hours: 3.5
Clock Hours: 55/40/0

This course provides the basic concepts related to medical terminology, anatomy and physiology, and common medical assisting practices and disorders associated with the digestive and reproductive systems. You explore procedures for conducting diagnostic and laboratory testing related to digestive and reproductive systems. Completion of this course enhances your positive communication skills and allows you to develop an understanding of medical assisting administrative skills including HIPAA and scheduling. You also learn the uses of electronic medical records. In addition, students will learn essential skills in professionalism and portraying a professional image, professional relationships, and confidentiality.

MDCA1343 : Endocrine, Cardiology, and Professional Communication

Credit Hours: 3.5
Clock Hours: 55/40/0

The course introduces you to the basic concepts related to medical terminology, anatomy and physiology, and common medical assisting practices and disorders associated with the endocrine, immune/lymphatic, and circulatory/cardiovascular systems. You explore the medical assistant's role in diagnostic procedures and demonstrate the professional communication required in a medical office. In addition, students will learn essential skills in professional courtesy and respect in healthcare, generational diversity, cultural awareness, transgender community awareness, and completing an application and resume.

MDCA1353 : Diagnostic Procedures, Hematology, Urinary System & Medical Billing

Credit Hours: 3.5
Clock Hours: 55/40/0

The course introduces various administrative skills and medical billing. Students will learn medical terminology, anatomy & physiology, and common diseases and disorders of the urinary body system. They learn about the clinical laboratory and the associated safety and regulatory guidelines. They explore diagnostic procedures to include the collection, processing, and testing of blood (venipuncture and capillary punctures) and urine specimens as related to basic hematology and microbiology used in the physician's office laboratory. Students will apply positive communication skills and perform vital sign procedures. In addition, students will learn essential skills in financial literacy, working with patients with Autism Spectrum Disorder, and effective communication in the workplace.

MDCA1363 : Pharmacology, Health Insurance and Respiratory System

Credit Hours: 3.5
Clock Hours: 55/40/0

The course introduces the student to the basic concepts related to medical terminology, anatomy and physiology, and common medical assisting practices and disorders associated with the respiratory system. Students will perform intradermal, subcutaneous, and intramuscular injections, calculate medication dosages, measure, and administer medication. During the course, the student will practice taking vital signs, diagnostic and procedural coding, explore administrative duties, examine financial management, and apply positive communication skills for the office environment. In addition, students will learn essential skills in serving specialized populations in healthcare, understanding healthcare for underserved populations, planning for a career, and interviews and follow-up communication.

MED-SURG121CR : Introduction to Medical-Surgical Nursing

Credit Hours: 2.5
Clock Hours: 40/0

This course introduces the student to head-to-toe client data gathering, care of the pre- and post-operative client, and care of clients with self-care deficits. Asepsis, elements of the infectious process, causes of disease, basic intravenous (IV), practicum (site rate, solution identification), and the body's normal defenses are discussed. Students learn to incorporate the nursing process in the care of pre- and post-operative clients and those with self-care deficits. A student who fails MED-SURG121CR will be withdrawn from the co-requisite course.
Prerequisites: VN101CR, VN102CR, VN103CR, MATH110CR, AP110CR, PHARM110CR;
Co-Requisites: VN125CR

NDTP1100 : Neuroanatomy and Physiology Lab

Credit Hours: 1
Clock Hours: 0/30/0

Students will study the central nervous system through dissection, visual examination and analysis. Primary emphasis will be placed on the clinical correlation of NDT procedures with neuro-anatomical and physiological aspects. Students will become familiar with lab protocols and safety procedures and, through hands on experience, will learn the intricacies of the mammalian brain and how it may be affected by a myriad of neurological diseases.
Prerequisites: PSOM1112, PSOM1216, PSOM2515

NDTP1210 : Evoked Potentials

Credit Hours: 2
Clock Hours: 15/30/0

Students learn the application/evaluation of evoked potential testing, emphasizing the Brainstem Auditory Evoked Responses (BAER), Visual Evoked Responses (VER), and SomatoSensory Evoked Responses (SSEP) studies, and intraoperative monitoring (IONM). The Evoked Potentials class lab component includes the use of appropriate instrumentation, signal averaging, amplifiers, filter settings, electrode placement, patient assessment, stimulation settings, and clinical correlation to the disease process.
Prerequisites: NDTP1310

NDTP1214 : NDT Pattern Recognition

Credit Hours: 2
Clock Hours: 20/30/0

In NDT Pattern Recognition, students will learn to recognize various EEG patterns seen during routine and advanced studies, including responses to activation procedures. Students will also recognize patterns at different machine settings. Students will supply clinical correlation to the disease process, patient's clinical presentation and the patterns displayed.
Prerequisites: NDTP1100, NDTP1215, NDTP1410

NDTP1215 : Neuroanatomy and Physiology

Credit Hours: 2
Clock Hours: 30/0/0

In this course, students will study the structure and function of the brain, spine, and the central nervous system. Primary emphasis will be placed on the clinical correlation of NDT procedures with neuro-anatomical and physiological aspects.
Prerequisites: PSOM1112, PSOM1216, PSOM2515

NDTP1220 : Nerve Conduction Velocities

Credit Hours: 2
Clock Hours: 15/30/0

Students are familiarized with nerve conduction velocity study techniques and methods. The lab component for this class includes electrode placement, patient assessment, electromyography, amplifiers, filter settings, stimulator settings, and clinical correlation to the disease process.
Prerequisites: NDTP1310

NDTP1310 : Neuroanatomy & Physiology

Credit Hours: 3
Clock Hours: 30/30/0

Students study, examine, and dissect the brain, spine, and the central nervous system. Primary emphasis is on the clinical correlation of END procedures with the neuroanatomical and physiological aspects.
Prerequisites: None

NDTP1320 : Pharmacology for Health Careers

Credit Hours: 3
Clock Hours: 45/0/0

This course provides a study of drug classifications, actions, therapeutic uses, adverse effects, methods of administration, client education, and calculation of dosages.
Prerequisites: None

NDTP1335 : NDT Clinical Experience I

Credit Hours: 3.5
Clock Hours: 0/0/160

Provides employment-like atmosphere at a clinical site with health-related, work-based experience that enables students to apply specialized occupational theory, skills, and concepts within the field. Direct supervision is provided by a clinical professional.
Prerequisites: NDTP1610

NDTP1410 : Neurodiagnostics I

Credit Hours: 4
Clock Hours: 50/50/0

Neurodiagnostics I covers the basics of Electroencephalography. The student will be introduced to the basic rhythms with appropriate frequency ranges, amplitudes, morphology and clinical significance. Theory and application of various concepts, techniques, and data analysis for clinical electroencephalographs will be covered. Students will become familiar with the specific neurodiagnostic verbiage and the interpretation of the patient medical record documentation and special EEG procedures.
Prerequisites: PSOM1112, PSOM1216, PSOM2515

NDTP1610 : Neurodiagnostics I

Credit Hours: 6
Clock Hours: 50/80/0

This course covers basic electroencephalography. Students are introduced to basic rhythms with appropriate frequency ranges, amplitudes, morphology, and clinical significance. Theory and application of electrical concepts, recording techniques, and data analysis are introduced as well as descriptions of the analog and digital recording systems including power supply, electrodes, differential amplifier concepts, filters (high, low and 60-Hz), electrical safety, input and output, sensitivity, calibration, and the established standards for clinical electroencephalographs. Lab emphasizes patient hook-up, history taking, handling of patients, instrumentation, pattern recognition, activation procedures, artifacts, safety, OSHA, JCAHO, CoA NDT, CPR, infection control, disaster plans, policy and procedure manuals, chemical use and storage, and clinical correlation of the EEG findings in the neurological disease process. Students become familiar with medical terminology, including specific neurodiagnostic verbiage and interpretation of patient medical record documentation, and special EEG procedures.
Prerequisites: None

NDTP2211 : Capstone—International Board Preparation

Credit Hours: 2
Clock Hours: 30/0/0

This course emphasizes preparation for the national registry exam in EEG. An oral/practical exam and comprehensive exams are completed. The course prepares NDT students to be successful and productive members of the allied health workforce. This course encompasses a variety of professional skills and concepts, completes the documentation to participate in final preparations for certification by ABRET, and examines employability skills. Students present and discuss case studies. Course content includes the international boards.
Prerequisites: NDTP1220-NDTP1610, NDTP2310, NDTP2715

NDTP2310 : Neurodiagnostics II

Credit Hours: 3
Clock Hours: 35/20/0

Neurodiagnostics II offers a deeper insight into Neurodiagnostic Technology. The student will study normal and abnormal functional neuro-anatomical and physiological correlation to various illnesses and neurological disease processes, disorders and the integration of the electroencephalographic patterns. The student will learn the maturational patterns from the neonate to geriatric. In the lab component, the student will learn about the various techniques for routine studies and advanced studies for specific diagnosis such as special electrode applications, montage variations, with the use of the varied filters and settings on the NDT machines. Medication and the effect it has on the NDT procedures will also be studied.
Prerequisites: NDTP1100, NDTP1215, NDTP1410

NDTP2312 : NDT Capstone

Credit Hours: 3
Clock Hours: 45/0/0

This course emphasizes preparation for the national registry exam in EEG. The course encompasses a variety of professional skills and concepts in preparation for the R. EEG T. certification by ABRET that includes ASET and ABRET board preparation material. The course prepares NDT students to be successful and productive members of the allied health workforce and examines employability skills.
Prerequisites: NDTP2335, NDTP2611

NDTP2335 : NDT Clinical Experience I

Credit Hours: 3.5
Clock Hours: 0/0/160

NDT Clinical Experience I provides an employment-like atmosphere at a clinical site under direct supervision by a clinical professional. This course provides a health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts within the field of Neurodiagnostics. This course also includes didactic sessions in which students discuss and demonstrate studies they have performed during their clinical experience.
Prerequisites: NDTP1214, NDTP2310

NDTP2336 : NDT Clinical Experience II

Credit Hours: 3.5
Clock Hours: 0/0/160

NDT Clinical Experience II provides an employment-like atmosphere at a clinical site under direct supervision by a clinical professional. Building off NDT Clinical Experience I, this course provides a health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts within the field of Neurodiagnostics. This course also includes didactic sessions in which students discuss and demonstrate studies they have performed during their clinical experience.
Prerequisites: NDTP2335, NDTP2611

NDTP2611 : NDT Advanced Procedures

Credit Hours: 6.5
Clock Hours: 100/0/0

In NDT Advanced Procedures I students will learn the basic principles, application, and evaluation of advanced Neurodiagnostic testing procedures including Evoked Potential Studies (EP), Nerve Conduction Studies (NCS), Long Term Monitoring (LTM), and Intraoperative Neurophysiological Monitoring (IONM).
Prerequisites: NDTP1214, NDTP2310

NDTP2715 : NDT Clinical Experience II

Credit Hours: 7
Clock Hours: 0/0/320

This course builds on the clinical skills acquired in the previous NDT Clinical Experience I course. This health-related, work-based learning experience enables students to apply specialized occupational theory, skills, and concepts within the field. Direct supervision is provided by the clinical professional.
Prerequisites: NDTP1335

NUT122CR : Nutrition

Credit Hours: 3
Clock Hours: 45/0

This course covers the functions and food sources of proteins, carbohydrates, and fats, and identifies current recommendations for intake of each. A discussion is included on the changes in nutrient needs throughout the life cycle and suggestions to ensure adequate nutrition during each stage of life. Students are introduced to standard diets and modifications of diets for disease processes. A student who fails NUT122CR will be withdrawn from the co-requisite course.
Prerequisites: VN101CR, VN102CR, VN103CR, MATH110CR, AP110CR, PHARM110CR;
Co-Requisites: VN125CR

PHARM110CR : Pharmacology

Credit Hours: 3
Clock Hours: 45/0

This course focuses on dosages, applications, side effects, toxicity, and laboratory tests performed to monitor actions and effects of specific drugs. Issues involved with IV (Intravenous) monitoring will be covered. Drug calculation examinations must be passed with a score of 85%. A student who fails PHARM110CR will be withdrawn from the co-requisite course.
Prerequisites: MATH110CR;
Co-Requisites: VN103CR

PHIL1310 : Critical Thinking

Credit Hours: 3
Clock Hours: 45/0/0

This course introduces students to the fundamentals of critical thinking. Students will learn to identify fallacies, assess sources, construct sound arguments, and distinguish between valid and invalid reasoning. Topics include deductive and inductive reasoning, argument structure, basic logical concepts, biases, and evaluating evidence. By the end of the course, students will be equipped to think more clearly, question assumptions, and engage in reasoned discourse in academic and real-world contexts.
Prerequisites: None

PHLB1310 : Phlebotomy Procedures

Credit Hours: 2.5
Clock Hours: 24/40/0

This course provides practical instruction in the field of phlebotomy. Topics discussed include patient preparation, routine and non-routine specimen collection, safety procedures and infection control, documentation, as well as legal, ethical and professional considerations and other roles of a phlebotomist in healthcare. Students will practice phlebotomy skills for venipuncture and capillary punctures in a laboratory setting. A minimum of 30 completed venipunctures and 10 capillary punctures during the laboratory portion are required for successful completion of the course.
Prerequisites: HPRS1313

PNVN1201 : Foundations of Nursing

Credit Hours: 2.5
Clock Hours: 60/0/0

This course introduces the student to the role of a student, basic skills for success, nursing history and trends; nursing ethics; legal aspects of nursing; practical relationships in healthcare, including the role of the vocational and professional nurse; and the continuum of nursing education. The student is given a broad overview of the nurse-client relationship, principles of therapeutic communication, and the cultural diversity of clients. Client care is discussed throughout the life span as guided by the Nursing Process framework within the scope of Practical/ Vocational Nurse practice.

PNVN1202 : College Mathematics

Credit Hours: 2
Clock Hours: 45/0/0

This course covers principles and applications of whole numbers, fractions, decimals, percents, ratio, proportions, measurements, statistics, basic algebra, and geometry. The metric system, the apothecary system, and conversion between systems are presented. Allied health applications are discussed.

PNVN1203 : Fundamentals of Anatomy & Physiology

Credit Hours: 2
Clock Hours: 45/0/0

This course introduces the student to the structure and function of the body. Directions, geometric planes, and cavities of the body are presented. Cells, tissues, organs, and systems are discussed. The major organs of each system and how they relate to the overall status of the body are discussed.

PNVN1204 : Pharmacology

Credit Hours: 2.5
Clock Hours: 45/12/0

This course focuses on dosages, applications, side effects, toxicity, and laboratory tests performed to monitor actions and effects of specific drugs. Drug administration is discussed and illustrated. Issues involved with I.V. (Intravenous) Therapy will be covered.

PNVN1205 : Transition to Practice

Credit Hours: 2
Clock Hours: 46/0/0

This course facilitates the transition of students to the role of the practical nurse within the healthcare system. Focus is placed on theories of leadership and supervision, emergency preparedness, professional development, and transition to practice are synthesized. Standards of safe practice and the significance of functioning according to state regulations and statutes are analyzed. Students will participate in a comprehensive NCLEX-PN® review and prepare to take the national licensure examination.

PNVN1319 : Clinical Practice I

Credit Hours: 3.5
Clock Hours: 0/100/0

This course provides the student with the opportunity to learn and practice basic nursing skills. Safety as a key element in care is introduced. The nursing process is integrated within all components of skill practice. Nursing skills included are data collection and recording, documentation, Activities of Daily Living (ADL) skills, standard precautions, vital signs, and asepsis. Students practice medication administration skills in the lab environment. Basic Life Support certification (BLS) protocol and skills are provided.

PNVN1359 : Clinical Practice V

Credit Hours: 3.5
Clock Hours: 0/0/100

This course provides clinical experiences in women's health, maternity and care for pediatric patients. Students will have the opportunity to practice safe patient care, patient focused communication and apply knowledge and theories learned in the classroom.

PNVN1429 : Clinical Practice II

Credit Hours: 4
Clock Hours: 0/0/120

This course provides the student with the opportunity to practice basic nursing skills with clients in the clinical setting utilizing the nursing process. The student will apply knowledge learned in the classroom, the skills laboratory and in clinical settings with related client assignments. Clinical learning experiences provide opportunity to apply theoretical concepts, promote client centered health and wellness, and implement safe care to clients in a variety of settings across the lifespan.

PNVN1439 : Clinical Practice III

Credit Hours: 4.5
Clock Hours: 0/0/135

Students will have the opportunity to practice nursing skills with patients who have chronic medical surgical conditions while utilizing the nursing process in the clinical setting. Clinical learning experiences provide opportunity to apply theoretical concepts, promote healthy behaviors and implement safe care to patients and selected groups in a variety of settings across the lifespan.

PNVN1449 : Clinical Practice IV

Credit Hours: 4.5
Clock Hours: 135

This course provides the student clinical learning experiences to apply theoretical concepts using the nursing process in areas of gastrointestinal, neurological, reproductive, endocrine systems and immuno-oncology across the lifespan. Patient advocacy and clinical reasoning will be promoted in the clinical setting.

PNVN1451 : Family Health Nursing

Credit Hours: 4
Clock Hours: 60/40/0

This course focuses on psychosocial and physiological integrity of the maternal and pediatric client using the nursing process. Emphasis is placed on the multidisciplinary care of patients with alterations in selected women's and family health situations. This course will prepare students for clinical learning experiences through the application of theoretical concepts and the implementation of safe nursing practices to patients in various healthcare settings.

PNVN1522 : Introduction to Medical-Surgical Nursing

Credit Hours: 5.5
Clock Hours: 124/0/0

This course focuses on nutrition, psychosocial and physiological integrity while providing client centered care of adults. Using the nursing process, components of the head-to-toe data collection will be used to formulate plans of care. Students will study the multidisciplinary care for patients with medical surgical conditions. Consideration of patients with integumentary system alterations will also be discussed. Discussion will include human growth and development, mental health disorders, and health promotion and education. Pre-requisites: PNVN1201, PNVN1202, PNVN1203, PNVN1319. Co-requisites: PNVN1204, PNVN1429.

PNVN1541 : Medical-Surgical Nursing II

Credit Hours: 5
Clock Hours: 111/0/0

Students will review the role of the nurse in providing client centered care in various health care settings. Psychosocial and physiological integrity concepts and multidisciplinary care related to medical surgical alterations associated with gastrointestinal, neurological, reproductive, endocrine systems and immuno-oncology across the lifespan are also examined. Community health nursing is introduced.

PNVN1631 : Medical-Surgical Nursing I

Credit Hours: 6.5
Clock Hours: 141/0/0

This course focuses on psychosocial and physiological integrity and providing client centered care across the lifespan. Students will review multidisciplinary care for patients with medical surgical health alterations using the nursing process. Emphasis is placed on the care of patients with alterations in cardiac, respiratory, genitourinary, musculo-skeletal systems as well as concepts of growth and development.

PSOM1110 : PSG Pattern Recognition

Credit Hours: 1.5
Clock Hours: 30/15/0

In this course students have the opportunity to read and interpret patterns seen during testing procedures. Students will learn how to score Polysomnograms, identify patterns displayed at variations in sensitivity, filter settings, paper speed, montages, and screen display. Students will apply clinical correlation to the disease process, patient's clinical presentation, and the patterns displayed.
Prerequisites: ELEC1710

PSOM1112 : PSG Capstone

Credit Hours: 1
Clock Hours: 30/0/0

This course is designed as a capstone experience to facilitate final preparation for employment in polysomnographic technology and BRPT & RPSGT examination credentialing. Students will demonstrate knowledge and skill competency attainment expected of a polysomnographic technologist. Students will also be required to pass a comprehensive exam based on the current BRPT matrix.
Prerequisites: PSOM1110, PSOM1220, PSOM1610

PSOM1216 : Therapeutic Intervention

Credit Hours: 2
Clock Hours: 30/20/0

This course is designed to develop the advanced expertise required to perform high quality sleep studies including CPAP, BiPAP, BiPAP ST, ASV, AVAPS, iVAPS and supplemental oxygen under the supervision of clinical professionals. Students will be able to apply advanced testing techniques and handle complex types of sleep disorders demonstrating familiarity with pathophysiology, epidemiology and clinical guidelines for sleep disorders and treatment options. Alternative therapies will be discussed as well such as surgical and dental options.
Prerequisites: PSOM1110, PSOM1220, PSOM1610

PSOM1220 : PSG Clinical Preparation & Practice

Credit Hours: 2
Clock Hours: 0/60/0

Students will prepare to perform routine and advanced studies at the clinical sites, including proper performance of activation procedures. Students will also recognize patterns at various machine settings, and supply clinical correlation to the disease process, patient's clinical presentation, and the patterns displayed.
Prerequisites: ELEC1710

PSOM1310 : Polysomnography I

Credit Hours: 3
Clock Hours: 35/20/0

Students learn basic principles and practices of polysomnography. This course and lab component includes specific polysomnographic terminology, instrumentation, patient setup, calibration, waveform recording, monitoring techniques, and required documentation.
Prerequisites: None

PSOM1610 : Polysomnography

Credit Hours: 6.5
Clock Hours: 120/30/0

In this course, students will learn principles and practices of polysomnography. This course and lab component includes testing indicators, specific polysomnographic terminology, instrumentation, required documentation, the patient care process, as well as basic anatomy & physiology of cardiac, respiratory and neurologic systems as they pertain to PSG. In addition, students will take an in-depth look at the various sleep disorders including their classification, diagnosis and treatment. Students will learn the Practice Guidelines for Adult and Pediatric PSG, technical specifications and sleep report calculations, as well as the recording of bio-potentials and data acquisition storage.
Prerequisites: ELEC1710

PSOM2210 : Pattern Recognition

Credit Hours: 2
Clock Hours: 15/30/0

Students have the opportunity to read and interpret patterns seen during various testing procedures. Students recognize various patterns displayed at variations in sensitivity, filter settings, paper speed, montages, and screen display. Students apply clinical correlation to the disease process, patient's clinical presentation, and the patterns displayed.
Prerequisites: None

PSOM2211 : Capstone—International Board Preparation

Credit Hours: 2
Clock Hours: 30/0/0

This course is designed as a capstone experience to facilitate final preparation for employment and BRPT examination credentialing. Students will demonstrate knowledge and skill competency attainment expected of a polysomnographic technologist. Students will also be required to pass a comprehensive exam based on the current BRPT matrix.
Prerequisites: None

PSOM2315 : PSG Clinical Experience I

Credit Hours: 3.5
Clock Hours: 0/0/160

Students report to a sleep lab for a supervised learning experience applying polysomnographic theory, skills, and concepts. Students perform, record, stage, and score sleep studies.
Prerequisites: PSOM1310

PSOM2515 : PSG Clinical Experience

Credit Hours: 5.5
Clock Hours: 4/0/216

Students report to a sleep lab for a supervised learning experience applying polysomnographic theory, skills, and concepts. Students perform, record, stage, and score sleep studies. This course provides a health-related, work-based learning opportunity for students to perform specialized sleep studies. Students will get on-the-job experience to develop professionalism and implement previously discussed policies, procedures, and safety measures in a lab environment. Direct supervision is provided by clinical professionals.
Prerequisites: PSOM1110, PSOM1220, PSOM1610

PSOM2710 : Polysomnography II

Credit Hours: 7
Clock Hours: 90/30/0

This course provides insight into specialized practices in polysomnography. The content emphasizes sleep disorders, medications, advanced testing techniques, analysis of data, and correlation to the established staging and scoring criteria.
Prerequisites: PSOM1310

PSOM2715 : PSG Clinical Experience II

Credit Hours: 7
Clock Hours: 0/0/324

This course provides a health-related, work-based learning opportunity for students to perform specialized sleep studies. Direct supervision is provided by clinical professionals.
Prerequisites: PSOM2315

PSYC1310 : General Psychology

Credit Hours: 3
Clock Hours: 45/0/0

This course provides a general overview of the field of psychology. The scientific nature of psychology and the sociohistorical evolution of the field are reviewed. Students will study the themes and theories related to understanding human behavior. Students will be able to use the skills and knowledge gained in this course in their future classes, the work place, and in their personal relationships. This course will provide a better understanding of human learning and behavior which will lead to success in future classes.
Prerequisites: None

PSYC1320 : Human Growth & Development

Credit Hours: 3
Clock Hours: 45/0/0

This course identifies and discusses all stages in the life span from infancy through late adulthood. A discussion of cultural considerations, types of families, changes affecting modern families and family patterns, and qualities of functional families will be included.
Prerequisites: None

RADT1110 : Positioning I Lab

Credit Hours: 1
Clock Hours: 0/30/0

This course provides practical experience in radiographic positioning for the chest, abdomen, and upper extremities. Students will apply positioning techniques, practice patient communication, and implement safety protocols in simulated radiographic procedures. Emphasis is placed on producing quality images, protecting patients and personnel, and developing professional behavior in a clinical lab setting.
Prerequisites: RADT1300, HPRS1320
Co-Requisites: RADT1210

RADT1120 : Patient Care in Radiology Lab

Credit Hours: 1
Clock Hours: 0/30/0

This course provides guided practice in delivering safe, ethical, and effective patient care in radiologic settings. Students develop hands-on skills in infection control, patient transfers, communication, and basic procedures including contrast administration and emergency response. Emphasis is placed on applying knowledge from the theory course to realistic clinical scenarios, using professional standards and safety protocols to support patient-centered care.
Prerequisites: RADT1300, HPRS1320
Co-Requisites: RADT1220

RADT1122 : Positioning II Lab

Credit Hours: 1
Clock Hours: 0/30/0

This course provides hands-on practice in radiographic positioning of the lower extremities, vertebral column, bony thorax, and the pelvis/hip. Students apply procedural knowledge to simulate routine, trauma, mobile, pediatric, geriatric, and surgical imaging scenarios while reinforcing skills in image evaluation, exposure factor selection, and patient safety. Emphasis is placed on performing radiographic procedures using correct anatomical landmarks, positioning terminology, and equipment operation within a safe and professional lab environment.
Prerequisites: RADT1300, HPRS1320, MATH1320, ENGL1310, BIOL1301, RADT1210, RADT1110, RADT1220, RADT1120
Co-Requisites: RADT1222

RADT1210 : Positioning I

Credit Hours: 2
Clock Hours: 30/0/0

This course provides foundational instruction in radiographic positioning concepts and procedures for the chest, abdomen, and upper extremities. Students learn anatomical relationships, positioning terminology, procedural steps, and the factors that influence image quality. Emphasis is placed on the application of technical knowledge, patient-centered care principles, and the rationale behind procedural choices in radiographic imaging.
Prerequisites: RADT1300, HPRS1320
Co-Requisites: RADT1110

RADT1220 : Patient Care in Radiology

Credit Hours: 2
Clock Hours: 30/0/0

This course introduces students to the essential concepts and responsibilities involved in delivering patient care in radiologic settings. Through the study of communication techniques, safety practices, infection control, and ethical decision-making, students gain a foundation for supporting patients across a variety of clinical scenarios. The course also explores pharmacology, contrast media, and the radiographer's role in emergency situations, emphasizing professional conduct, patient advocacy, and collaboration within the healthcare team.
Prerequisites: RADT1300, HPRS1320
Co-Requisites: RADT1120

RADT1222 : Positioning II

Credit Hours: 2
Clock Hours: 30/0/0

This course builds on foundational radiographic positioning concepts with a focus on the lower extremities, vertebral column, bony thorax, and the pelvis/hip. Emphasis is placed on anatomy, positioning terminology, exposure factor selection, and procedural considerations for both routine and trauma imaging scenarios. Students also explore mobile, pediatric, geriatric, surgical, and interprofessional imaging environments. This course prepares students to apply didactic knowledge in future lab and clinical settings.
Prerequisites: RADT1300, HPRS1320, MATH1320, ENGL1310, BIOL1301, RADT1210, RADT1110, RADT1220, RADT1120
Co-Requisites: RADT1122

RADT1230 : Principles of Exposure

Credit Hours: 2
Clock Hours: 30/0/0

This course introduces the principles of radiographic exposure and image quality in diagnostic imaging. Students explore the relationships between technical factors, equipment operation, and image appearance, with an emphasis on exposure factor selection, image evaluation, and corrective action. Topics include image acquisition systems, radiographic informatics, radiation safety, and common image errors that affect diagnostic quality. The course prepares students to apply exposure science in future environments through analysis of exposure variables and quality standards.
Prerequisites: RADT1300, HPRS1320, MATH1320, ENGL1310, BIOL1301, RADT1210, RADT1110, RADT1220, RADT1120

RADT1300 : Introduction to Radiologic Technology

Credit Hours: 3
Clock Hours: 45/0/0

This course provides an overview of the radiologic sciences profession, focusing on patient care, medical terminology, and the role of radiologic technologists. Students will explore the history and future of radiography, learn proper patient care techniques, and the importance of effective communication and customer service in healthcare.

RADT1310 : Clinical I

Credit Hours: 3.5
Clock Hours: 0/0/160

This course introduces students to the clinical environment of radiologic technology through supervised experience in a healthcare setting. Students begin applying foundational skills in radiographic positioning, patient care, and equipment use while observing clinical workflow and interprofessional communication. Emphasis is placed on professional conduct, safety, and accurate application of concepts learned in the classroom and lab. This course serves as the student's first exposure to direct patient interaction and real-time imaging procedures.
Prerequisites: RADT1300, HPRS1320, MATH1320, ENGL1310, BIOL1301, RADT1210, RADT1110, RADT1220, RADT1120

RADT2130 : Positioning III Lab

Credit Hours: 1
Clock Hours: 0/30/0

This course provides supervised practice of advanced radiographic positioning skills, including procedures involving the digestive, urinary, and reproductive systems, as well as mobile, surgical, trauma, and pediatric imaging. Students perform procedures using radiographic phantoms and lab equipment while demonstrating appropriate patient care, safety, and technical proficiency. Emphasis is placed on image evaluation, equipment operation, and the application of exposure principles for specialized radiographic exams.
Prerequisites: RADT1310, RADT1222, RADT1122, RADT1230
Co-Requisites: RADT2230

RADT2210 : Image Quality & Analysis

Credit Hours: 2
Clock Hours: 30/0/0

This course explores the principles and variables that impact radiographic image quality. Students will examine factors affecting contrast, spatial resolution, distortion, and receptor exposure, and will learn to identify and evaluate technical errors and artifacts. Emphasis is placed on exposure techniques, image critique, equipment calibration, and quality assurance processes within the clinical workflow. This course prepares students to assess and optimize image quality while supporting patient safety and diagnostic accuracy.
Prerequisites: RADT1310, RADT1222, RADT1122, RADT1230

RADT2220 : Pathology

Credit Hours: 2
Clock Hours: 30/0/0

This course explores the nature and classification of disease with an emphasis on radiographic appearance and diagnostic impact. Students will examine how common pathologies affect anatomy, physiology, and image quality across major body systems. Emphasis is placed on terminology, disease processes, and the relationship between pathology, technical factors, and clinical decision-making in radiologic procedures.
Prerequisites: RADT2320, RADT2230, RADT2130, RADT2210

RADT2230 : Positioning III

Credit Hours: 2
Clock Hours: 30/0/0

This advanced radiographic positioning course builds upon foundational principles with a focus on imaging the cranium, facial bones, sinuses, and complex extremity views. Students will engage with specialized procedures, including contrast-enhanced studies of the digestive, urinary, and reproductive systems, as well as arthrography and myelography. Instruction also covers mobile and surgical radiography, with attention to pediatric and trauma-specific adaptations. Emphasis is placed on anatomical relationships, procedural planning, exposure factor selection, patient consent, and safety protocols. Students will explore pharmacologic concepts related to contrast media administration and develop clinical proficiency through image critique, case-based analysis, and preparation for advanced practice environments.
Prerequisites: RADT1310, RADT1222, RADT1122, RADT1230
Co-Requisites: RADT2130

RADT2250 : Advanced Imaging

Credit Hours: 2
Clock Hours: 30/0/0

This course explores specialized radiographic imaging procedures beyond conventional radiography. Students will study advanced modalities such as computed tomography (CT), magnetic resonance imaging (MRI), ultrasound, nuclear medicine, and interventional radiology. Emphasis is placed on understanding indications, procedures, safety considerations, and equipment used in each modality, along with the evolving role of the radiologic technologist.
Prerequisites: RADT2640, RADT2340

RADT2320 : Clinical II

Credit Hours: 3.5
Clock Hours: 0/0/160

This course builds on foundational clinical skills as students advance their performance in radiographic procedures within a supervised clinical environment. Emphasis is placed on applying positioning techniques, exposure factor selection, image evaluation, and patient care across a broader range of imaging exams. Students further develop professional communication, radiation safety practices, and interprofessional collaboration. Clinical experiences reinforce critical thinking, procedural accuracy, and professional behaviors required for competent radiologic practice.
Prerequisites: RADT1310, RADT1222, RADT1122, RADT1230

RADT2330 : Radiographic Physics

Credit Hours: 3
Clock Hours: 45/0/0

This course introduces the fundamental physics concepts underlying radiologic imaging. Students will explore atomic structure, X-ray production, photon interactions with matter, and the function of diagnostic imaging equipment. Emphasis is placed on the application of physics principles to image quality, equipment operation, and radiation safety in clinical practice. This foundational knowledge supports informed decision-making and safe radiographic procedures in professional settings.
Prerequisites: RADT2320, RADT2230, RADT2130, RADT2210

RADT2340 : Radiographic Biology

Credit Hours: 3
Clock Hours: 45/0/0

This course introduces the student to radiation protection concepts and includes a review of the basic interactions of x-radiation with matter. The radiation quantities and units are discussed in relation to limits for exposure to ionizing gradation and protection of the patient and the occupationally exposed personnel during diagnostic radiographic procedures. Cell biology and the structure of the cell are studied in conjunction with the biologic effects of radiation exposure.
Prerequisites: RADT2630, RADT2330, RADT2220

RADT2460 : Registry Review

Credit Hours: 4
Clock Hours: 60/0/0

This final course in the program provides a comprehensive review of the radiologic technology curriculum, reinforcing core concepts in patient care, radiographic procedures, image evaluation, physics, ethics, and radiation protection. Emphasis is placed on integrating previously learned content to support preparation for employment and successful credentialing. Students will identify areas for continued review, apply test-taking strategies, and assess their readiness for the national certification examination.
Prerequisites: RADT2650, RADT2250, PSYC1310, COMM1310

RADT2630 : Clinical III

Credit Hours: 6
Clock Hours: 0/0/270

This course advances the practical application of radiographic skills in a supervised clinical environment. Students perform a broader range of procedures with increasing independence, integrate knowledge of positioning, technique, and image critique, and demonstrate professional conduct in complex patient care scenarios. Emphasis is placed on accuracy, efficiency, and readiness for terminal competencies.
Prerequisites: RADT2320, RADT2230, RADT2130, RADT2210

RADT2640 : Clinical IV

Credit Hours: 6
Clock Hours: 0/0/270

This course builds upon prior clinical experiences, emphasizing the development of precision, confidence, and efficiency in routine and advanced radiographic procedures. Under supervision, students demonstrate greater independence in equipment operation, image evaluation, and patient care. Continued focus is placed on professional conduct, radiation safety, and readiness for terminal competency assessment.
Prerequisites: RADT2630, RADT2330, RADT2220

RADT2650 : Clinical V

Credit Hours: 6
Clock Hours: 0/0/270

This advanced clinical course provides students with extended opportunities to perform routine and complex radiographic procedures with increasing independence and confidence. Emphasis is placed on refining technical skills, critical thinking, communication, and professional judgment in diverse clinical settings. Students apply feedback, demonstrate accountability, and strengthen readiness for advanced clinical responsibilities under supervision.
Prerequisites: RADT2640, RADT2340

RADT2660 : Clinical VI

Credit Hours: 6
Clock Hours: 0/0/270

This capstone clinical course provides students with opportunities to perform radiographic procedures with a high degree of independence and professional responsibility. Emphasis is placed on applying advanced skills, demonstrating sound clinical judgment, and providing safe and effective patient care. Students refine technical abilities, complete clinical objectives, and prepare for professional practice in radiologic technology.
Prerequisites: RADT2650, RADT2250, PSYC1310, COMM1310

SOCI1310 : Introduction to Sociology

Credit Hours: 3
Clock Hours: 45/0/0

This course is a general introduction to the study of sociology, which is the systematic study of human society and the social forces that shape human social life. The goal of this course is to provide students with an overview of how sociology helps us understand human societies, human relationships, group aspects of behavior, and social institutions.
Prerequisites: None

SURG1223 : Applied Microbiology for Surgical Technology

Credit Hours: 2
Clock Hours: 30/0/0

In this course, students will explore the essential role of microbiology in maintaining sterile technique and infection control within the operative setting. They will learn to identify and comprehend the functions of different components of the compound microscope. Additionally, students will compare and contrast the structures and characteristics of diverse microorganisms. Through an in-depth study of the body's immune responses, they will analyze the defense mechanisms deployed against pathogens. By understanding the infectious process, students will gain valuable insights into its implications and significance in the context of surgical practice.

SURG1233 : Surgical Technology I Laboratory

Credit Hours: 2.5
Clock Hours: 0/80/0

This laboratory course provides the practical application of theoretical concepts, patient safety standards, and aseptic principles in alignment with SURG1533. Preoperative applied skills performed in the scrub role are highlighted with an emphasis on industry best practices and the application of critical thinking skills. Critical thinking skills within the operative environment are discussed in the context of patient care, emergency management and all-hazards preparation. Related medical/surgical terminology is integrated throughout the course.
Prerequisites: BIOL1111, BIOL1121, BIOL1310, BIOL1320, SURG1223
Co-Requisites: SURG1533

SURG1533 : Surgical Technology Theory I

Credit Hours: 5.5
Clock Hours: 100/0/0

This course provides a comprehensive introduction into the field of surgical technology and perioperative theory and concepts. Major topics include the surgical technologist's roles and responsibilities, law and ethics in healthcare, safety and standard precautions, and preoperative case management. Perioperative theory and concepts include patient care, fundamentals of aseptic technique, environmental controls, and personnel practices. Related medical/surgical terminology is integrated throughout the course. During this course you will learn proper CPR, learn about Bloodborne Pathogens as well as HIPAA.
Prerequisites: BIOL1111, BIOL1121, BIOL1310, BIOL1320, SURG1223
Co-Requisites: SURG1233

SURG2243 : Surgical Technology Lab II

Credit Hours: 2.5
Clock Hours: 0/80/0

This laboratory course provides practical application of theoretical concepts, patient safety standards, and aseptic principles in alignment with SURG2543. Handling, passing, sterilization and assembly of specialty surgical instrumentation, equipment, and supplies is included. Intraoperative and postoperative case management skills are further emphasized.
Prerequisites: SURG1533, SURG1233
Co-Requisites: SURG2543

SURG2253 : Surgical Technology Lab III

Credit Hours: 2.5
Clock Hours: 0/80/0

This laboratory course provides practical application of theoretical concepts, patient safety standards, and aseptic principles within the mock surgery setting in alignment with SURG2553. Perioperative applied skills performed in the scrub and circulating roles are highlighted with an emphasis on industry best practices and the application of critical thinking skills. Mock surgery scenarios incorporate all skills acquired in previous laboratory courses to prepare the student for clinical experiences and surgical rotations.
Prerequisites: SURG2543, SURG2243
Co-Requisites: SURG2553

SURG2263 : Surgical Technology Clinical Review I

Credit Hours: 2.5
Clock Hours: 50/0/0

This is the first of two courses designed to provide the student with a review of all didactic, laboratory, and clinical knowledge necessary to prepare for success on the Certified Surgical Technologist (CST) examination administered by the National Board of Surgical Technology and Surgical Assisting (NBSTSA) and/or the NCCT. Reviews will be conducted in several forms, including test skills preparation, anatomy & physiology, pharmacology, sterilization concepts, and surgical procedures review.
Prerequisites: SURG2553, SURG2253

SURG2473 : Surgical Technology Clinical Review II

Credit Hours: 4
Clock Hours: 80/0/0

This is the second of two courses designed to provide the student with a review of all didactic, laboratory, and clinical knowledge necessary to prepare for success on the Certified Surgical Technologist (CST) examination administered by the National Board of Surgical Technology and Surgical Assisting (NBSTSA) and/or NCCT. Reviews will be conducted in several forms, including test skills preparation, anatomy & physiology, pharmacology, sterilization concepts, and surgical procedures review.
Prerequisites: SURG2263

SURG2543 : Surgical Technology Theory II

Credit Hours: 5.5
Clock Hours: 100/0/0

This course provides a comprehensive overview of surgical instrumentation, equipment, and supplies and will survey case management concepts. Topics include basic and specialty surgical instrument uses and classifications, wound types and healing, fundamentals of surgical pathophysiology, and postoperative patient care. Critical thinking skills within the operative environment are discussed in the context of surgical anticipation, sterilization, and all-hazards preparation. Related medical/surgical terminology is integrated throughout the course.
Prerequisites: SURG1533, SURG1233
Co-Requisites: SURG2243

SURG2553 : Surgical Technology Procedures

Credit Hours: 5.5
Clock Hours: 100/0/0

This course will introduce students to surgery and primary surgical procedures within basic specialties including Surgical Procedures (Plastic Reconstructive Surgery, Orthopedic Surgery, Obstetric & Gynecologic Surgery, Genitourinary Surgery, Cardiothoracic/ Cardiovascular Surgery, Peripheral Surgery, Neurosurgery, Pediatric Surgery, Emergency Trauma) Related medical/surgical terminology, instrumentation, anatomy, physiology, and pathophysiology are integrated throughout the course.
Prerequisites: SURG2543, SURG2243
Co-Requisites: SURG2253

SURG2573 : Surgical Technology Clinical II

Credit Hours: 5.5
Clock Hours: 0/0/260

In this clinical experience will provide progressive exposure to and experience with diverse surgical procedures of elementary, intermediate, and advanced complexity performed in relation to the practice of surgical technology in multiple specialties within the clinical setting.
Prerequisites: SURG2763

SURG2763 : Surgical Technology Clinical I

Credit Hours: 7
Clock Hours: 0/0/320

In this clinical experience will provide progressive exposure to and experience with diverse surgical procedures of elementary, intermediate, and advanced complexity performed in relation to the practice of surgical technology in multiple specialties within the clinical setting. The learning process is a systematic approach to critical thinking and surgical problem solving focused on the ability of the student surgical technologist to anticipate the needs of the surgical team as well as the patient.
Prerequisites: SURG2553, SURG2253

VN101CR : Personal & Practical/Vocational Concepts

Credit Hours: 2
Clock Hours: 30/0

This course introduces the student to the role of a student, basic skills for success, nursing history, and trends; nursing ethics; legal aspects of nursing; practical relationships in healthcare, including the role of the practical/ vocational and professional nurse; and nursing education. A student who fails VN101CR will be withdrawn from the co-requisite course.
Prerequisites: None;
Co-Requisites: VN103CR

VN102CR : Foundations of Nursing

Credit Hours: 2
Clock Hours: 30/0

This course introduces the student to basic nursing concepts and principles. The student is given a broad overview of the nurse-client relationship, principles of therapeutic communication, and the cultural diversity of clients. Patient care is discussed through the life span, including care of the geriatric client. Death and dying concerns are introduced and discussed. The steps of the nursing process are presented as the framework for determining and meeting client needs within the scope of practice. A student who fails VN102CR will be withdrawn from the co-requisite course.
Prerequisites: VN101CR;
Co-Requisites: VN103CR

VN103CR : Clinical Practice I

Credit Hours: 3
Clock Hours: 0/100

This course provides students with the opportunity to learn and practice in the skills laboratory basic nursing principles and procedures related to meeting the daily needs of clients. Safety as a key element in care is introduced. The nursing process is integrated with an emphasis on all components using standardized nursing language. Nursing skills include gathering data related to vital signs, bed/bath of the client, skin care, standard precautions, asepsis, basic care procedures, and activities of daily living (ADL) support skills. Documentation is emphasized and the student is introduced to providing appropriate client information. The Nursing student is introduced to computers and the Windows environment. The student is given the skills necessary for Basic Life Support certification (CPR).
Prerequisites: None; Co-requisites: VN101CR, VN102CR, MATH110CR, AP110CR, PHARM110CR

VN123CR : Mental Health Nursing Care

Credit Hours: 1
Clock Hours: 15/0

This course emphasizes nursing care of the client and family, including assisting them in achieving satisfactory/productive ways of coping with daily living and life-style changes. The course discusses eating disorders, alcoholism, drug addiction, anxiety, defense mechanisms, and major mental disorders. A student who fails VN123CR will be withdrawn from the co-requisite course.
Prerequisites: VN101CR, VN102CR, VN103CR, MATH110CR, AP110CR, PHARM110CR;
Co-Requisites: VN125CR

VN124CR : Integumentary Nursing Care

Credit Hours: 1.5
Clock Hours: 24/0

This course emphasizes common diseases and disorders of the integumentary system, including related treatments and pharmacological agents used. The student is provided with the knowledge necessary to use the nursing process in caring for clients with integumentary problems. A student who fails VN124CR will be withdrawn from the co-requisite course.
Prerequisites: VN101CR, VN102CR, VN103CR, MATH110CR, AP110CR, PHARM110CR;
Co-Requisites: VN125CR

VN125CR : Clinical Practice II

Credit Hours: 7
Clock Hours: 0/220

This course presents nursing care and procedures in laboratory and the use of the nursing process while providing client care in clinical settings throughout term 2. Students apply their knowledge learned in the classroom to the skills laboratory scenarios and in a clinical setting with related client assignments. Hours for skills laboratory/clinical setting are designated and concurrent with each course.
Prerequisites: VN101CR, VN102CR, VN103CR, MATH110CR, AP110CR, PHARM110CR; Co-requisites: MED-SURG121CR, NUT122CR, VN123CR, VN124CR, VN125CR

VN131CR : Cardiovascular Nursing Care

Credit Hours: 1.5
Clock Hours: 24/0

This course emphasizes common diseases and disorders of the cardiovascular and lymphatic systems. It includes common related treatments and pharmacological agents used. The student is provided with the knowledge necessary to use the nursing process in caring for clients with cardiovascular and lymphatic diseases and disorders. A student who fails VN131CR will be withdrawn from the co-requisite course.
Prerequisites: MED-SURG121CR, NUT122CR, VN123CR, VN124CR, VN125CR;
Co-Requisites: VN136CR

VN132CR : Respiratory Nursing Care

Credit Hours: 1.5
Clock Hours: 24/0

This course emphasizes common respiratory system disease processes. It also includes related treatments and pharmacological agents used. The student is provided with the knowledge necessary to use the nursing process in caring for clients with respiratory problems. A student who fails VN132CR will be withdrawn from the co-requisite course.
Prerequisites: MED-SURG121CR, NUT122CR, VN123CR, VN124CR, VN125CR;
Co-Requisites: VN136CR

VN134CR : Genito-Urinary Nursing Care

Credit Hours: 1.5
Clock Hours: 24/0

This course emphasizes the common disease processes, treatments, and pharmacological agents used for disorders of the genito-urinary and male reproductive systems. Sexually transmitted diseases are introduced. The student is provided with the knowledge necessary to use the nursing process in caring for clients with renal/urinary and male reproductive problems. A student who fails VN134CR will be withdrawn from the co-requisite course.
Prerequisites: MED-SURG121CR, NUT122CR, VN123CR, VN124CR, VN125CR;
Co-Requisites: VN136CR

VN135CR : Musculoskeletal Nursing Care

Credit Hours: 1.5
Clock Hours: 24/0

This course emphasizes the common disease processes, treatments, and pharmacological agents used for disorders of the musculoskeletal system. The student is provided with the knowledge necessary to use the nursing process in caring for clients with musculoskeletal problems. A student who fails VN135CR will be withdrawn from the co-requisite course.
Prerequisites: MED-SURG121CR, NUT122CR, VN123CR, VN124CR, VN125CR;
Co-Requisites: VN136CR

VN136CR : Clinical Practice III

Credit Hours: 6.5
Clock Hours: 0/200

This course presents nursing care and procedures in the skills laboratory and the use of the nursing process while providing client care in clinical settings throughout term 3. Students will apply their knowledge learned in the classroom to the skills laboratory scenarios and in clinical setting with related client assignments. The hours for skills laboratory and clinical setting are designated and concurrent with each course.
Prerequisites: MED-SURG121CR NUT122CR, VN123CR, VN124CR, VN125CR; Co-requisites: VN131CR, VN132CR, VN134CR, VN135CR, HUMGRO133CR

VN140CR : Gastrointestinal Nursing Care

Credit Hours: 1.5
Clock Hours: 24/0

This course emphasizes the common disease processes, treatments, and pharmacological agents used for gastrointestinal disorders. The student is provided with the knowledge necessary to use the nursing process in caring for clients with gastrointestinal problems. A student who fails VN140CR will be withdrawn from the co-requisite course.
Prerequisites: VN131CR, VN132CR, VN134CR, VN135CR, VN136CR, HUMGRO133CR;
Co-Requisites: VN145CR

VN141CR : Neuro-Sensory Nursing Care

Credit Hours: 1.5
Clock Hours: 24/0

This course emphasizes the common disease processes, treatments, and pharmacological agents used for neuro-sensory disorders. The student is provided with the knowledge necessary to use the nursing process in caring for clients with neuro-sensory problems and disorders of the special senses. A student who fails VN141CR will be withdrawn from the co-requisite course.
Prerequisites: VN131CR, VN132CR, VN134CR, VN135CR, VN136CR, HUMGRO133CR;
Co-Requisites: VN145CR

VN142CR : Endocrine Nursing Care

Credit Hours: 1.5
Clock Hours: 24/0

This course emphasizes the common disease processes, treatments, and pharmacological agents used for endocrine disorders. The student is provided with the knowledge necessary to use the nursing process in caring for clients with endocrine problems. A student who fails VN142CR will be withdrawn from the co-requisite course.
Prerequisites: VN131CR, VN132CR, VN134CR, VN135CR, VN136CR, HUMGRO133CR;
Co-Requisites: VN145CR

VN143CR : Immune System & Oncology Nursing Care

Credit Hours: 1.5
Clock Hours: 24/0

This course focuses on diseases caused by disorders of the immune system. The student is provided with the knowledge necessary to use the nursing process in caring for clients with immunodeficiency disorders. The course includes oncology, its disease process, diagnostic procedures, and treatment modalities. Psychosocial aspects of immunodeficiencies and oncology are considered. A student who fails VN143CR will be withdrawn from the co-requisite course.
Prerequisites: VN131CR, VN132CR, VN134CR, VN135CR, VN136CR, HUMGRO133CR;
Co-Requisites: VN145CR

VN144CR : Community Health Nursing Care

Credit Hours: 1
Clock Hours: 15/0

This course explores the role of the Vocational Nurse in community settings. Home health, hospice, and skilled nursing are discussed. The student is introduced to concepts of terrorism and bioterrorism. The student is provided with the knowledge necessary to use the nursing process in the delivery of comprehensive nursing care as a member of the healthcare team. A student who fails VN144CR will be withdrawn from the co-requisite course.
Prerequisites: VN131CR, VN132CR, VN134CR, VN135CR, VN136CR, HUMGRO133CR;
Co-Requisites: VN145CR

VN145CR : Clinical Practice IV

Credit Hours: 7
Clock Hours: 0/215

This course presents nursing care and procedures in the skills laboratory and the use of the nursing process while providing client care in clinical settings throughout term 4. Students will apply their knowledge learned in the classroom to the skills laboratory scenarios and in clinical setting with related client assignments. The hours for skills laboratory and clinical setting are designated and concurrent with each course.
Prerequisites: VN131CR, VN132CR, VN134CR, VN135CR, VN136CR, HUMGRO133CR; Co-requisites: VN140CR, VN141CR, VN142CR, VN143CR, VN144CR

VN150CR : Maternal & Child Health Nursing Care

Credit Hours: 2.5
Clock Hours: 38

This course emphasizes the common disease processes, treatments, and pharmacological agents used for female reproductive disorders. Included is a study of the childbearing process from pregnancy through birth and the postpartum period. Content reviews normal pregnancy and stresses the high-risk client within each phase of pregnancy. The student is provided with the knowledge necessary to use the nursing process in the care of female clients with reproductive system disorders, normal pregnancy, and high-risk pregnancy. Common childhood diseases and disorders, treatments, pharmacological agents, and the use of nursing process in the care of the ill child from infancy through adolescence are covered. A student who fails VN150CR will be withdrawn from the co-requisite course.
Prerequisites: VN140CR, VN141CR, VN142CR, VN143CR, VN144CR, VN145CR;
Co-Requisites: VN152CR

VN152CR : Clinical Practice V

Credit Hours: 7
Clock Hours: 0/220

This course presents nursing care and procedures in the skills laboratory and the use of the nursing process while providing client care in clinical settings throughout term 5. The student will apply their knowledge learned in the classroom to the skills laboratory scenarios and in a clinical setting with related client assignments. The hours for skills laboratory and clinical setting are designated and concurrent with each course.
Prerequisites: VN140CR, VN141CR, VN142CR, VN143CR, VN144CR, VN145CR; Co-requisites: VN150CR, LEAD151CR, VN154CR

VN154CR : NCLEX Review

Credit Hours: 1
Clock Hours: 16/0

This course presents a review of the Vocational Nursing program with the emphasis on NCLEX questions and the critical thinking necessary for successful completion of the test. A student who fails VN154CR will be withdrawn from the co-requisite course.
Prerequisites: VN140CR, VN141CR, VN142CR, VN143CR, VN144CR, VN145CR;
Co-Requisites: VN152CR

Calendar

2026 Student Holidays

Date	Event
January 1, 2026	New Year's Day
January 19, 2026	Martin Luther King, Jr. Day
May 25, 2026	Memorial Day
June 19, 2026	Juneteenth
July 3, 2026	Independence Day
September 7, 2026	Labor Day
November 11, 2026	Veteran's Day
November 26, 2026	Thanksgiving Day
November 27, 2026	Day after Thanksgiving
December 25, 2026	Christmas Day

Classroom Break Schedules

Dental Assistant, Surgical Technology and Medical Assistant Morning and Afternoon Classes:

Break time from _:00 to _:10 each hour

Dental Assistant, Surgical Technology and Medical Assistant Evening Classes:

Class start at 6:10 p.m. Monday, Tuesday, Wednesday

Breaks:

7:00 - 7:10

8:00 - 8:10

9:00 - 9:10

Class dismissed @ 10 p.m.

Class start at 6:00 p.m. on Thursday and Friday Evening

Breaks:

6:50 - 7:00

7:50 - 8:00

8:50 - 9:00

Class dismissed @ 9:50 p.m.

Vocational Nursing Program:

Class start @ 6:00 Daily

Breaks:

6:50-7:00

7:50-8:00

8:50-9:00

Class dismissed @ 9:50 p.m.

Graduation Dates

Graduation dates are estimated and may vary due to individual students' clinical/externship schedules.

Clinical Schedules

Clinical rotations may consist of up to 12-hour shifts. Shift times may vary and may include weekends.

Externship Schedules

Externship schedules may consist of 4-8 hour shifts during the daytime hours.

General Education classes may be morning and/or afternoon sessions or online.

Hours of Operation

Classroom - Open at least 15 minutes before/after each scheduled class. Administration - 8 a.m. - 8 p.m. Monday - Thursday and 8 a.m. - 5 p.m. Friday LRC - 7:30 a.m. - 7 p.m. Monday - Friday unless posted.

Program Delivery

Programs at this institution utilize residential instruction delivery methods.

Sterile Processing Technician (Diploma)[3]	$3,200.00	$-	$25.00	$3,225.00

1. These prices are subject to change based on market conditions beyond the control of Concorde. Concorde does try to ensure rates are below competitive market rates, however, there may be situations in which you are able to purchase some of these items elsewhere at a lower cost. Students have the right to opt out of purchasing certain items from Concorde as long as they obtain these resources prior to the course start date. A student's account will not be charged for any item the student chooses to purchase independently. However, if a student opts out of a digital ebook and/or digital content item and later accesses or uses that digital content through Concorde's system, the student will be responsible for the full cost of the digital content at the then-current rate. This ensures students do not improperly access materials they have chosen not to purchase. A list of books and supplies associated with your program of study can be found on the Concorde website (www.concorde.edu). A hard copy can be provided by the campus upon request.

Payments may be paid by cash, personal check, money order, cashier's check, MasterCard, Discover or Visa. Attendance will be suspended in cases of nonpayment according to payment schedule.

The Texas Board of Nurse Examiners does require each candidate to provide two fingerprint cards with their application for licensure. Students will be responsible for any fees required when they obtain these fingerprint cards from local police departments.

2. Application Fee of $100.00 is required for this program.

3. This program is not eligible for any Federal Financial Aid or VA programs.

INCIDENTAL FEES

All incidental fees are the responsibility of the student and must be paid prior to receiving any item.

Fee	Amount
Additional Diploma	$10.00
*Transcripts are ordered through Parchment	$10.00
Copies	$0.10/copy
**Repetition Fee (per credit hour)	50% of the cost per credit hour
Replacement Key Swipe Card	$5.00
Replacement Student ID Card	$5.00
***Retest for Waitlist	$60.00
Returned Check Fee	$15.00

*Subsequent official transcripts are ordered through Parchment.

**In order to determine the cost per credit hour, divide the amount of tuition stated above by the total number of credit hours in your program.

***Retake fee after passing all HESI cut scores to improve ranking.

Please view fees below:

Digital Official Transcript through Parchment:$7.50

Printed Official Transcript through Parchment:

USPS Shipping: $2.75 + $7.50 = $10.25

USPS International: $5.75 + $7.50 = $13.25

FedEx Domestic: $33.00 + $7.50 = $40.50

FedEx International: $60.00 + $7.50 = $67.50

Cost of Attendance

Your cost of attendance (COA) is an ESTIMATE of the expenses you may encounter while attending Concorde Career College. Your COA includes direct expenses such as tuition and fees, books, course materials supplies, and equipment, and indirect expenses such as living expenses, transportation and other miscellaneous personal expenses associated with your education.

Tuition and direct expenses vary by program and are listed above. The indirect expenses below are based off a monthly average and may be prorated when academic years are shorter or longer. Indirect expenses reflect an average cost of the components that fall within the category. For additional cost of attendance budgets please contact the Financial Aid office.

Indirect Expenses - With Parents

Item	Cost
Food and Housing	$1,590
Transportation	$997
Personal	$978

Indirect Expenses – Off Campus

Item	Cost
Food and Housing	$2,053
Transportation	$1,280
Personal	$1,373
